

2009

**2009
ANNUAL
REPORT
TO THE PRESIDENT
AND THE CONGRESS**

United States
Consumer Product
Safety Commission

United States Consumer Product Safety Commission

Chairman
Inez Tenenbaum

Vice Chairman
Thomas Moore

Commissioner
Nancy Nord

Commissioner
Robert Adler

Commissioner
Anne Northup

Report to the President and Congress Pursuant to Section 209 of the Consumer Product Safety Improvement Act of 2008

The United States Consumer Product Safety Commission (CPSC) is submitting to the President, the Congress, and the public this report as required under section 27(j) (15 U.S.C. 2076(j)) of the Consumer Product Safety Act (CPSA) as amended by the Consumer Product Safety Improvement Act of 2008 (CPSIA). The content of this report is specified in the CPSA and CPSIA. This report describes many of the activities performed to protect the public from hazardous consumer products. Readers may also be interested in CPSC's 2009 Performance and Accountability Report, required by the Government Performance and Results Act. All reports are available on CPSC's Web site www.cpsc.gov.

CPSC (or the Commission), established by Congress in 1972, is the federal regulatory body tasked to protect children and families from unreasonable risks of injuries associated with consumer products. Through the years, the consumer product world has changed dramatically. The production of consumer goods has migrated from the United States to locations all around the world, often in less regulated environments. The number of producers, importers, brokers, distributors and retailers involved in the supply chain has grown exponentially. The entire consumer product world is more complex, and changing rapidly. In recent years, a record number of recalls demonstrated the many challenges of this new consumer product world.

CPSC stands for safety, and has been effective in reducing consumer product-related injury and death rates by using a wide range of strategies to identify and address product safety hazards. These strategies are:

- **Hazard Identification and Monitoring:** collecting information and monitoring injury and death statistics related to the use of products under CPSC's jurisdiction;
- **Safety Standards:** participating in the development and strengthening of voluntary safety standards and developing mandatory standards;
- **Compliance and Enforcement:** enforcing compliance with standards through compliance activities, such as recalls or other corrective actions, and litigating when necessary;
- **Public Outreach:** educating foreign governments, industry, and consumers about product safety standards and issues, alerting the public to safety hazards, and informing them of safe practices; and
- **Intergovernmental Coordination:** coordinating on product safety issues with other governmental stakeholders.

The report is organized around the five strategies noted above.

HAZARD IDENTIFICATION AND MONITORING

The Commission, in fulfilling its mission to protect the public against unreasonable risks of injuries associated with consumer products, collects, reviews and analyzes data on deaths, injuries, and societal costs associated with such products. This section describes the “Incidence of Injury and Effects to the Population” associated with products under the jurisdiction of the Commission. Four tables present summary data by totals and by age groups for:

- Product-related deaths;
- Product-related injuries;
- Percent of emergency room visits resulting in hospitalization; and
- Estimated costs of injuries.

Product-Related Deaths (Table 1). CPSC collects mortality data through contracts with each state. CPSC reviews about 8,000 death certificates each year covering unintentional product-related deaths from all 50 states, the District of Columbia, and New York City. CPSC purchases death certificates that have a high probability of consumer product involvement; therefore these data are a minimal count of deaths. While the deaths and injuries in this table represent product involvement, that involvement does not necessarily indicate causality.

Product-Related Injuries (Table 2). Each year, CPSC collects information about product-related injuries through its National Electronic Injury Surveillance System (NEISS). This unique system provides statistically valid national estimates of product-related injuries from a probability sample of hospital emergency rooms (ER) and is the foundation for many CPSC activities. These injury reports not only provide the means for estimating the magnitude of consumer product-related injuries in the United States, but also provide a source for gathering further information concerning the nature and probable cause of the accident. Several foreign governments have modeled their national injury data collection systems after CPSC’s system. Annually, NEISS supplies over 360,000 product-related cases from a sample of about 100 hospitals. The hospitals transmit incident information electronically and, in some cases, the data are available within 24 hours after an incident. While the deaths and injuries in this table represent product involvement, that involvement does not necessarily indicate causality.

ER Cost Estimation (Tables 3 & 4). To estimate costs of injuries, CPSC employs the Revised Injury Cost Model. The costs reported in this report do not include the costs of consumer product-related injuries that were treated elsewhere, such as in physicians’ offices, health maintenance organizations, and freestanding urgent care clinics. Estimates also do not include the economic losses of fatalities associated with the use of consumer products. These losses may be substantial. Furthermore, cost estimates are not available for many acute and chronic illnesses associated with exposure to chemical hazards. The number and cost of these illnesses are expected to be large.

Product Groups. Products are aggregated into 15 product groupings (see pgs. 9-10). These products are described in the NEISS Coding Manual (2009), Directorate for Epidemiology, U.S. CPSC. (<http://www.cpsc.gov/neiss/completemanual.pdf>)

Additional Data. For products where Commission remedial action has been considered, additional data are collected and analyzed to develop more detailed estimates. Based on interviews with victims or witnesses, the Commission identifies causes of incidents, including the interaction among the person, the product and the environment. Using all the available data, the Commission staff periodically prepares hazard analysis reports for selected products. To learn

whether an analysis for any particular product is available, or to receive general injury data reports or more detailed data than are included in this section, please write to:

National Injury Information Clearinghouse
U.S. Consumer Product Safety Commission
4330 East West Highway, Bethesda, MD 20814

or visit: http://www.cpsc.gov/cpsc/pub/pubs/pub_idx.html. To query NEISS data or learn more about NEISS, please visit: <http://www.cpsc.gov/library/neiss.html>.

Table 1 - Deaths Associated With the Use of Certain Consumer Products**October 1, 2005 - September 30, 2006**

This table presents the latest available estimates of deaths associated with, but not necessarily caused by, the use of consumer products. These data are taken from death certificates the Commission purchases from the states. The time required for collection and processing varies by state, but the majority of death certificates are received within two years of the date of death.

| Product Group | AGE GROUP# | | | | |
|--|------------|---------|------|-------|-------------|
| | Total | Under 5 | 5-24 | 25-64 | 65 And Over |
| Child Nursery Equipment and Supplies | 54 | 52 | 1 | 1 | 0 |
| Toys | 16 | 8 | 4 | 4 | 0 |
| Sports and Recreational Activities and Equipment | 1,864 | 274 | 573 | 802 | 215 |
| Home Communication, Entertainment And Hobby Equipment | 15 | 4 | 4 | 5 | 2 |
| Personal Use Items | 234 | 31 | 21 | 55 | 127 |
| Packaging and Containers for Household Products | 77 | 14 | 18 | 38 | 7 |
| Yard and Garden Equipment | 118 | 4 | 5 | 50 | 59 |
| Home Workshop Apparatus, Tools and Attachments | 104 | 2 | 20 | 62 | 20 |
| Home and Family Maintenance Products | 54 | 4 | 5 | 38 | 7 |
| General Household Appliances | 53 | 3 | 1 | 22 | 27 |
| Space Heating, Cooling and Ventilating Appliances | 102 | 1 | 11 | 53 | 37 |

Note: # "Total" includes incidents where the age was not recorded. Therefore, the aggregated age groups may not equal the total.

**Table 2 - Estimates of Hospital Emergency Room Treated Injuries
Associated with the Use of Certain Consumer Products**

October 1, 2007 - September 30, 2008*

This table presents the estimates of hospital emergency room treated injuries associated with, but not necessarily caused by, the use of consumer products. It is based on data collected from a statistically selected group of hospitals as part of the Commission's National Electronic Injury Surveillance System (NEISS). The NEISS hospital sample has been updated periodically to take into account changes that have occurred in the NEISS sampling frame of emergency departments over time (e.g., including hospital emergency departments opened after the initial sampling frame was constructed). In addition, over time, there have been modifications to the definition of in-scope injuries.

| Product Group | Total | AGE GROUP# | | | |
|--|-----------|------------|-----------|-----------|-------------|
| | | Under 5 | 5-24 | 25-64 | 65 And Over |
| Child Nursery Equipment and Supplies | 84,523 | 64,187 | 6,378 | 12,722 | 1,236 |
| Toys | 171,864 | 73,358 | 64,738 | 30,033 | 3,735 |
| Sports and Recreational Activities and Equipment | 4,294,615 | 179,932 | 2,888,813 | 1,117,934 | 107,936 |
| Home Communication, Entertainment And Hobby Equipment | 185,264 | 26,705 | 52,597 | 83,570 | 22,392 |
| Personal Use Items | 898,529 | 171,507 | 209,405 | 285,674 | 231,943 |
| Packaging and Containers for Household Products | 385,450 | 38,739 | 99,837 | 205,920 | 40,954 |
| Yard and Garden Equipment | 290,463 | 6,944 | 47,926 | 182,272 | 53,321 |
| Home Workshop Apparatus, Tools and Attachments | 348,658 | 10,018 | 70,911 | 226,121 | 41,608 |
| Home and Family Maintenance Products | 151,924 | 28,875 | 37,072 | 74,433 | 11,544 |
| General Household Appliances | 150,636 | 22,687 | 28,833 | 75,269 | 23,847 |
| Space Heating, Cooling and Ventilating Appliances | 125,011 | 24,877 | 31,132 | 55,715 | 13,287 |
| Housewares | 758,742 | 46,079 | 228,745 | 421,543 | 62,376 |
| Home Furnishings and Fixtures | 2,553,331 | 537,213 | 479,617 | 940,369 | 596,132 |
| Home Structures and Construction Materials | 3,742,956 | 428,563 | 947,380 | 1,554,639 | 812,374 |
| Miscellaneous | 279,076 | 51,413 | 105,979 | 91,436 | 30,248 |

*Comparisons with previous Annual Report tables must be done with caution since the NEISS sample was updated on January 1, 1990, and again on January 1, 1997.

Note: # "Total" includes incidents where the age was not recorded. Therefore, the aggregated age groups may not equal the total.

**Table 3 – Percent of Hospitalized Emergency Room Treated Injuries
Associated with the Use of Certain Consumer Products**

October 1, 2007 - September 30, 2008

This table presents the estimated percent of emergency room treated injuries where the injured person was subsequently hospitalized.¹ This table gives some indication of the severity of the injury for which treatment was sought.

| Product Group | Total (%) | AGE GROUP* | | | |
|--|-----------|-------------|----------|-----------|-----------------|
| | | Under 5 (%) | 5-24 (%) | 25-64 (%) | 65 And Over (%) |
| Child Nursery Equipment and Supplies | 5 | 5 | 5 | 3 | 9 |
| Toys | 2 | 2 | 2 | 3 | 17 |
| Sports and Recreational Activities and Equipment | 4 | 4 | 3 | 5 | 18 |
| Home Communication, Entertainment And Hobby Equipment | 5 | 4 | 1 | 3 | 16 |
| Personal Use Items | 11 | 11 | 3 | 6 | 23 |
| Packaging and Containers for Household Products | 4 | 7 | 2 | 2 | 12 |
| Yard and Garden Equipment | 6 | 5 | 3 | 4 | 12 |
| Home Workshop Apparatus, Tools and Attachments | 4 | 5 | 3 | 3 | 8 |
| Home and Family Maintenance Products | 5 | 7 | 2 | 3 | 15 |
| General Household Appliances | 4 | 3 | 1 | 2 | 16 |
| Space Heating, Cooling and Ventilating Appliances | 4 | 2 | 2 | 4 | 12 |
| Housewares | 2 | 5 | 1 | 1 | 7 |
| Home Furnishings and Fixtures | 8 | 2 | 2 | 5 | 24 |
| Home Structures and Construction Materials | 9 | 3 | 2 | 5 | 29 |
| Miscellaneous | 5 | 5 | 4 | 4 | 18 |

Note: *"Total" includes incidents where the age was not recorded. Therefore, the aggregated age groups may not equal the total.

¹ The estimated number of injuries that resulted in hospitalization is listed as a percent of the total number of emergency room treated injuries.

Table 4 - Estimates of the Cost of Emergency Room Treated Consumer Product Injuries

October 1, 2007 - September 30, 2008
(in millions of dollars)

This table is derived by applying the Commission's Revised Injury Cost Model² to the injury estimates of hospital emergency room treated injuries calculated in Table 2.³ Injury cost estimates are adjusted to 2004 price levels using the employment cost index and the per capita medical care consumption expenditure.

| Product Group | Total | AGE GROUP# | | | |
|---|------------|------------|-----------|-----------|-------------|
| | | Under 5 | 5-24 | 25-64 | 65 And Over |
| Child Nursery Equipment and Supplies | \$ 3,476 | \$ 3,026 | \$ 166 | \$ 256 | \$ 28 |
| Toys | \$ 3,729 | \$ 1,674 | \$ 1,280 | \$ 657 | \$ 118 |
| Sports and Recreational Activities and Equipment | \$ 129,727 | \$ 5,882 | \$ 75,642 | \$ 42,967 | \$ 5,236 |
| Home Communication, Entertainment And Hobby Equipment | \$ 4,791 | \$ 923 | \$ 984 | \$ 2,065 | \$ 819 |
| Personal Use Items | \$ 28,691 | \$ 4,778 | \$ 3,867 | \$ 8,672 | \$11,374 |
| Packaging and Containers for Household Products | \$ 8,081 | \$ 785 | \$ 1,594 | \$ 4,423 | \$ 1,279 |
| Yard and Garden Equipment | \$ 8,754 | \$ 241 | \$ 1,253 | \$ 5,308 | \$ 1,952 |
| Home Workshop Apparatus, Tools and Attachments | \$ 8,926 | \$ 215 | \$ 1,631 | \$ 5,835 | \$ 1,245 |
| Home and Family Maintenance Products | \$ 3,062 | \$ 530 | \$ 470 | \$ 1,660 | \$ 402 |
| General Household Appliances | \$ 4,112 | \$ 775 | \$ 589 | \$ 1,878 | \$ 870 |
| Space Heating, Cooling and Ventilating Appliances | \$ 3,423 | \$ 612 | \$ 657 | \$ 1,596 | \$ 558 |
| Housewares | \$ 13,098 | \$ 1,286 | \$ 3,181 | \$ 7,148 | \$ 1,483 |
| Home Furnishings and Fixtures | \$ 90,885 | \$ 15,924 | \$ 10,201 | \$ 32,203 | \$32,557 |
| Home Structures and Construction Materials | \$ 142,398 | \$ 16,355 | \$ 20,765 | \$ 53,751 | \$51,527 |
| Miscellaneous | \$ 9,620 | \$ 2,061 | \$ 3,041 | \$ 3,043 | \$ 1,475 |

Note: # "Total" includes incidents where the age was not recorded. Therefore, the aggregated age groups may not equal the total.

² the 2000 Injury Cost Model on the CPSC Web site can be found at the following locations:

<http://www.cpsc.gov/library/foia/foia02/os/costmodept1.PDF> and <http://www.cpsc.gov/library/foia/foia02/os/costmodept2.PDF>

³ Estimates are not comparable to estimates in previous reports because of changes in data and methodology.

Product Groups

**1. CHILD NURSERY EQUIPMENT
AND SUPPLIES**

Baby carriages, walkers and strollers
Cribs, playpens and baby gates
High chairs and youth chairs
Miscellaneous

2. TOYS

Children's sports and hobby equipment
Electric trains, cars and accessories
Projectile or flying toys
Toy chests and boxes
Tricycles (children's)
Wagons and other ride-on toys
Miscellaneous

**3. SPORTS AND RECREATIONAL
ACTIVITIES AND EQUIPMENT**

Amusement rides
Archery
ATVs, mopeds, minibikes, etc.
Barbecue grills, stoves and fuel
Baseball/softball
Basketball
BB guns, BB's and pellets
Beach, picnic and camping equipment
Bicycles and accessories
Billiards or pool
Bowling
Boxing
Cheerleading
Curling
Dancing
Darts
Exercise equipment
Fencing
Fishing
Football
Golf
Gymnastics and equipment
Hockey, all kinds
Horseback riding
Horseshoes
Ice or snow boating
Lacrosse, rugby and miscellaneous ball games
Martial arts
Mountain climbing
Playground equipment
Racquet sports
Shuffleboard
Skateboards, Scooters
Skating, all kinds
Snowmobiles

Snow skiing and snow boarding
Soccer
Swimming activity, pools and equipment
Toboggans, sleds, snow discs, etc.
Track and field
Trampolines
Unicycles
Volleyball
Water skiing, tubing and surfing
Wrestling
Miscellaneous

**4. HOME COMMUNICATION,
ENTERTAINMENT AND HOBBY
EQUIPMENT**

Sound recording and reproducing equipment
Television sets and stands
Miscellaneous

5. PERSONAL USE ITEMS

Cigarettes, etc., lighters, lighter fluids and matches
Clothing, all
Coins
Desk supplies
Drug and cosmetic poisonings and chemical burns to children under age 5
Grooming devices
Holders for personal items
Infrared lamps and saunas
Jewelry, watches, keys and key chains
Massage devices
Protection devices (eyes, ears, etc.)
Razors, shavers and razor blades
Miscellaneous

**6. PACKAGING AND CONTAINERS
FOR HOUSEHOLD PRODUCTS**

Cans and other containers
Glass bottles and jars
Paper, cardboard and plastic products

7. YARD AND GARDEN EQUIPMENT

Chain saws
Hand garden tools
Hatchets and axes
Lawn and garden care equipment
Lawn mowers, all types
Other power lawn equipment
Outdoor electric lighting equipment
Pumps
Trimmers and small power garden tools

**8. HOME WORKSHOP APPARATUS,
TOOLS AND ATTACHMENTS**

Automotive accessories and chemicals
Batteries, all types
Battery chargers
Chains
Engines, non-automotive
Hoists, lifts, jacks, etc.
Power home tools (excluding saws)
Power home workshop saws
Welding, soldering, cutting tools
Wires, cords, not specified
Workshop chemicals
Workshop manual tools
Miscellaneous

**9. HOME AND FAMILY
MAINTENANCE PRODUCTS**

Cleaning agents (excluding soaps)
Cleaning equipment, non-caustics
Drain, oven cleaners and caustics
Paints, solvents and lubricants
Polishes and waxes
Soaps and detergents
Miscellaneous

**10. GENERAL HOUSEHOLD
APPLIANCES**

Cooking ranges, ovens, etc.
Irons and clothes steamers
Refrigerators and freezers
Washers and dryers
Miscellaneous

**11. SPACE HEATING, COOLING AND
VENTILATING EQUIPMENT**

Air conditioners
Chimneys and fireplaces
Fans (excluding stove exhaust fans)
Furnaces
Heating stoves and space heaters
Pipes (heating and plumbing)
Radiators
Water heaters
Miscellaneous

12. HOUSEWARES

Cookware
Drinking glasses
Knives, unpowered
Scissors
Skewers and picks
Small kitchen appliances
Tableware and accessories

Miscellaneous

**13. HOME FURNISHINGS AND
FIXTURES**

Bathtub and shower structures
Beds, mattresses and pillows
Blankets
Carpets and rugs
Chairs, sofas and sofa beds
Desks, cabinets, shelves, racks, etc.
Drapery rods and accessories
Electric fixtures, lamps and equipment
Fireplace equipment
Holiday and party supplies
Hot tubs, spas and whirlpools
Ladders and stools
Mirrors and mirror glass
Other miscellaneous furniture and accessories
Scales (excluding baby scales)
Sinks and toilets
Tables
Window, table, chair and bed covers
Miscellaneous

**14. HOME STRUCTURES AND
CONSTRUCTION MATERIALS**

Automatic doors and door openers
Cabinet or door hardware
Ceilings and walls of a completed structure
Counters and counter tops
Fences
Glass doors, windows and panels
Handrails, railings and banisters
Insulation
Nails, carpet tacks, etc.
Non-glass doors and panels
Outside attached structures and materials
Outside unattached structures
Porches, open side floors, etc.
Stairs, ramps, landings and floors
Window and door sills (including frames)
Wood paneling and particleboard
Miscellaneous

15. MISCELLANEOUS PRODUCTS

Alarms and escape equipment
Business and office machines
Dollies and carts
Elevators, Escalators and other lifts
Fireworks and flares
Fuel-burning lighting equipment and fuels
Gasoline and diesel fuels
Generators
Miscellaneous

SAFETY STANDARDS

The Commission reduces consumer product hazards through staff involvement in the development and strengthening of voluntary safety standards and the development of mandatory safety standards. This section presents:

- Mandatory safety standards in effect;
- Voluntary safety standards in which staff participated; and
- Research activities in which staff participated.

1) **Mandatory Safety Standards:** Mandatory standards are usually developed through rulemaking. If a voluntary standard exists, by law, the Commission may not issue a mandatory standard unless it finds that the voluntary standard will not eliminate or adequately reduce the risk of injury or death or that it is unlikely that there will be substantial compliance with the voluntary standard. During the rulemaking process, staff seeks input from all interested parties, including consumers, industry, and other government agencies. The CPSC usually develops performance standards, rather than design standards, to give manufacturers the most flexibility. Examples of mandatory standards under development include portable generators, upholstered furniture, and cribs.

On August 14, 2008, the President signed the Consumer Product Safety Improvement Act of 2008 (CPSIA) into law. The CPSIA directs the Commission to implement numerous rulemakings and other official Commission actions intended to enhance the safety of consumer products. Over 40 separate rules or rulemaking activities were mandated by the CPSIA. Rulemakings, related rulemaking activities, and official actions mandated or initiated by the CPSIA include a catalogue labeling rule, an all-terrain vehicle (ATV) rule, procedures for handling lead exclusions, accreditation procedures for adherence to various consumer product safety standards, and rules relating to twelve categories of durable infant and toddler products.

2) **Voluntary Safety Standards:** CPSC staff works with organizations that facilitate the development of voluntary standards. Staff participates in the development of voluntary standards at a number of steps in the process. Staff first submits recommendations for new standards, or modifications of existing standards, to voluntary standards organizations. After receiving CPSC staff recommendations, the organizations may conduct technical assessments (as appropriate), publish a proposal for public comment, receive and evaluate comments, or publish a standard. This process may take months or several years. Staff participates in the process by providing expert advice, technical assistance, and information based on data analyses of how deaths, injuries, and/or incidents occurred. CPSC's voluntary standards policy does not permit staff to vote on proposed changes or new standards. Staff's comments are considered, however, throughout the process.

The CPSIA added authority for the Commission in certain cases, to specify by rule that a product or product class that does not comply with a voluntary standard is a substantial product hazard under the CPSA. This will facilitate obtaining corrective actions when products that do not comply with such voluntary standards are found in commerce. The Commission currently is developing rules under this authority.

3) **Research Activities:** CPSC staff conducts and sponsors many research and study projects in furtherance of its activities to improve product safety and reduce or eliminate potential hazards associated with consumer products. The findings from such projects may be used by

Safety Standards

staff to develop and refine positions on voluntary and mandatory product safety standards. Examples include smoke alarms, portable generators and imported drywall.

1) **Mandatory Safety Standards**⁴

TITLE 16--COMMERCIAL PRACTICES
CHAPTER II--CONSUMER PRODUCT SAFETY COMMISSION
As published on CPSC website on October 1, 2009.
(For more detail click on each link)

| Part | |
|----------------------|--|
| 1201 | Safety standard for architectural glazing materials |
| 1202 | Safety standard for matchbooks |
| 1203 | Safety standard for bicycle helmets |
| 1204 | Safety standard for omnidirectional citizens band base station antennas |
| 1205 | Safety standard for walk-behind power lawn mowers |
| 1207 | Safety standard for swimming pool slides |
| 1209 | Interim safety standard for cellulose insulation |
| 1210 | Safety standard for cigarette lighters |
| 1211 | Safety standard for automatic residential garage door operators |
| 1212 | Safety standard for multi-purpose lighters |
| 1213 | Safety standard for entrapment hazards in bunk beds |
| 1301 | Ban of unstable refuse bins |
| 1302 | Ban of extremely flammable contact adhesives |
| 1303 | Ban of lead-containing paint and certain consumer products bearing lead-containing paint |
| 1304 | Ban of consumer patching compounds containing respirable free-form asbestos |
| 1305 | Ban of artificial emberizing materials (ash and embers) containing respirable free-form asbestos |
| 1306 | Ban of hazardous lawn darts |
| 1401 | Self pressurized consumer products containing chlorofluorocarbons: Requirements to provide the Commission with performance and technical data; requirements to notify consumers at point of purchase of performance and technical data |
| 1402 | CB base station antennas, TV antennas, and supporting structures |
| 1404 | Cellulose insulation |
| 1406 | Coal and wood burning appliances--notification of performance and technical data |
| 1407 | Portable generators: requirements to provide performance and technical data by labeling |
| 1420 | Requirements for all terrain vehicles |
| 1500 | Hazardous substances and articles; administration and enforcement regulations |
| 1501 | Method for identifying toys and other articles intended for use by children under 3 years of age which present choking, aspiration, or ingestion hazards because of small parts |
| 1505 | Requirements for electrically operated toys or other electrically operated articles intended for use by children |
| 1507 | Fireworks devices |
| 1508 | Requirements for full-size baby cribs |
| 1509 | Requirements for non-full-size baby cribs |
| 1510 | Requirements for rattles |
| 1511 | Requirements for pacifiers |
| 1512 | Requirements for bicycles |

- [1616](#) [Standard for the flammability of children's sleepwear: Sizes 7 through 14 \(FF 5-74\)](#)
- [1630](#) [Standard for the surface flammability of carpets and rugs \(FF 1-70\)](#)
- [1631](#) [Standard for the surface flammability of small carpets and rugs \(FF 2-70\)](#)
- [1632](#) [Standard for the flammability of mattresses and mattress pads \(FF 4-72, amended\)](#)
- [1633](#) [Standard for the flammability \(open flame\) of mattress sets \(Eff. 7-1-07\)](#)
- [1700](#) [Poison prevention packaging](#)
- [1750](#) [Standard for devices to permit the opening of household refrigerator doors from the inside](#)

Further, recent statutes have created standards under the CPSIA including (1) limits on certain phthalates in children's toys and child care articles; (2) standards for portable gasoline containers; and (3) standards for swimming pool and spa drain covers. Congress has also legislated bans on lead content in children's products, butyl and volatile alkyl nitrites and lowered the ban on lead in paint to 90 ppm.

Other CPSIA Rules and Amendments⁵:

[1420](#) [Requirements for all terrain vehicles](#)

Final rule (11/14/2008) CPSIA required CPSC to publish in the Federal Register as a mandatory consumer product safety standard the American National Standard for Four Wheel All-Terrain Vehicles Equipment Configuration, and Performance Requirements developed by the Specialty Vehicle Institute of America (American National Standard ANSI/SVIA 1-2007).

[1303](#) [Ban of lead-containing paint and certain consumer products bearing lead-containing paint](#)

Final rule. (8/14/2009) CPSC amended its regulations concerning the ban of lead-containing paint and certain consumer products bearing lead containing paint. Section 101(f)(1) of CPSIA mandates that 0.06 percent lead limit of 16 CFR 1303.1 be reduced to 0.009 percent, effective August 14, 2009.

[1500.20](#) [Labeling requirement for advertising toys and games.](#)

Final rule. (2/10/2009) Section 105 of the CPSIA required the Commission to issue a final rule with respect to advertising for certain toys and games in catalogues and other printed materials. The final rule details requirements regarding the size and placement of the cautionary labeling and the use of abbreviated warnings. The rule exempts catalogues circulated solely between businesses from the rule's requirements, except where the recipient business is one that could be expected to be purchasing the product for the use of children rather than for resale. The Commission provided a grace period of 180 days, or until August 9, 2009, during which catalogues and other printed materials printed *prior to* February 10, 2009 may be distributed without the required cautionary statements.

⁵ Does not include administrative or exemption rulemakings.

[1500.87 Children's products containing lead: inaccessible component parts.](#)

Final rule. (8/7/2009) CPSC issued a final rule providing guidance as to what product components or classes of components will be considered to be "inaccessible." Section 101(b)(2)(A) of CPSIA provided that the lead limits shall not apply to any component part of a children's product that is not accessible to a child through normal and reasonably foreseeable use and abuse. Section 101(b)(2)(B) of the CPSIA required the Commission to issue a rule providing guidance with respect to what product components, or classes of components, will be considered to be inaccessible.

[1500.91 Children's Products Containing Lead: Proposed Determinations Regarding Lead Content Limits on Certain Materials or Products](#)

Final rule. (8/26/2009) The Commission issued a final rule on determinations that certain materials do not exceed the lead content limits specified under section 101(a) of the CPSIA. The effect of the Commission determination is to relieve the material or product from the testing requirement of section 102 of the CPSIA for purposes of supporting the required certification. However, if the material or product changes such that it exceeds the lead limits of section 101(a) of the CPSIA, then the determination is not applicable to that material or product.

1215 Safety Standard for Infant Bath Seats

Notice of proposed rulemaking. (9/3/2009)⁶ CPSIA requires the CPSC to promulgate consumer product safety standards for durable infant or toddler products. These standards are to be "substantially the same as" applicable voluntary standards or more stringent than the voluntary standard if the Commission concludes that more stringent requirements would further reduce the risk of injury associated with the product. The Commission proposed a safety standard for infant bath seats in response to the direction under section 104(b) of the CPSIA.

1216 Safety Standard for Infant Walkers

Notice of proposed rulemaking. (9/3/2009)⁶ CPSIA requires the CPSC to promulgate consumer product safety standards for durable infant or toddler products. These standards are to be "substantially the same as" applicable voluntary standards or more stringent than the voluntary standard if the Commission concludes that more stringent requirements would further reduce the risk of injury associated with the product. The Commission proposed a safety standard for infant walkers in response to the direction under section 104(b) of the CPSIA.

1500 Revocation of Regulation Banning Certain Baby-Walkers and Similar Products

Notice of proposed rulemaking. (9/3/2009)⁷ CPSC proposed revoking certain regulations pertaining to baby-bouncers, walker-jumpers, baby-walkers, and similar products. CPSC is taking this action because the regulations, which originally were issued in 1971, are outdated and do not provide the degree of safety that is provided by currently manufactured baby-walkers that comply with a more effective voluntary standard. This action will eliminate confusion about whether manufacturers should certify that their products comply with these regulations or with the new proposed mandatory safety standard for infant walkers.

⁶ Reflects the date of publication.

Voluntary Standards Adopted in 2009

The following voluntary standards became mandatory in 2009:

- Toy standard: Section 106(a) of the CPSIA mandated that the toy standard ASTM F963-07 be considered to be a consumer product safety standard issued by the Commission under section 9 of the Consumer Product Safety Act effective February 10, 2009.
- Toy standard: On May 11, 2009, the Commission accepted the proposed revisions to ASTM F963-08 with the exception of the proposed revision to the toy chest provision. ASTM F963-08 is the new 2008 version of the toy standard, which contains revisions to several sections. Also, section 106(g) of the CPSIA declared any revision to the toy standard be considered a consumer product safety standard.
- All Terrain Vehicles (ATVs): Section 232 of the CPSIA amended the CPSA to add a new section 42; section 42(a)(1) directed the Commission to publish in the Federal Register ANSI/SVIA-1-2007 relating to ATVs as a mandatory consumer product safety standard. The standard became effective April 13, 2009.

Other voluntary standards made mandatory by Congress and enforced by the Commission in 2009 include:

- Child Resistant Gasoline Containers: The Children's Gasoline Burn Prevention Act enacted in 2008 made ASTM F2517-05 a consumer product safety standard under section 9 of the CPSA.
- Drain Covers: The Virginia Graeme Baker Pool and Spa Safety Act enacted in 2008 made ASME/ANSI A112.19.8 a consumer product safety rule under the CPSA.

2) Voluntary Safety Standards

CPSC issues the [Voluntary Standards Tracking and Access Report](#) (VSTAR) on a semi-annual basis. The report includes the objective of the standard under development, the name of the employee leading each activity, and the status of the standard. A summary from the 2009 annual report is provided below for convenience. The Web address for the report is: <http://www.cpsc.gov/library/foia/foia10/brief/fy09volstds.pdf>

Fifty new, revised, or reaffirmed voluntary safety standards, for which the CPSC staff monitored or provided technical support, were completed during the period from 10/1/08 to 9/30/09. These addressed artificial turf, bath seats, bed rails (2 standards), bicycles (2), blind cords, booster seats, cribs (commercial and non full size), furniture (2), gas cans, generators (portable), heaters (electric), recreational helmets (2), high chairs, infant carriers (frame - 2), infant carriers (hand-held), infant carriers (soft - 2), infant gates, infant swings, ladders, playground equipment (home - 2), playground surfacing (4), soccer goals, stationary activity centers, strollers (2), toddler beds, toys, tree stands (5), window guards (2) and youth folding chairs.

In total, the CPSC staff provided technical support (summarized in the VSTAR) or monitored the development of 39 voluntary safety standards. The vast majority of voluntary standards development activities are managed by three standards development/coordinating organizations: ASTM International (previously called the American Society for Testing and Materials), the American National Standards Institute (ANSI), and Underwriters Laboratories Inc. (UL). These standards provide safety provisions addressing potential hazards associated with consumer products found in homes, schools, and recreational areas.

3) Research Activities

Commission staff conducts studies and investigates deaths, injuries, diseases and economic loss associated with consumer products. This research is used to identify hazardous products and to design effective strategies to reduce product hazards. In 2009, CPSC staff conducted or participated in the following research:

Imported Drywall Research

In response to this emerging hazard, CPSC launched an extensive investigation requiring substantial resources to analyze information about imported drywall to determine the nexus between the drywall and the reported health and corrosion issues. As of the end of October 2009, CPSC had received nearly 1,900 incident reports from residents in 30 states about health and corrosion symptoms. CPSC is committed to providing answers and solutions to these homeowners. CPSC has developed an online *Drywall Information Center* (www.DrywallResponse.gov).

- CPSC led an interagency task force to investigate possible health and corrosion risks from imported drywall with support from the Environmental Protection Agency, the Centers for Disease Control and Prevention/Agency for Toxic Substances and Disease Registry, the U.S. Department of Housing and Urban Development, and the Department of Homeland Security. Since the beginning of the investigation, these federal agencies have had weekly calls to discuss and share information about the investigation and to review technical data and test plans.
- CPSC staff has conducted more than 700 telephone interviews with affected homeowners and 809 in-depth investigations.
- CPSC is working closely with the Department of Homeland Security to identify shipments of imported drywall. CPSC identified hundreds of thousands of stockpiled boards and notified the warehouses where they are stored of CPSC's ongoing investigation. CPSC requested that the warehouses notify CPSC if they sell, transfer, or dispose of any drywall from their inventory.

Studies conducted so far have discovered certain differences between Chinese and non-Chinese drywall.

- An elemental and chemical analysis of drywall samples shows the presence of elemental sulfur in Chinese, but not in non-Chinese drywall. It also shows higher concentrations of strontium in Chinese drywall than in non-Chinese drywall. Testing conducted over the summer by federal and state agency radiation laboratories found no radiation safety risk to families in homes built with manufactured drywall. The strontium found in this drywall does not pose a radiological risk. (www.cpsc.gov/info/drywall/TabA.pdf)
- Ongoing chamber emission studies conducted at Lawrence Berkeley National Laboratory found that Chinese drywall emits higher levels of total volatile sulfur compounds than non-Chinese drywall. As specific chemical characterization data becomes available from the chamber testing, CPSC staff plans to conduct a comprehensive exposure and risk assessment. Staff expects to receive data in spring 2010 and to complete the exposure and risk assessment based on that data in the same timeframe. (www.cpsc.gov/info/drywall/TabB.pdf)

- A joint federal and state team tested the air quality in 10 homes in Florida and Louisiana to identify and measure contaminants. Concentrations of two known irritant compounds, acetaldehyde and formaldehyde, were detected in both homes with and without Chinese drywall, and at concentrations that could exacerbate conditions such as asthma in sensitive populations. (www.cpsc.gov/info/drywall/TabC.pdf)

Safety Standards for Cribs and Other Durable Infant or Toddler Products

In 2009, the Commission issued an Advanced Notice of Proposed Rulemaking (ANPR) on cribs (full size and non-full size) to address hazards associated with hardware failures. In addition, staff held a Roundtable on Cribs and Other Sleeping Environments for Infants to consult with interested stakeholders, pursuant of section 104 of the Consumer Product Safety Improvement Act of 2008. Staff presented a comparison of requirements in various standards for cribs and solicited input regarding the adequacy of requirements in addressing hazards to infants, including performance requirements to address durability and requirements for warning labels to address hazards with soft bedding. The event provided an opportunity for attendees to present data, ideas, proposals, or concerns about current or future standards as they relate to the infant sleep environment. In June 2010, staff plans to send a briefing package with a draft proposed crib rule to the Commission for its consideration. In addition, in 2010, staff will send briefing packages to the Commission with draft final rules for baby bath seats and infant walkers and with draft proposed rules for toddler beds and bassinets.

Measurement of Lead in Paint

CPSC staff completed a study to evaluate the use of X-Ray Fluorescence (XRF) technology to measure lead in paint. The scope of the study was expanded to include the use of XRF technology to measure total lead in plastics and staff published the results with those of the lead in paint study in August 2009 on the CPSC Web site at: www.cpsc.gov/about/cpsia/leadinpaintmeasure.pdf

ASTM F963 Toy Standard Evaluation

Staff evaluated the adequacy of requirements that address hazards in the following six areas: hazardous magnets; toxic substances; toys with spherical ends; hemispheric-shaped objects; cords, straps, and elastics; and battery-operated toys. Staff consulted with representatives from industry and consumer groups at ASTM International subcommittee meetings on the toy safety standard and requested comments in a Federal Register notice concerning the effectiveness of the standard in the six areas. Staff reviewed and compiled the comments and will use this information for selecting priorities to address in the coming years. Several ASTM work groups are already working on revisions to the voluntary standard to address some of the important issues raised in the public comments. Further, staff has contracted for a scientific report (due to be completed in June 2010) on available acute and chronic toxicity studies to assess the migration of metals from products and the toxicological effects of metals, among other things, as part of the work in evaluating the adequacy of soluble metal content restrictions in F963 toy safety standard.

Phthalates and Phthalate Substitutes

A contractor report of a toxicity review of five phthalate substitutes was completed and staff completed five toxicity reviews for its report. Staff sent the five toxicity reviews out for scientific peer review. A sixth toxicity review, an update of toxicity data for di-isononyl phthalate, is scheduled to be completed in 2010.

Upholstered Furniture

In 2009, the staff conducted large-scale open flame testing at National Institute of Standards and Technology (NIST), and prepared a preliminary analysis to accompany smolder testing planned for 2010. NIST completed research and published a technical note on the Standard Reference Material (SRM) cigarettes for use in the planned smolder testing. CPSC posted the NIST report on its Web site and received public comments on the report. Work at NIST has begun on SRM foam development to assist the CPSC staff's testing program; this work is scheduled to be completed in May 2010 and the staff plans to use the resulting data on foam to help refine the Notice of Proposed Rulemaking (NPR). The staff continued research and testing to assess technical concerns and recommendations in the NPR public comments, and to evaluate alternatives on various elements of the proposed rule. The public comments are at:

www.cpsc.gov/LIBRARY/FOIA/FOIA09/pubcom/nistignition.pdf

Carpet and Rug Standards Amendments

In 2009, staff completed a literature review of laundering procedures used in mandatory and voluntary carpet and rug flammability standards. A draft report of the findings was completed.

Cigarette, Standard Reference Material (Technical Amendment to 16 CFR Part 1632)

In 2009, NIST work on the SRM cigarette was completed. CPSC staff posted a NIST technical note on development of the SRM cigarette (Technical Note 1627; *Modification of ASTM E2187 for Measuring the Ignition Propensity of Conventional Cigarettes*) on the CPSC Web site to obtain public comment. Staff is reviewing comments and will prepare a briefing package with a draft proposed rule in 2010.

Enhanced Smoke Alarms

In 2009, CPSC finalized an Interagency Agreement (IAG) with U.S. Fire Administration (USFA) on research for development of enhanced smoke alarms. CPSC staff participated in meetings and teleconferences with USFA and provided technical support for the development of a statement of work for a research contract, which was awarded to Oak Ridge National Laboratory by USFA. Oak Ridge is researching published patents, journals, and other sources to identify technologies that will assist in the development of an advanced smoke alarm.

Children's Sleepwear Test Manual

In 2009, staff completed a draft Children's Sleepwear Laboratory Test Manual, which is in the clearance process. Staff will finalize the manual and post it on the CPSC Web site in 2010.

Portable Generators

In 2009: (1) staff continued to manage the contract with the University of Alabama (UA) for the development and durability testing of a prototype low carbon monoxide (CO) emission portable generator. Under a contract modification, UA developed and incorporated a shutoff feature on the prototype generator designed to shut off the engine when performance begins to degrade due to operation in an oxygen depleted environment; (2) NIST conducted numerous performance characterizations needed to establish prototype performance under expected field conditions. NIST began experiments to document performance of a shut-off equipped prototype, the results of which will verify acceptable shut-off performance as well as provide information to UA for further refinement; and (3) staff established an IAG with NIST to develop a method to relate a maximum "acceptable" CO exposure limit profile to the CO emission performance of a portable generator operated in a foreseeable manner. This will result in a reasonable set of performance requirements based solely on health consequences and that are technology independent.

Vented Gas Appliance CO Sensors

In 2009, staff began drafting its report of test results addressing industry concerns associated with the durability and life span of sensors in a gas furnace application. Staff will complete the draft report in 2010.

All Terrain Vehicles (ATVs)

In 2009, staff completed the research activities begun in 2008. These included evaluating ATV metrics (e.g., track width, weight, center of gravity, and moment of inertia), vehicle handling, brake performance, maximum speed, tilt table angles, sensitivity to rider lean, as well as a review of speed limiting devices. Staff prepared a draft status report on youth ATV testing activities. The report will be finalized in 2010.

ATV Data Update

Staff completed development of the draft 2008 Annual Report of ATV-Related Deaths and Injuries in September 2009, as scheduled. The report will be posted on the CPSC Web site in 2010. Additionally, throughout the year, staff provided updated fatality information for the www.atvsafety.gov Web site.

Consumer Opinion Forum

In 2009, the staff completed an analysis of the Ground Fault Circuit Interrupter Receptacle survey results and drafted a report that described these results. This report is currently undergoing clearance for public dissemination. In 2009, the staff also prepared a new survey related to Clothes Dryer Maintenance. CPSC has cleared this survey for public dissemination and staff plans to launch the survey in 2010.

Electrocution Data Update

Staff completed a draft report titled *2005-2006 Electrocutions Associated with Consumer Products* in September 2009. The report will be posted on the CPSC Web site in 2010.

Globally Harmonized System (GHS) for Labeling

The contractor completed a report, *A Side-by-Side Comparison of GHS and the Federal Hazardous Substances Act*, and submitted it to CPSC staff. Staff is currently reviewing the report.

Nanotechnology

Staff signed an IAG with NIST in July 2009 that includes a review of nano FR performance in foam and barriers, and potential releases of these compounds during simulated use conditions. Staff expects that this review will be completed by the end of the 2010 calendar year.

Nursery Equipment Annual Update

Staff developed the draft annual report *Nursery Product-Related Injuries and Deaths Among Children under Age Five*. The report will be posted on the CPSC Web site in 2010.

In accordance with section 104(b) of the Consumer Product Safety Improvement Act (CPSIA) of 2009, staff also conducted analyses to characterize injury and fatality numbers and hazard patterns associated with infant walkers and bath seats. The memoranda documenting these analyses are available to the public in Notices of Proposed Rulemaking packages.

www.cpsc.gov/LIBRARY/FOIA/FOIA09/brief/bathseats.pdf

www.cpsc.gov/LIBRARY/FOIA/FOIA09/brief/infantwalkers.pdf

Sensitizers

In 2008, an external peer review of the staff's report on strong sensitizers was completed. Staff revised its report based upon the peer review comments and drafted a report, including recommendations to implement changes in the supplemental definition of "strong sensitizer."

Pediatric Poisoning Annual Update

In 2009, staff completed and posted to the CPSC Web site the updated annual report *Pediatric Poisoning Fatalities from 1972 through 2006* for children less than five years of age. The report shows that child fatalities have declined substantially since the Poison Prevention Packaging Act became law, from 216 in 1972 to an average of about 29 each year from January 1, 2004, through December 31, 2006.

Pool and Spa Safety

In 2009, the staff prepared the agreement with CDC to assist CPSC in implementing the grant program. CPSC staff has begun work on determining the eligibility, application submission, and application evaluation criteria for grant applicants. CDC, with CPSC participation, will prepare the funding opportunity announcement about the grant program. It is expected that the announcement will be released to the public in 2010.

Pool Submersion Annual Update

In May 2009, staff completed and posted the report entitled *Pool and Spa Submersion: Estimated Injuries and Reported Fatalities, 2009 Report* to the CPSC Web site. There were, on average, 3,100 pool and spa related emergency department-treated submersion injuries each year for 2006 – 2008 and 295 pool and spa related fatalities per year for 2004 – 2006 for children younger than five years of age. Approximately 64 percent of the estimated injuries for 2006 – 2008 and 79 percent of the fatalities for 2004 – 2006 for children younger than five occurred at a residence. The report is at www.cpsc.gov/LIBRARY/poolsub2009.pdf

Table Saws (Blade Guards)

In 2009, staff completed testing of a new blade guard system and a blade-contact detection/reaction system and prepared a draft report of its evaluation. The evaluation included a review of basic table saw operations, blade contact scenarios, and traditional blade contact safety equipment. In its evaluation of the new blade guard design and the detection/reaction system, staff included an analysis of system installation, removal, system use, and operability.

Toys Annual Update

In 2009, staff completed the draft annual report *Toy-Related Deaths and Injuries, Calendar Year 2008*. The report is posted at <http://www.cpsc.gov/library/toymemo08.pdf>.

Staff prepared the following program evaluation reports:

- 2006 Residential Fire Loss Estimates Report, August 2009 www.cpsc.gov/LIBRARY/fire06.pdf
- 2008 Fireworks Annual Report, June 2009 www.cpsc.gov/LIBRARY/2008fwreport.pdf
- Non-Fire Carbon Monoxide Deaths Associated with the Use of Consumer Products, 2006 Annual Estimates www.cpsc.gov/LIBRARY/co09.pdf

COMPLIANCE AND ENFORCEMENT

CPSC learns about potential product defects from many sources, including incident reports, consumer complaints, the Hotline, and the Web site. In addition, firms are required legally to report potential product hazards or violations of standards to the Commission. The Commission works with companies to remove products from the marketplace when they violate mandatory safety standards or are defective by creating a substantial risk of injury. This section presents:

- Voluntary recall orders taken by importers or manufacturers;
- Letters of Advice to importers and manufacturers; and
- Commission determinations and judicial actions.

1) Voluntary Recall Orders Taken by Importers or Manufacturers: Headquarters and field staff identify defective products not covered by regulations through their own investigations of potential product defects. In addition, firms are required by law to report potential product hazards or violations of standards to the Commission. When a recall is necessary, Compliance staff negotiates with the responsible firm. In 2009, CPSC staff completed 465 cooperative recalls (100 percent voluntary) of products that either violated mandatory standards or were defective and presented a substantial risk of injury to the public. If a firm refuses to recall a product voluntarily, CPSC may litigate to require a recall. This section lists the voluntary recalls performed by companies to address possible hazards in 2009.

CPSC developed the Fast Track program to streamline the process of recalls for firms that were willing and prepared to recall their products quickly. Because every defective product presents a risk of injury or death, removing hazardous products from the marketplace faster can prevent more injuries and save more lives. In 2009, 275 of 465 were Fast Track recalls. Recalls under the Fast Track program are conducted without the need for time-consuming hazard analyses and were initiated within 20 days of a firm's report to CPSC over 93 percent of the time in 2009.

2) Letters of Advice to Importers or Manufacturers: Imported products are screened at the port by either CPSC or in coordination with U.S. Customs and Border Protection (CBP). For all products regulated by CPSC, the Commission issues a Letter of Advice when there is a violation of a mandatory standard. It advises the company of the violation and the nature of the necessary corrective action (to correct future production, to stop sale and correct future production or to recall, stop sale and correct future production). This section lists the Letters of Advice sent to Importers and Manufacturers in 2009 where the Commission has received a response from the company confirming the violation, the Commission has decided that the company has completed voluntary correction agreed upon for the company to remedy the hazard, or the CBP has seized the product at the port.

3) Commission Determinations and Judicial Actions: When companies fail to report as required, CPSC can seek civil penalties in U.S. courts. In 2009, CPSC negotiated out of court settlements in which 38 companies voluntarily agreed to pay \$9.8 million in civil penalties to the U.S. Treasury. Both the number of firms and the dollar amount are the largest in CPSC history. This total is expected to increase in the future because the CPSIA allows CPSC to impose significantly higher penalties. Other tools used for enforcement include legal action under either section 12 or section 15(c) or 15(d), federal court actions pursuant to the statutes CPSC administers and pursuit of criminal cases where appropriate. Enforcement and litigation activities are listed in several tables in this section of the report.

1) Voluntary Recall Orders Taken by Importers or Manufacturers

Headquarters and field staff identify defective products not covered by regulations through their own investigations of potential product defects. In addition, firms are required by law to report potential product hazards or violations of standards to the Commission. When a recall is necessary, Compliance staff negotiates with the responsible firm. In 2009, CPSC staff completed 465 cooperative recalls (100 percent voluntary) of products that either violated mandatory standards or were defective and presented a substantial risk of injury to the public. If a firm refuses to recall a product voluntarily, CPSC may litigate to require a recall. This section lists the voluntary recalls performed by companies to address possible hazards in 2009. The next several pages list the recalls agreed to by Manufacturers/Importers in 2009.

(For more detail, visit the electronic version on the CPSC Web site at www.cpsc.gov/cpsc/pub/pubs/reports/2009rpt.pdf and click on the link heading a summary)

October 2008

[PC Notebook Computer Batteries Recalled Due to Fire and Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), about 35,000 (with an additional 65,000 batteries sold worldwide) Lithium-Ion Batteries manufactured by Sony Energy Devices Corporation, of Japan, and used in Hewlett-Packard, Toshiba and Dell Notebook Computers, were recalled. These lithium-ion batteries can overheat, posing a fire and burn hazard to consumers.

[DYMO Recalls Power Adapters Sold with DYMO® Printers Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), DYMO, of Stamford, Conn., is voluntarily recalling about 17,000 DYMO® LabelWriter® Power Adapters used with printers. The power adapters can fail, causing the printer to overheat. This can pose a burn hazard to consumers.

[Fit & Fresh™ Mixers Recalled by MEDport LLC Due to Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), MEDport LLC, of Providence, R.I., is voluntarily recalling about 54,500 Fit & Fresh™ Smooth Blend Mixers. While placing the cup on or off the base of the mixer, the mixer can be unexpectedly turned on, activating the blade. This can pose a serious laceration hazard to consumers.

[Homelite Consumer Products Announce Recall to Repair Chain Saws Due to Chain Brake Failure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Homelite Consumer Products Inc., of Anderson, S.C., is voluntarily recalling about 370,000 Homelite Chain Saws. The chain brake can fail to stop the chain on its first application, posing a risk of laceration to consumers.

[Wooden Toys Recalled by Earth Friendly Due To Choking Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Earth Friendly LLC, of Beaverton, Ore., is voluntarily recalling about 1,000 Wooden Toys. Small parts can detach and break from the toy, posing a choking hazard to young children. In addition, the size of the rattle handle violates voluntary rattle standards.

[Halloween Figurines Recalled by Coyne's & Company for Lead Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Coyne's & Company Inc., of Minneapolis, Minn., is voluntarily recalling about 14,000 Casper the Friendly Ghost® Halloween Mini-Figurines. The recalled Halloween figurines contain high levels of lead in the paint.

[Ghost Tealight Holders Recalled by Trade Associates Group and Crate & Barrel Due to Fire and Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Trade Associates Group Ltd., of Chicago, Ill., and Crate & Barrel, of Northbrook, Ill., are voluntarily recalling about 30,000 Ghost Tealight Holders. The recalled tealight holder can ignite posing a fire and burn hazard to consumers.

[Cybox International Recalls Treadmills Due to Fall Hazard; Can Speed Up Unexpectedly](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Cybox International Inc., of Medway, Mass., is voluntarily recalling about 19,000 Cybox Treadmills. The treadmills can speed up unexpectedly while in use due to a malfunction with the lower control board, posing a fall hazard to consumers.

[Serta International Recalls Mattresses Due to Violation of Federal Mattress Flammability Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Serta International Mattress Co., of Hoffman Estates, Ill., is voluntarily recalling about 6,100 Serta Zipper-Covered Foam Core Mattresses. The mattresses fail to meet the mandatory federal open flame standard for mattresses, posing a fire hazard to consumers.

[Power Adapters Used with Notebook Computers Recalled by Battery-Biz Due To Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Battery-Biz Inc., of Camarillo, Calif., is voluntarily recalling about 1,300 Duracell 130W Combo Power Adapters used with notebook computers. The adapters can fail and overheat. This can pose a burn hazard to consumers.

[Gaming System Batteries and Recharging Station Recalled by LeapFrog Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), LeapFrog Enterprises Inc., of Emeryville, Calif., is voluntarily recalling about 35,500 Rechargeable Batteries and Recharging Station for Didj Custom Gaming System. The rechargeable batteries included with the Recharging Station can overheat if the gaming system is placed into the recharging base upside down, posing a burn hazard to consumers.

[Shimano American Corp. Recalls Wheels for Bicycles; Flat Tire Can Pose Injury Risk to Riders](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Shimano American Corp., of Irving, Calif., is voluntarily recalling about 275 Shimano Dura Ace Carbon Clincher Wheels for Bicycles. Rim surface and spoke hole plugs on the wheel can cause a puncture to the inner tube, resulting in a flat tire. This can cause the rider to lose control and fall.

[YMCA Trading Recalls Lighters Due to Potential Burn Hazard to Children](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), YMCA Trading Inc., of Maspeth, N.Y., is voluntarily recalling about 24,000 “Gas Match” and “Ready, Aim...Fire” Multi-Purpose Lighters. The multi-purpose lighters fail to meet federal safety standards because they might not contain a child-resistant mechanism, posing a potential fire and burn hazard to young children.

[Murray Riding Lawn Mowers Recalled By Briggs & Stratton Power Products Group Due to Fire and Burn Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Briggs & Stratton Power Products Group LLC, of Wauwatosa, Wis., is voluntarily recalling about 2,100 Murray Front Engine Riding Lawn Mowers. The two-piece fuel tanks on the riding mowers can separate at the seam, causing fuel to leak. This can pose fire and burn hazards to consumers.

[Fiesta Recalls to Inspect and Repair Gas Grills Due to Fire and Burn Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Fiesta Gas Grills, of Dickson, Tenn., is voluntarily recalling about 47,000 Blue Ember Gas Grills. The gas grills can be assembled improperly exposing the gas burner hoses to excessive heat, posing fire and burn hazards to consumers.

[Rage Wireless Guitars Used with Popular Video Gaming System Recalled Due to Chemical Burn Risk](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Performance Designed Products LLC, of Sherman Oaks, Calif., is voluntarily recalling about 57,000 Rage Wireless Guitars. A circuit board defect can cause AA batteries used in the guitar to leak if the batteries are installed incorrectly, posing a risk of chemical burns to consumers.

[Infant Death Prompts Recall to Repair 985,000 Delta Enterprise Drop Side Cribs; Missing Safety Pegs Can Cause Entrapment and Suffocation Hazards](#)

The U.S. Consumer Product Safety Commission (CPSC), in cooperation with Delta Enterprise Corp., of New York, New York, is announcing the voluntary recall to replace missing safety pegs involving 985,000 drop side cribs. Failure to use or install safety pegs can cause an entrapment and suffocation risk to infants and toddlers.

[Infant Death Prompts Recall To Repair 600,000 Drop Side Cribs By Delta Enterprise; Spring Peg Failure Can Cause Entrapment and Suffocation Hazards](#)

The U.S. Consumer Product Safety Commission (CPSC), in cooperation with Delta Enterprise Corp., of New York, N.Y., is announcing the voluntary recall today of about 600,000 drop side cribs. The crib's drop side can detach when the spring peg is not engaged, which can cause an entrapment and suffocation risk to infants and toddlers.

[Infant Death Prompts Recall of Convertible Cribs by Playkids USA; Crib Poses Entrapment and Suffocation Hazards](#)

The U.S. Consumer Product Safety Commission (CPSC), in cooperation with Playkids U.S.A. of Brooklyn, N.Y., is announcing today a voluntary recall of about 2,000 convertible cribs. The sides of the convertible crib are made of a mesh that expands, creating a gap between the mattress and the side through which an infant can slip. This poses suffocation and entrapment hazards for young children.

[My Way Corp. Recalls Baby Walkers Due to Stairway Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), My Way Corp., of San Juan, Puerto Rico, is voluntarily recalling about 800 Baby Walkers. The walkers violate the baby walker voluntary standard and can fit through a standard doorway and are not designed to stop at the edge of a step. Babies using these walkers can be seriously injured or killed.

[Fujifilm Recalls Battery Chargers Due to Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Fujifilm U.S.A. Inc., of Valhalla, N.Y., is voluntarily recalling about 5,300 BC-50 Battery Chargers. The plastic portion of the unit's power plug can crack or detach, posing an electrical shock hazard to consumers.

[Toy Boats Recalled Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Dollar General Merchandising Inc., of Goodlettsville, Tenn., is voluntarily recalling about 200,000 Battery Operated Toy "Speed Boats". The two battery terminals can come into contact with each other, causing the battery to overheat, posing a burn hazard to consumers.

[Bar Magnets Recalled by Home Science Tools Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Home Science Tools, of Billings, Mont., is voluntarily recalling about 400 Alnico Bar Magnets. Surface paints on the magnets contain excessive levels of lead, which violates the federal lead paint standard.

[Wireless Headset Batteries Recalled by GN Netcom Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), GN Netcom Inc., of Nashua, New Hampshire, is voluntarily recalling about 525,000 (an additional 675,000 were sold outside the U.S.) GN9120 Wireless Headsets. An internal short circuit in the lithium-ion polymer batteries can cause the batteries to overheat, posing a fire hazard.

[Portable Generators Recalled by General Power Products Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), General Power Products LLC, of Loveland, Ohio, is voluntarily recalling about 13,000 Portable Generators. The generator's fuel valve can be damaged by the cover plate during shipment and cause a fuel leak and fuel spillage during use, posing a fire hazard to consumers.

[Gas Vent Dampers Recalled by Effikal Due to Carbon Monoxide Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Effikal LLC, of Orion, Mich., is voluntarily recalling about 45,000 Automatic Gas Vent Dampers. The automatic gas vent damper could fail, and if the blocked vent switch does not activate, the vent could leak carbon monoxide (CO). This poses a risk of CO poisoning to consumers.

[Hasbro Inc. Recalls to Repair Nerf Blasters; Child's Skin Can Get Caught in Plunger of the Toy](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Hasbro Inc., of Pawtucket, R.I., is voluntarily recalling about 330,000 Nerf™ N-Strike Recon Blasters. The blaster's plunger can pull the user's skin during firing of the toy blaster resulting in injury to the face, neck, and/or chest.

[Rack Room Shoes Recalls Girls' Sandals Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Rack Room Shoes Inc., of Charlotte, N.C., is voluntarily recalling about 11,000 pairs of Girls' Sandals. The ornamental flowers on the sandals can detach, posing a choking hazard to young children.

[CPSC and Chance Rides Manufacturing Announce Recall to Inspect and Repair YO-YO Amusement Rides](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Chance Rides Manufacturing Inc. (CRM), of Wichita, Kansas is voluntarily recalling to inspect and repair about 85 YO-YO amusement rides across the country.

[Coby Electronics Recalls Rechargeable Batteries Sold with Portable DVD/CD/MP3 Players Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Coby Electronics Corp., of Lake Success, N.Y., is voluntarily recalling about 13,000 Rechargeable Batteries sold with portable DVD/CD/MP3 players. The rechargeable batteries can overheat, posing a fire hazard to consumers.

[Outdoor Playset Gliders Recalled by Backyard Play Systems Due to Fall Hazard; New Assembly Instructions Provided](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Backyard Play Systems LLC, of Monroe, Mich., is voluntarily recalling about 500 Heartland/Yardline/Backyard Play Systems Outdoor Playset Gliders. Some of the gliders were shipped with assembly instructions that did not inform consumers to tighten all lock nuts during assembly, including those attached by the manufacturer. As a result, some lock nuts were not fully fastened during assembly which could cause the glider to detach, posing a fall hazard to children.

[Children's Necklaces, CD and MP3 Players Sold at Limited Too and Justice Stores Recalled by Tween Brands Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Tween Brands Inc., of New Albany, Ohio, is voluntarily recalling about 12,000 Children's Ball and Heart Necklaces, Portable CD and MP3 Players. Surface coatings on these products could contain excessive levels of lead, violating the federal lead paint standard.

[Game Chairs Recalled by Brunswick Bowling & Billiards Corp. Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Brunswick Bowling & Billiards Corp., of Lake Forest, Ill., is voluntarily recalling about 1,700 "Colonial" Folding Game Chairs. The retaining washers on the legs can loosen, causing the chair to become unstable. This poses a fall hazard to consumers.

[John Jaques & Son Recalls Lawn Dart Games Due to Risk of Puncture](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), John Jaques & Son Ltd., of Edenbridge, England, is voluntarily recalling about 35 Lawn Dart Games. The darts in the games pose a puncture hazard to young children. Lawn darts were banned in December 1988 to protect children from skull, face and eye puncture wounds.

[Viessmann U.S. Recalls Boilers Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Viessmann Manufacturing Co. Inc., of Canada, is voluntarily recalling about 4,600 Vitodens 200 Boilers. The boiler can leak gas, posing a fire hazard to consumers.

[Pottery Barn Recalls Wooden Hammock Stands Due to Fall and Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Pottery Barn, of San Francisco, Calif., is voluntarily recalling about 30,000 Wooden Hammock Stands. When used outdoors, the wood in the hammock stand can deteriorate over time and break, posing a risk of falls and lacerations to consumers.

[BRP U.S. Inc. Recalls Youth All Terrain Vehicles Due to Collision Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), BRP U.S. Inc., of Sturtevant, Wis., is voluntarily recalling about 1,200 Model Year 2008-2009 Can-Am® Youth ATVs. If the rider is ejected and the cord strap is pulled, the shutoff switch can fail to disable the engine. The ATV can operate uncontrolled, until the engine returns to idle, and cause a collision with bystanders, vehicles or other objects. This poses a serious risk of injury.

November 2008

[Stainless Steel Pots Recalled by Ocean State Jobbers Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Ocean State Jobbers Inc., of North Kingstown, R.I., is voluntarily recalling about 7,000 Century Cookware Stainless Steel Stockpots. The stainless steel pots have metal handles that can detach during use, posing a serious burn hazard to consumers.

[JCPenney Recalls Arizona® Newborn and Infant Pants Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), JCPenney Co., of Plano, Texas, is voluntarily recalling about 24,000 Arizona® Newborn and Infant Denim Pants. The metal snap at the waist can detach posing a choking hazard to infants.

[Heavy Duty Acidic Cleaner Recalled by DuPont Due to Leaking Cap; Poses Risk of Severe Skin Irritation](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), DuPont, of Wilmington, Del., is voluntarily recalling about 20,000 Heavy Duty Acidic Cleaner Bottles. Pressure can build up in a full or nearly full bottle of the acidic cleaner when it is stored in elevated temperatures over an extended period of time, which can result in the cleaner leaking from underneath the cap. If the product comes into contact with skin, it can cause severe skin irritation.

[Candela Recalls Candles Due to Fire and Burn Hazards; Sold Exclusively at Anthropologie Stores](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Candela Group, of New York, N.Y., is voluntarily recalling about 225 Anthropologie Tin Candles. The candle flames could flare up out of the tin container during the burning of the last half inch of wax, posing a fire and burn hazard.

[ImagiPLAY Recalls Bead Maze Toys Due to Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), ImagiPLAY, of Boulder, Colo., is voluntarily recalling about 500 Bead Maze Toys. The trees on the toys can detach, exposing a metal screw. This poses a laceration hazard to young children.

[Watts Water Technologies Recalls Rotor and Shaft Assemblies Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Watts Water Technologies Inc., of North Andover, Mass., is voluntarily recalling about 15 EDP 3112 Rotor and Shaft Assemblies. If the assembly was installed in a fire suppression system and remained in a closed position, sufficient water might not have been available in the event of a fire. This posed a fire hazard to consumers.

[Near Strangulation of Child Prompts Recall to Repair Window Blinds by Green Mountain Vista](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Green Mountain Vista Inc., of Williston, Vt., is voluntarily recalling about 7,300 Insulated Black-Out Roller Shades and Insulated Roman Shades. The black-out roller shades and insulated roman shades have a continuous looped bead chain that when not attached to the wall or floor, hangs loosely by the blind, posing a fatal strangulation hazard to children.

[Strangulation Death of a Child Prompts Recall of Roman Blinds; Sold Exclusively at IKEA](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), about 670,000 IRIS and ALVINE Roman Blinds (an additional 4.8 million were sold outside of the United States), sold exclusively by IKEA Home Furnishings, of Conshohocken, Pa., are being voluntarily recalled. Strangulations can occur when a child places his/her neck in an exposed inner cord on the backside of the roman blinds.

[Brownie's Third Lung Recalls Air Compressors Due to Drowning Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Brownie's Third Lung, of Fort Lauderdale, Fla., is voluntarily recalling about 1,000 Air Compressors. The air compressor's components can fail, which could cause a stoppage of air flow. This poses a risk of drowning to users.

[Target Recalls Dive Sticks Due to Impalement Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Target, of Minneapolis, Minn., is voluntarily recalling about 365,000 Dive Sticks. The recalled dive sticks could remain in an upright position, posing an impalement hazard to young children. CPSC banned pre-weighted dive sticks in 2001.

[Children's Hooded Jackets with Drawstrings Recalled by R&D International Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), R&D International Inc., of Salida, Colo., is voluntarily recalling about 1,500 Young Colors Children's Hooded Jackets. The jackets have drawstrings through the hood and at the waist. Children can get entangled in the drawstrings that can catch on playground equipment, fences or tree branches. In February 1996, CPSC issued guidelines to help prevent children from strangling or getting entangled on the neck and waist drawstring in upper garments, such as jackets and sweatshirts. From 1985 through June 2008, CPSC received reports of 27 deaths and 70 non-fatal incidents involving the entanglement of children's clothing drawstrings.

[GE Recalls to Inspect and Repair Wall Ovens Due to Fire and Burn Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), GE Consumer & Industrial, of Louisville, Ky., is voluntarily recalling about 244,000 GE®, GE Profile™, Monogram® and Kenmore® Wall Ovens. The extreme heat used in the self-clean cycle can escape, if the wall oven door is removed and incorrectly re-attached by the installer or the consumer. This can pose a fire and burn hazard to consumers.

[Lithium-Ion Batteries Used with Bicycle Lights Recalled By DiNotte Lighting Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), DiNotte Lighting, of Hampton, NH, is voluntarily recalling about 1,700 DiNotte Lighting Lithium-Ion batteries used with bicycle lights. A loose wiring connection and improper venting can cause the battery to overheat, posing a burn hazard to consumers.

[Cobra Electronics Recalls Children's Two-Way Radios with Rechargeable Batteries Due to Chemical Burn Hazard; Sold Exclusively in Toys "R" Us Stores](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Cobra Electronics, of Chicago, Ill., is voluntarily recalling about 8,000 Children's Two-Way Radios. The rechargeable batteries in the radios can leak electrolyte, posing a chemical burn hazard to consumers.

[Swim 'N Score Dive Sticks Recalled by Modell's Due to Risk of Impalement Injury to Children](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Modell's Sporting Goods, of New York, N.Y., is voluntarily recalling about 130 CORAL Swim 'N Score Pool Stix. Children can fall or land on these dive sticks in shallow water and suffer impalement injuries. Eye and other facial injuries are also possible. In April 2001, CPSC banned certain types of dive sticks.

[JA-RU Recalls Toy Trains Due To Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), JA-RU Inc., of Jacksonville, Fla., is voluntarily recalling about 18,000 My Little Train Classics Toy Trains. The recalled toy contain small parts which can detach, posing a choking hazard to young children.

[Lighted Showcases Recalled by Seventh Avenue Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Seventh Avenue, of Monroe, Wis., is voluntarily recalling about 700 5 Tier Lighted Showcases. The lighted showcase's plug adaptor can overheat and melt the adaptor's plastic housing, posing a fire hazard.

[Off-Road Motorcycles Recalled by American Honda Motor Due to Risk of Swing Arm Weld Failure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), American Honda Motor Co. Inc., of Torrance, Calif., is voluntarily recalling about 13,000 Honda Off-Road Competition Motorcycles. The weld on the right side of the swing arm can fail, causing the rider to lose control and crash. This could pose a risk of injury or death to riders.

[Claire's Recalls Children's Metal Necklaces Due to Risk of Lead Exposure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Claire's Boutiques Inc., of Hoffman Estates, Ill., is voluntarily recalling about 67,000 Best Friends Yin Yang Necklaces Sets. The recalled necklaces contain high levels of lead. Lead is toxic if ingested by young children and can cause adverse health effects.

[OKK Trading Recalls Toy TVs Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), OKK Trading, of Los Angeles, Calif., is voluntarily recalling about 2,100 "Mini-Televisor" Toys. Surface coating on the toy television could contain excessive levels of lead, violating the federal lead paint standard.

[Toy Xylophones Recalled by King Import Warehouse Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), King Import Warehouse, of Dallas, Texas, is voluntarily recalling about 144 Toy Xylophones. Surface paint on the toy xylophone contains excessive levels of lead, violating the federal lead paint standard.

[Sherwin-Williams Co. Recalls Krylon UV Fabric Protector Due to Respiratory Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Sherwin-Williams Co., of Cleveland, Ohio, is voluntarily recalling about 75,000 cans of Krylon "Outdoor Spaces" UV Fabric Protector. Overexposure to fumes, vapor or spray mist from the product can pose a serious respiratory hazard to consumers.

December 2008

[Boys Reversible Vests Recalled by Bon-Ton Stores Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Bon-Ton Department Stores Inc., of York, Pa., is voluntarily recalling about 5,000 Boy's Reversible Vests.

The zipper tabs on these vests fail to meet the children's torques test standards, posing a choking hazard to children.

[Faulty Instructions Prompt Recall of Electrical Wiring How-to-Books by The Taunton Press; Shock Hazard to Consumers](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Taunton Press, of Newtown, Conn., is voluntarily recalling about 64,000 *Wiring a House, 3rd Edition* and *Wiring Complete, Expert Advice from Start to Finish* Instructional Books. The books contain several errors in the technical diagrams that could lead consumers to incorrectly install or repair electrical wiring, posing an electrical shock hazard to consumers.

[Fire Alarm Control Panels Recalled by Notifier Due to Alert Failure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Notifier, of Northford, Conn., is voluntarily recalling about 2,000 Notifier Fire Alarm Control Panels. The software in the fire alarm system could fail to process an alarm condition which could result in the system failing to respond in the event of a fire.

[Atomic Skis USA Recalls Ski Bindings Due to Unexpected Release, Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Atomic Skis GmbH, of Austria, is voluntarily recalling about 125,000 (an additional 1.0 million were sold outside the U.S.) Alpine Ski Bindings. The heel housing of the bindings can crack, causing the binding to release unexpectedly. This can cause the skier to lose control or fall and suffer injuries.

[Woodstock Percussion Inc. Recalls Toy Drums Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Woodstock Percussion Inc., of Shokan, N.Y., is voluntarily recalling about 2,800 Calypso Steel Drums. Surface paint on the recalled toy drums contain excessive levels of lead, violating the federal lead paint standard.

[Munire Recalls "Newport" Cribs and Matching Furniture Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Munire Furniture Inc, of Piscataway, N.J., is voluntarily recalling about 3,000 Cribs and 6,000 Matching Furniture Pieces. The red paint which is underneath the black finish paint on some of the cribs and matching furniture exceeds federal lead limits. If ingested by young children lead can cause adverse health effects.

[Gardener's Supply Company Recalls Candle-Powered Carousels Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Gardener's Supply Co., of Burlington, Vt., is voluntarily recalling about 1,500 Candle-Powered Carousels. The candle holder placement on the base of the carousels is too close to the structure, allowing the candle flame to come in contact and ignite different parts of the carousel, including the fans, trees and deer, posing a fire hazard.

[Hallmark Recalls Jumbo Snow Globes Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Hallmark Cards Inc., of Kansas City, Mo., is voluntarily recalling about 7,000 Jumbo Snowman Snow Globes. When exposed to sunlight, the snow globes can act as a magnifying glass and ignite nearby combustible materials, posing a fire hazard.

[Foursquare Recalls Hooded Youth Jackets with Drawstrings Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Foursquare Outerwear, of Irvine, Calif., is voluntarily recalling about 1,300 Foursquare Hooded Jackets. The jackets have a drawstring through hood which poses a strangulation hazard to children.

[Teknion Recalls to Repair Office Chairs Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Teknion LLC, of Toronto, Canada, is voluntarily recalling about 60,000 Contessa Office Chairs. The bolts holding the seat to the frame can loosen and separate, posing a fall hazard to consumers.

[Magura USA Recalls Bicycle Suspension Forks Due to Crash Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Magura USA, of Olney, Ill., is voluntarily recalling about 320 Durin Race 80/100 Bicycle Suspension Forks. The front bicycle suspension fork can break, causing the rider to crash.

[Children’s Jewelry Sold Exclusively in Hawaii Recalled by Aloha 808 Trading Due to Risk of Lead Exposure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Aloha 808 Trading, of Honolulu, Hawaii, is voluntarily recalling about 12,800 pieces of Children’s Jewelry. The recalled jewelry contains high levels of lead. Lead is toxic if ingested by young children and can cause adverse health effects.

[Evenflo Recalls Majestic™ High Chairs Due to Fall and Choking Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Evenflo Company Inc., of Miamisburg, Ohio, is voluntarily recalling about 95,000 Evenflo Majestic™ High Chairs. Plastic caps and metal screws on both sides of the high chair can loosen and fall out, posing both fall and choking hazards to children. Plastic caps and screws that become loose and fall out can cause the seatback to suddenly fall back or detach from the high chair. Children can fall out or collide with objects and suffer broken bones, abrasions, cuts and bruises. Detached plastic caps and metal screws also pose a choking hazard to children.

[Fingerhut Recalls Chef’s Mark Cookware Sets Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Fingerhut Direct Marketing, of Eden Prairie, Minn. , is voluntarily recalling about 9,000 Chef’s Mark® 15 piece cookware sets. Fingerhut has received six reports of handles breaking including three reports of minor burn injuries to consumers.

[Xtreme Toy Zone Recalls Toy Dinosaurs Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Xtreme Toy Zone, of Los Angeles, Calif., is voluntarily recalling about 480 “Dinosaur Epoch” Toy Dinosaurs. Surface paint on the toy dinosaurs can contain excessive levels of lead, violating the federal lead paint standard.

[Regal Lager Recall to Replace Phil & Teds Strollers Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Regal Lager Inc., of Kennesaw, Ga., is voluntarily recalling 1,600 Phil & Teds Dash Buggy Strollers. The frame handle could fail to latch properly and break, posing a fall hazard to small children.

[Grease Removers Recalled by Fantastic Distributors Due to Chemical Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Fantastic Distributors, of Brooklyn, N.Y., is voluntarily recalling about 245,000 “Bagi Shumanit” Super Cold Grease Removers. Direct contact with this substance can cause burns to consumers’ skin and eyes. The product lacks required special packaging and warning label.

[Arctic Cat Recalls Snowmobiles Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Arctic Cat Inc., of Thief River Falls, Minn., is voluntarily recalling about 10,000 Model Year 2009 Arctic Cat Mountain Cat and Crossfire Snowmobiles. The mounting hardware securing the fuel pump can allow fuel to leak, posing a fire hazard to consumers.

[Propane Gas Fireplace Inserts Recalled by Wolf Steel Due to Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Wolf Steel USA, of Crittenden, Ky., is voluntarily recalling about 1,200 Napoleon Propane Gas Fireplace Inserts. Delayed ignition due to a build-up of propane gas can cause the insert’s glass cover to break, posing a laceration hazard to consumers.

[The Toro Company Reannounces Recall of Electric Blowers Due to Projectile Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Toro Company, of Bloomington, Minn., is voluntarily reannouncing the recall of about 900,000 Toro Power

Sweep Electric Blowers. The blower's impeller, which is a rotating component on the blower, can break, resulting in pieces of plastic flying out of the blower. This poses a risk of serious injury to the user or a bystander.

[Commercial Frozen Food Merchandisers Recalled by Tyler Refrigeration Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Tyler Refrigeration, of Niles, Mich., is voluntarily recalling about 1,900 Commercial Frozen Food Merchandisers. Incomplete/incorrect light bulb installation can result in electrical arcing in the fixture, which can pose a fire hazard to consumers.

[Meijer Inc. Recalls Toddler Girl's Hat and Mitten Sets Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Meijer Inc., of Grand Rapids, Mich., is voluntarily recalling about 100 Toddler Girl's Hat and Mitten Sets. The magnets in the hat can detach and fall out, posing a choking and aspiration hazard to young children. Magnets found by young children can be swallowed or aspirated. If more than one magnet is swallowed, the magnets can attract each other and cause intestinal perforations or blockages, which can be fatal.

[OKK Trading Recalls Toy Army Figures Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), OKK Trading, of Los Angeles, Calif., is voluntarily recalling about 5,400 Army Figures. Surface paint on the face of the Army figures contains excessive levels of lead, violating the federal lead paint standard.

[Doll Clothing Sets Recalled by Manhattan Group Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Manhattan Group, of Minneapolis, Minn., is voluntarily recalling about 9,200 Groovy Fashions™ Sassy Jammies™ Doll Clothing Sets. Surface paints on the pajama pants contain excessive levels of lead, which violates the federal lead paint standard.

[Hockey Helmets Recalled by Reebok-CCM Due to Head and Neck Injury Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Reebok-CCM Hockey U.S. Inc., of Montpelier, Vt., is voluntarily recalling about 1,000 Hockey Helmets. The helmet's chinstrap can unexpectedly disengage while in use. If this happens, the helmet can fall off, posing a head and neck injury risk to consumers.

[January 2009](#)

[L.L. Bean Recalls Ice Cleats Used During Winter Weather Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), L.L. Bean Inc., of Freeport, Maine, is voluntarily recalling about 7,000 Stabilicer Lite Cleats. The elastic harness system attaching the cleats to footwear can detach, posing a fall hazard to consumers.

[DDI Inc. Recalls Toy Construction Play Sets Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), DDI Inc., of Dubuque, Iowa, is voluntarily recalling about 3,000 Construction Play Sets. Surface paint on the play sets can contain lead, violating the federal lead paint standard.

[JAKKS Pacific® Recalls Spa Factory™ Aromatherapy Kits Due to Explosion and Projectile Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), JAKKS Pacific Inc., of Malibu, Calif., is voluntarily recalling about 516,000 Spa Factory™ Aromatherapy Fountain & Bath Benefits Kits. Pressure from the buildup of carbon dioxide in the jars of Bath Bombs/Balls or Bath Fizzies can cause the caps on the jars to blow off, posing explosion and projectile hazards. The mixtures also can contain citric acid, which can get into the eyes during an explosion, posing a risk of eye irritation.

[Skull-And-Crossbones Necklaces Recalled By Spencer Gifts Due to Risk of Lead Exposure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Spencer Gifts LLC, of Egg Harbor Township, N.J., is voluntarily recalling about 8,400 Skull-And-Crossbones

Necklaces. The skull and metal clasp of the necklace contain high levels of lead. Lead can be toxic if ingested by young children and can cause adverse health effects.

[Outdoor Research Recalls Warming Gloves Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Outdoor Research Inc., of Seattle, Wash., is voluntarily recalling about 900 “Primovolta” and “Primavolta” Warming Gloves. The glove’s electric heating pad can short circuit and overheat, posing a burn hazard to consumers.

[The Land of Nod Recalls Children’s Canopies Due to Entrapment and Strangulation Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Land of Nod, of Northbrook, Ill., is voluntarily recalling about 2,400 Home Sweet Playhome Canopies. A child’s head could get entrapped in the canopy’s window openings, posing entrapment and strangulation hazards.

[Lip Gloss Keychains Recalled By Markwins Beauty Products Due to Risk of Lead Exposure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Markwins Beauty Products, of City of Industry, Calif., is voluntarily recalling about 75,000 Lip Gloss Keychains. The metal clasp attached to the keychain contains high levels of lead. Lead is toxic if ingested by young children and can cause adverse health effects.

[High School Musical Manicure Kits Recalled by Fantas-Eyes Due to Risk of Lead Exposure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Fantas-Eyes Inc., of New York, N.Y., is voluntarily recalling about 15,000 High School Musical Manicure Kits. The lettering “HIGH SCHOOL MUSICAL” with glitter on the pouch used with the manicure kit contains excess levels of lead. Lead can be toxic if ingested by young children and cause adverse health effects.

[Milestone AV Technologies Recalls Television Wall Mounts Sold Exclusively At Best Buy; Unit Can Crack, TV Can Fall On Consumers](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Milestone AV Technologies, of Savage, Minn., is voluntarily recalling about 140,000 LCD television wall mounts. The wall mount can crack when used with televisions 26 inches and larger or with televisions that include a DVD player. The television can then fall from the wall mount and pose a serious risk of injury to consumers standing nearby.

[Lane Home Furnishings Recalls Glider Recliners Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Lane Furniture Industries Inc., of Tupelo, Miss., is voluntarily recalling about 700 Glider Recliners. The base of the chair, if installed backwards, can allow the chair to tip-over backwards, posing a fall hazard to consumers.

[Discount School Supply Recalls Jesus Fish Beads Due to Violation of Lead Paint](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Discount School Supply, of Monterey, CA, is voluntarily recalling about 500 Jesus Fish Beads. Surface paint on the green fish can contain excessive levels of lead, violating the federal lead paint standard.

[Rheem Recalls to Repair Oil-Fired Furnaces Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), the Air Conditioning Division of Rheem Manufacturing Co., of Fort Smith, Ark., is voluntarily recalling about 14,000 Rheem, Ruud and United Refrigeration Oil-Fired Furnaces. If the furnace is not properly wired, the oil burner can continue to operate when the blower shuts off, posing a fire hazard to consumers.

[Mad Dog Concepts Recalls Boy’s Pajamas Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Mad Dog Concepts, of New York, NY, is voluntarily recalling about 25,000 Tony Hawk Boy’s Pajama Sets. This sleepwear fails to meet the federal children’s sleepwear flammability standard, and poses a risk of burn injury to children.

[Saris Cycling Group Recalls Stationary Bicycle Trainers Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Saris Cycling Group, of Madison, Wis., is voluntarily recalling 2,000 Stationary Bicycle Trainers. A handle pin on the bicycle trainer can loosen during use, causing the machine to become disengaged, and pose a fall hazard to consumers.

[Infantino Expands Recall of Infant Rattles Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Infantino LLC, of San Diego, Calif., is voluntarily recalling about 131,000 Infantino Lion and Lamb Grabby Rattles™ (20,000 units were [previously recalled](#) in March 2008). The tail-piece on the rattles can detach, posing a choking hazard to young children.

[Bosch® and Siemens® Model Dishwashers Recalled by BSH Home Appliances Corporation Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), BSH Home Appliances Corp., of Huntington Beach, Calif., is voluntarily recalling about 476,500 Bosch® and Siemens® Model Dishwashers. An electrical component in certain model dishwashers can overheat, posing a fire hazard to consumers.

[Children's Sunglasses Recalled by Axiom Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Axiom International Inc., of Billings, Mont., is voluntarily recalling about 5,300 pairs of Children's Sunglasses. Surface paint on the recalled sunglasses can contain excessive levels of lead, violating the federal lead paint standard.

[Giant Bicycle, Inc. Recalls Bicycles; Fork Can Break Causing Rider To Fall](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Giant Bicycle, of Newbury Park, Calif., is voluntarily recalling about 1,000 2009 model year TCR Advanced SL and SL (ISP) Bicycles and Frames. The density of the steerer tubes can cause the forks to crack and break, posing a fall hazard to the consumer.

[Toy Xylophones Recalled by The Land of Nod Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Land of Nod Northbrook, Ill., is voluntarily recalling about 500 Rolling Toy Xylophones. The pegs on the xylophone can break, posing a choking hazard to children.

[Children's Hooded Sweatshirts Recalled by Jerry Leigh of California Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Jerry Leigh of California Inc., of Van Nuys, Calif., is voluntarily recalling about 1,200 Harajuku Lovers Hooded Jackets. The jackets have a drawstring through the hood which can pose a strangulation hazard to children.

[Stork Craft Recalls More Than 500,000 Cribs; Mattress Support Bracket Failures Create Risk of Entrapment and Suffocation](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Stork Craft Manufacturing Inc., of British Columbia, Canada, is voluntarily recalling about 535,000 Stork Craft Baby Cribs. The metal support brackets used to support the crib mattress and mattress board can crack and break. When one or more support brackets break, the mattress can collapse and create a dangerous gap between the mattress and crib rails, in which a child can become entrapped and suffocate.

[Cheyenne Industries Recalls Vanity Stools Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Cheyenne Industries Inc., of Little Rock, Ark., is voluntarily recalling about 89,000 Milan Vanity Stools. The recalled stools can become unstable due to loose screws, which can cause the stool legs to separate or break, posing a fall hazard to consumers.

[TDI International Recalls Toy Cars Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), TDI International, of Los Angeles, Calif., is voluntarily recalling about 150 “High Speed” Pull Back Toy Cars. Surface paint on the toy cars contains excessive levels of lead, violating the federal lead paint standard.

[Risk of Strangulation Prompts Recall of Window Blinds Sold at Cost Plus and World Market Stores](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Cost Plus Inc., of Oakland, Calif., is voluntarily recalling about 692,400 Roman Shades and Roll-up Blinds. Roman Shades: These shades have a looped pull cord and exposed inner cords on the back of the shade. Looped pull cords and exposed inner cords on roman shades present a strangulation hazard. Roll-up Blinds: These blinds have a looped pull cord and two lifting cord loops that run around the bottom rail. Looped pull cords and exposed lifting loops on roll-up blinds present a strangulation hazard to young children.

[Top Goods Trading Recalls Flashing Pacifiers Due to Choking and Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Top Goods Trading, of Temple City, Calif., is voluntarily recalling about 38,000 Flashing Pacifiers. The flashing pacifiers do not comply with federal safety standards for pacifiers. Although the pacifiers are marketed to older children and adults, they could be given to babies and cause serious injury or death. The pieces of the pacifier can separate, posing a choking hazard. The necklaces pose a strangulation hazard.

[Ryobi Corded Circular Saws Sold Exclusively at Home Depot Recalled By One World Technologies Inc. Due to Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), One World Technologies Inc., of Anderson, S.C., is voluntarily recalling about 12,400 Ryobi Corded Circular Saws. The return spring on the circular saw’s lower blade guard can break, posing a laceration hazard to consumers.

[Rashti & Rashti Expands Recall of Infant Garments Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Rashti & Rashti, of New York, N.Y., is voluntarily recalling about 16,000 Taggies™ Sleep'n Play Infant Garments (an additional 6,200 were recalled on July 1, 2008). The snaps on these garments can detach, posing a choking hazard to young children.

[Jardine Expands Recall of Cribs Sold by Babies“R”Us; Cribs Pose Entrapment and Strangulation Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Jardine Enterprises, of Taipei, Taiwan, is voluntarily recalling about 56,450 Jardine Cribs (320,000 units were previously recalled in June 2008). The wooden crib slats can break, creating a gap, which can pose an entrapment and strangulation hazard to infants and toddlers.

[Children’s Hooded Jackets with Drawstrings Recalled by Ms. Bubbles Inc. Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Ms. Bubbles Inc., of Los Angeles, Calif., is voluntarily recalling about 71,500 Girls Blue Denim Passport Jackets. The jackets have a drawstring through the hood which can pose a strangulation hazard to children. In February 1996, CPSC issued guidelines to help prevent children from strangling or getting entangled on the neck and waist drawstrings in upper garments, such as jackets or sweatshirts.

[Bicycles with RockShox Bicycle Forks Recalled by SRAM LLC Due to Crash Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), SRAM LLC, of Chicago, Ill., is voluntarily recalling about 175 Bicycles using RockShox Domain 302 and 318 bicycle forks. The steel steerer on the forks can crack, causing the fork to detach from the bicycle frame. This can cause the rider to lose control and crash.

[Viking Range Corp. Recalls Toasters Due to Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Viking Range Corp., of Greenwood, Miss., is voluntarily recalling about 10,000 Four-Slice Electric Toasters. Wiring inside the toaster can become loose and contact the toaster body, posing a shock hazard to consumers.

February 2009

[Certain LG 830 “Spyder” Cell Phones Recalled For Upgrade Due to Dropped Connection or Poor Connection on Emergency 911 Calls](#)

The U.S. Consumer Product Safety Commission, in cooperation with LG Electronics MobileComm USA Inc., of San Diego, Calif., is voluntarily recalling certain (about 30,000) LG 830 “Spyder” Cell Phones. The recalled phones can have difficulty sustaining a connection or have poor voice quality on calls to emergency 911.

[Various Toys Recalled by CBB Group Due to Choking Hazard and Violation of Lead Paint Standard](#)

The U.S. Consumer Product Safety Commission, in cooperation with CBB Group Inc., City of Commerce, Calif., is voluntarily recalling about 39,000 Fishing Games, Rattles, Pull-A-Long Cars, Mini Pull Back Cars, and Cartoon Bubble Guns. The fishing games, baby rattles and pull-a-long cars contain small parts, which can detach and pose a choking hazard to children. The mini pull back cars and bubble guns have surface paints which contain excessive levels of lead, violating the federal lead paint standard.

[Salsa Bicycles Recalls Bicycles; Handlebar Stems Can Break Causing Rider to Fall](#)

The U.S. Consumer Product Safety Commission, in cooperation with Salsa Bicycles, a subsidiary of Quality Bicycle Products, of Bloomington, Minn., is voluntarily recalling about 8,600 Handlebar Stems Used on Salsa Bicycles. The handlebar stems can crack or break, posing a fall hazard to the consumer.

[Air Venturi Recalls Air Rifles That Can Unexpectedly Fire, Posing Serious Injury Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Air Venturi, of Bedford Heights, Ohio, is voluntarily recalling about 50 Air Venturi Air Rifles. The safety can fail, causing the rifle to unexpectedly fire. This poses a serious injury hazard to consumers.

[Silent Diving Systems Recalls Scuba Diving Hoses Due to Drowning Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Silent Diving Systems LLC, of Center Conway, N.H., is voluntarily recalling about 820 Crimped Low Pressure Diving Hoses. Diving hoses may have been made without crimps, which can allow gas to leak or water to enter into the re-breather unit of the scuba diving equipment, posing a drowning hazard to the user.

[Old Navy Recalls Stuffed Toys; Button Eyes Can Detach and Pose a Choking Hazard to Young Children](#)

The U.S. Consumer Product Safety Commission and Health Canada, in cooperation with Old Navy LLC, of San Francisco, Calif., are voluntarily recalling about 35,500 (in the United States) and 5,400 (in Canada) Stuffed Animal and Creature Toys. The stuffed toys have two button eyes that could detach from the toy, posing a choking hazard to young children.

[True Value Recalls Wheelbarrows; Over-Inflated Tire Can Cause Wheel to Break and Pose Injury Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with True Value Co., of Chicago, Ill., is voluntarily recalling about 17,000 Green Thumb Twin Wheelbarrows. Over-inflating the tire could cause the wheel’s plastic rim to break, posing an injury to the user.

[Compound Bows Recalled by BowTech Archery; Bow Can Unexpectedly Break Apart](#)

The U.S. Consumer Product Safety Commission, in cooperation with BowTech Archery, of Eugene, Ore., is voluntarily recalling about 8,000 “The General” Compound Bows. The ends of

the bow's limbs can unexpectedly break during use and send fragments of the bow in the direction of the user or bystanders, posing a risk of injury.

[Evenflo® Recalls Children's Activity Centers Due to Fall Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Evenflo Co. Inc., of Miamisburg, Ohio, is voluntarily recalling 213,000 Evenflo Activity Centers. When used as an activity table, the cap on one end of the product can loosen and fall off, posing a fall hazard to a young child.

[Strangulation Death of a Child Prompts Recalls of Hooded Sweatshirts with Drawstrings by Hill Sportswear](#)

The U.S. Consumer Product Safety Commission, in cooperation with Hill Sportswear Inc. of Paramount, Calif., is voluntarily recalling 300,000 hooded drawstring sweatshirts. CPSC received one report of a death involving a 3-year-old boy in Fresno, Calif. He strangled when the drawstring on the hooded sweatshirt that he was wearing became stuck on a playground set.

[Disney Store Recalls Toy Tool Sets Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Disney Store USA LLC, of Pasadena, Calif., is voluntarily recalling about 20,000 Playhouse Disney "Handy Manny" Toy Tool Sets. The tools contain eyes that can separate, posing a choking hazard to young children.

[Nordica USA Recalls to Repair Skis; Binding Plates Can Break, Poses Fall Hazard to Skiers](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Nordica USA, of West Lebanon, N.H., is voluntarily recalling about 4,500 pairs of XBi ALU Skis. The binding plates could crack or break, causing the skier to lose control or fall and suffer injuries.

[Outdoor Stoves Recalled by Jetboil Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Jetboil Inc., of Manchester, N.H., is voluntarily recalling about 15,000 Personal Cooking Systems and Group Cooking Systems. A tight valve attached to the stove's fuel source can allow gas to leak, posing a fire hazard to consumers.

[Marzocchi Recalls Bicycle Forks Due to Crash Hazard and Risk of Injury during Repair](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Tenneco-Marzocchi s.r.l., of Bologna, Italy, is voluntarily recalling about 70 Bicycle Forks. The suspension system on bikes with the recalled forks could become completely compressed and fail to return to its original position after a forceful landing. This can cause riders to lose control of the bicycle and crash. The forks can also expand forcefully if repair is attempted by the consumer, posing a risk of serious injury.

[Catalina Lighting Recalls Halogen Clamp Lamps Due to Fire and Burn Hazard; Sold Exclusively At Staples Stores](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Catalina Lighting Inc., of Miami, Fla., is voluntarily recalling about 2,000 Halogen Clamp Lamps. The UV glass lens on the lamp can crack, exposing the halogen bulb, posing a fire and burn hazard.

[Camp Stoves Sold Exclusively at Dick's Sporting Goods Recalled Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Dick's Sporting Goods, of Pittsburgh, Pa., is voluntarily recalling about 6,700 "Field & Stream" Dual Burner Camp Stoves. Gas could flow at a rate that would produce higher than expected flames. Rainwater in the burners can also prevent proper ignition and allow gas to build-up and ignite unexpectedly. These conditions pose burn hazards to consumers.

[Golfer's Billiard Games Recalled by Dick's Sporting Goods and Golf Galaxy Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Dick's Sporting Goods Inc., of Pittsburgh, Pa., and Golf Galaxy Inc., of Pittsburgh, Pa., are voluntarily recalling

about 2,300 Golfer's Billiard Games. Surface paints on the golf balls can contain excess levels of lead.

[ATVs Recalled By KTM North America Due to Brake Failure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), KTM North America Inc., of Amherst, Ohio, is voluntarily recalling about 2,700 All-Terrain Vehicles (ATVs). The rear brake caliper support can crack and the front brake operation can experience a loss of pressure, posing a risk of the rider losing braking and steering control and suffering injuries or death.

[Intermatic Recalls Digital Timers Due to Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Intermatic Inc., of Spring Grove, Ill., is voluntarily recalling about 200,000 Intermatic DT17 Heavy Duty Digital Timers. The recalled timers can have a faulty ground connection, posing a shock hazard to consumers.

[The Land of Nod Recalls to Repair Cottage Bunk Beds Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Land of Nod, of Northbrook, Ill., is voluntarily recalling about 750 Cottage Bunk Beds. When screws are missing from the upper bunk's guardrails, the vertical slats on the guardrails can detach and pose the risk of children falling when getting in or out of the upper bunk.

[Playland International Recalls Swing Sets Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Playland International, Carrollton, Ga., is voluntarily recalling about 700 Arch Swing Sets. The metal around the weld at the top of the swing frame can fail, causing the top bar to fall, posing a fall and impact hazard to the user or by-standers.

[Dorel Juvenile Group Recalls Safety 1st Stair Gates Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Dorel Juvenile Group USA, of Columbus, Ind., is voluntarily recalling 100,000 Safety 1st SmartLight Stair Gates. The hinges that hold the stair gate in place can break, posing a fall hazard to children if the gate is placed at the top of the stairs.

[Bicycles with R-SYS Wheel Rims Recalled by Mavic USA Due to Crash Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Mavic USA, of Haverhill, Mass., is voluntarily recalling about 12,000 Bicycles with R-SYS Front Wheel Rims. The spokes on the bicycle's front wheel rim can break during use, posing a fall and crash hazard to riders.

March 2009

[Clothing Irons Recalled by Conair Corporation Due to Fire Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Conair Corporation, of Stamford, Conn., is voluntarily recalling about 45,000 Clothing Irons. The clothing iron can overheat, posing a fire hazard to consumers.

[Yamaha Motor Corp. Offers Free Repair For 450, 660, and 700 Model Rhino Vehicles; CPSC advises consumers not to use the off-road vehicles until repaired](#)

The U.S. Consumer Product Safety Commission (CPSC), in cooperation with Yamaha Motor Corp. U.S.A., of Cypress, Calif., is announcing a free repair program to address safety issues with all Rhino 450, 660, and 700 model off-highway recreational vehicles. Yamaha has also agreed to voluntarily suspend sale of these models immediately until repaired. Consumers should immediately stop using these popular recreational vehicles until the repair is installed by a dealer.

[Central Fireplace Recalls Fireplaces Due to Laceration Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Central Fireplace, of Greenbush, Minn., is voluntarily recalling about 760 Direct Vent Gas Fireplaces. Excess gas can accumulate in the firebox if the pilot light is not lit or has gone out. When consumers relight the

pilot light, the accumulated gas can ignite with force and shatter the glass fireplace doors posing a serious laceration hazard.

[Outerwears Inc. Recalls Filters Used in Fuel Funnels Due to Fire Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Outerwears Inc., of Schoolcraft, Mich., is voluntarily recalling about 500 Outerwears Funnel Pre-Filters. The Funnel Pre-Filters can create a flash when they are removed from the fuel tank posing a fire hazard.

[Lenovo Recalls ThinkVision Speaker AC Adaptors Due to Shock Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Lenovo (United States) Inc., of Morrisville, N.C., is voluntarily recalling about 230 AC Adaptors used with ThinkVision Soundbars. The plastic shell of the AC Adaptor can crack, posing a risk of electric shock to consumers.

[Cordless Stick Vacuums Recalled by Electrolux Home Care Products Due to Bursting Batteries](#)

The U.S. Consumer Product Safety Commission, in cooperation with Electrolux Home Care Products Inc., of Bloomington, Ill., is voluntarily recalling about 320,000 Ergorapido, Pronto and Precision Vacuums. The vacuum's battery can expand and burst, posing a risk of injury to the user and bystanders.

[Children's Hooded Sweatshirts with Drawstrings Recalled by Rusty North America Due to Strangulation Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Rusty North America, of Irvine, Calif., is voluntarily recalling 635 Hooded Fleece Sweatshirts. The sweatshirts have a drawstring through the hood which can pose a strangulation hazard to children.

[Children's Hooded Sweatshirts Recalled by MM Compound Due to Strangulation Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with MM Compound LLC (also known as Metal Mulisha Clothing), of Irvine, Calif., is voluntarily recalling about 2,200 Hooded Fleece Sweatshirts. The sweatshirts have a drawstring through the hood which can pose a strangulation hazard to children.

[Children's Fishing Poles Recalled by Zebco Due to Violation of Lead in Paint Standard](#)

The U.S. Consumer Product Safety Commission, in cooperation with W.C. Bradley/Zebco Holdings Inc., doing business as Zebco Brands, of Tulsa, Okla., is voluntarily recalling about 2,700 Children's Fishing Poles. The paint on the reels of these fishing poles contains excessive levels of lead, violating the federal lead paint standard.

[Holiday Lights Recalled by Four Star Group USA Due to Fire Hazard; Sold Exclusively at Safeway Stores](#)

The U.S. Consumer Product Safety Commission, in cooperation with Four Star Group USA Inc., of Hopkinton, Mass., is voluntarily recalling about 13,000 Fresh Décor 10 Count LED Star String Lights. Electrical wiring in the lights can overheat, posing a fire hazard to consumers.

[Children's Hooded Sweatshirts with Drawstrings Recalled by Dysfunctional Clothing Due to Strangulation Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Dysfunctional Clothing LLC, of Irvine, Calif., is voluntarily recalling about 450 Hooded Fleece Sweatshirts. The jackets have a drawstring through the hood which can pose a strangulation hazard to children.

[La Jolla Sport Recalls Children's Hooded Sweatshirts with Drawstrings Due to Strangulation Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with La Jolla Sport USA, of Irvine, Calif., is voluntarily recalling about 9,700 O'Neill Children's Sweatshirts with Drawstrings. The jackets have a drawstring through the hood which poses a strangulation hazard.

[Children's Hooded Fleece Jackets with Drawstrings Recalled by Golden Grove Trading Due to Strangulation Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Golden Grove Trading Inc., of Covina, Calif. d/b/a Crystal Castle®, is voluntarily recalling about 6,100 Children's Hooded

Fleece Jackets. The jackets have a drawstring through the hood which can pose a strangulation hazard to children.

[Pacifiers Recalled by OKK Trading Due to Choking Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with OKK Trading, of Los Angeles, Calif., is voluntarily recalling about 2,900 Baby Necessities pacifiers. The pacifiers are banned under federal law. They failed federal safety tests when the nipples separated from the base. This poses a choking hazard to young children.

[Fisher-Price Recalls 3-in-1 High Chairs Due to Fall Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Fisher-Price, of East Aurora, N.Y., is voluntarily recalling about 24,000 3-in-1 High Chairs. The seat can fall backwards from high chair frame if the booster seat release is unlatched while the child is in the product. Also, the seat back can detach if not fully snapped in place, posing a fall hazard and risk of serious injury to young children.

[Aviva Sports Recalls Trampolines Due to Fall Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Aviva Sports, Inc. of Camdenton, Mo., is voluntarily recalling about 14,000 Aviva Leaps and Bounds Folding Trampolines with Safety Pad (“L&B”) and Aviva Pirate Jump ‘N Play Trampolines (“Pirate”). The metal support legs of the trampoline can bend or break and the bungee cords that secure the mat to the frame of the trampoline can fray or break, posing a fall hazard to the user.

[Desktop Computers Recalled By Acer America Corp. Due to Overheating, Burn Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Acer America Corp., of San Jose, Calif., is voluntarily recalling about 215 Acer Predator Desktop Computers. The insulation on the computer’s internal wiring can become bent or stripped, causing the wires to overheat while the product is in use. This poses a burn hazard to consumers.

[Educational Craft Kits Recalled by FloraCraft Due to Violation of Lead Paint Standard](#)

The U.S. Consumer Product Safety Commission, in cooperation with FloraCraft Corp., of Ludington, Mich., is voluntarily recalling about 930,000 Solar System Kits and DNA Kits. The surface coating on the educational kit’s wires can contain excessive levels of lead, violating the federal lead paint standard.

[Human Touch Recalls Perfect Chair to Fix Screw Drive Due to Entanglement Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Human Touch LLC, of Long Beach, Calif., is voluntarily recalling about 20,000 Human Touch LLC “Perfect Chairs”. The screw on the underside of the Perfect Chair recliner can cut or entangle children or pets.

[Montessori N’ Such Recalls Metal Vases, Pails and Other Containers Due to Violation of Lead Paint Standard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Montessori N’ Such, of Sterling, Va., is voluntarily recalling about 1,000 various containers used in instructional kits. Surface paints on the products contain excessive levels of lead, violating the federal lead paint standard.

[Gas Generators Recalled by Sycamore SCS Due to Fire Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Sycamore SCS, of Louisville, K.Y., is voluntarily recalling about 1,500 Sycamore Pro Gas Generators. A plastic sediment cup attached to the bottom of the fuel valve can crack during shipping and handling and cause fuel leakage or spillage, posing a fire hazard to consumers.

[Nordstrom Recalls Girl’s Shoes Due to Violation of Lead Paint Standard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Nordstrom, of Seattle, Wash., is voluntarily recalling about 31,000 pairs of Girl’s Shoes. Surface paint on the outer sole of these shoes contains excessive levels of lead, violating the federal lead paint standard.

[State Farm® Recalls Good Neigh Bears® Due to Choking Hazard](#)

The U.S. Consumer Product Safety Commission and Health Canada, in cooperation with State Farm, of Bloomington, Ill., is voluntarily recalling about 800,000 (in the United States) and 27,000 (in Canada) State Farm Good Neigh Bears. The eyes on these bears can come off, posing a choking hazard to young children.

[Cannondale Recalls Road Bicycles Due to Fall Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Cannondale Bicycle Corporation, of Bethel, Conn., is voluntarily recalling about 1,300 2009 Six 5, Six 6, Six Carbon 5 and Six Carbon 6 Bicycles. The bicycles fail to meet the federal safety standard for bicycles. Spoke protector discs, required on bicycles to prevent the bicycle chain from interfering or suddenly stopping the wheel, are missing from these bicycles. This poses a fall hazard to the rider.

[Kubota Recalls Riding Mowers Due to Fire Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Kubota Manufacturing of America Corp., of Gainesville, Ga., is voluntarily recalling about 9,500 Kubota Zero Turn Riding Mowers. The carburetor can fail allowing fuel to leak, posing a fire hazard.

[Seattle Cotton Works Hooded Sweatshirts with Drawstrings Recalled Due to Strangulation Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Seattle Cotton Works, LLC, of Bellevue, Wash., is voluntarily recalling about 40,000 Hooded sweatshirts. The sweatshirts have a drawstring through the hood that can pose a strangulation hazard to children.

[Tippmann® A-5® Paintball Markers Recalled for Repair Due to Risk of Injury](#)

The U.S. Consumer Product Safety Commission, in cooperation with Tippmann Sports LLC, of Fort Wayne, Ind., is voluntarily recalling about 13,000 Tippmann® A-5® Paintball Markers. The end cap assembly on the rear of certain A-5® markers can break and eject during use, posing a risk of injury to the operator.

[Valero Marketing & Supply Co. Announce Recall to Inspect Propane Gas; Can Pose Fire and Burn Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Valero Marketing & Supply Co., of San Antonio, Texas, is voluntarily announcing a recall to inspect about 919,000 barrels of propane (LP) gas. An odorant is added to propane to help alert customers to a propane gas leak, but this propane might not have the recommended level of odorant. Failure to detect leaking gas can present a fire, explosion or thermal burn hazard to consumers.

[Kidde Recalls to Replace Fire Extinguishers Due to Failure to Operate](#)

The U.S. Consumer Product Safety Commission, in cooperation with Walter Kidde Portable Equipment Inc., of Mebane, N.C., is voluntarily recalling about 167,000 Kidde XL Fire Extinguishers. The pressurized cylinders in the recalled fire extinguishers could lose pressure and fail to operate. In the event of a fire, this failure could put a consumer and property at risk.

[Pure Fishing Recalls Children's Fishing Games Due to Violation of Ban on Lead in Paint](#)

The U.S. Consumer Product Safety Commission, in cooperation with Pure Fishing Inc., of Columbia, S.C., is voluntarily recalling about 2,600 Shakespeare Casting Game and Fishing Kits. The label on the fishing rod contains a surface coating containing high levels of lead in violation of the ban on lead in paint.

[Electra Bicycle Company Recalls Bicycles with Front Trays; Trays Can Come Loose and Pose Fall Hazard to Riders](#)

The U.S. Consumer Product Safety Commission, in cooperation with Electra Bicycle Company LLC, of Vista, Calif., is voluntarily recalling about 3,000 2009 Model Electra Bicycles with Front Trays. The front tray on the bicycle can come loose and contact the front tire, posing a fall hazard to riders.

[Ice Skates Recalled by Pronto Sports Due to Violation of Lead Paint Standard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Pronto Sports Inc., of Anoka, Minn., is voluntarily recalling about 600 pairs of DBX Glide Boys Ice Skates. Surface paint on the ice skates contains excessive levels of lead, violating the federal lead paint standard.

[Hair Dryers Recalled By Big Lots Stores, Inc. Due to Electrocutation Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Big Lots Stores, Inc., of Columbus, Ohio, is voluntarily recalling about 31,000 Style Elements Hair Dryers. The hair dryers are not equipped with an immersion protection device to prevent electrocution if the hair dryer falls into water. Electric shock protection devices are required by industry standards for all electric hand-held hair dryers.

[Infantino Recalls Infant Toys Due to Choking Hazard](#)

The U.S. Consumer Product Safety Commission and Health Canada, in cooperation with Infantino LLC, of San Diego, Calif., are voluntarily recalling about 172,000 (in the United States) and 12,000 (in Canada) Infant Toys. The infant toys have blue metallic fabric that can detach from the toy, posing a choking hazard to young children.

[Maytag Recalls Refrigerators Due to Fire Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Maytag Corp., of Newton, Iowa, is voluntarily recalling about 1.6 million Maytag®, Jenn-Air®, Amana®, Admiral®, Magic Chef®, Performa by Maytag® and Crosley® brand refrigerators. An electrical failure in the relay, the component that turns on the refrigerator's compressor, can cause overheating and pose a serious fire hazard.

[Wall-Mounted Radiators Recalled by Rettig Belgium Due to Crush Hazard; Child's Death Reported](#)

The U.S. Consumer Product Safety Commission, in cooperation with Rettig Belgium NV, of Belgium, is voluntarily recalling about 36 (in the United States, 113,000 worldwide) Radson Wall-Mounted Radiators. The radiator can come loose from the wall, and fall on people near it.

[Off-Road Bike Engine Parts Recalled by Wiseco Due to Crash Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Wiseco Performance Products, of Mentor, Ohio, is voluntarily recalling about 420 Off-Road Dirt Bike Connecting Rods or Crankshaft Assemblies. Engine stress could cause the connecting rods to crack and the engine to lock up, posing a crash hazard.

[Ritchie Immersion Heaters Recalled By Springfield Wire Due to Shock Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Springfield Wire Inc. (SWI), of Springfield, Mass., is voluntarily recalling about 13,000 Ritchie Immersion Heaters. The outer cover of the immersion heater can crack and expose the heating element to water, posing a shock hazard to consumers.

[Holiday Lights Recalled by Universal Distribution Center Due to Shock and Fire Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Universal Distribution Center LLC, of Edison, N.J., is voluntarily recalling about 52,000 Holiday Ultra-Brite Lights. The lights have undersized wires that can easily pull out of the plugs and light sockets becoming exposed. This poses an electric shock and fire hazard to consumers.

[All-Clad Recalls 4-Square Belgian Waffle Makers Due to Shock Hazard; Sold Exclusively at Williams-Sonoma](#)

The U.S. Consumer Product Safety Commission, in cooperation with All-Clad Metalcrafters LLC, of Canonsburg, Pa., is voluntarily recalling about 30,000 All-Clad 4-Square Belgian Waffle Makers. Wiring inside the waffle maker can be damaged and contact the waffle maker's metal body, posing a shock or fire hazard to consumers.

[Nautilus Recalls Bowflex® Home Gyms Due to Risk of Injury](#)

The U.S. Consumer Product Safety Commission, in cooperation with Nautilus Inc., of Vancouver, Wash., is voluntarily recalling about 78,000 Bowflex® Ultimate 2 Home Gyms

(about 68,000 home gyms were recalled on December 6, 2007). The home gym's horizontal seat rail is designed to be latched in a vertical position for storage. If the seat rail is not manually latched, it can fall unexpectedly on the user or a bystander, posing a risk of serious injury.

[Children's Flip Flops Recalled by Alpargatas Due to Violation of Lead in Paint Standard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Alpargatas USA Inc., of New York, N.Y., is voluntarily recalling about 210,000 Children's flip flops. Decorative paint on the sole of the flip flops can contain levels of lead in excess of the federal standard.

[Seventh Avenue Recalls Tealight Candleholders Due to Fire Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Seventh Avenue, is voluntarily recalling about 430 Tealight Candleholders (imported by Berkeley Designs, of Hawthorne, Calif.). The faceted resin accents on the sides of the candleholder can ignite, posing a fire hazard.

[Frontrow Recalls to Replace Rechargeable Batteries Sold with PA System Microphones Due to Burn Hazard](#)

The U.S. Consumer Product Safety Commission, in cooperation with Frontrow, of Petaluma, Calif., is voluntarily recalling about 41,000 NIMH AA Rechargeable Batteries. The batteries can rapidly overheat, posing a burn hazard to the user.

April 2009

[Pumpkin Patch Recalls Hooded Girls' Raincoats with Drawstrings Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Pumpkin Patch LLC, of San Mateo, Calif., is voluntarily recalling about 800 Pumpkin Patch Hooded Girls' Raincoats. The raincoats have a drawstring through the hood which poses a strangulation hazard to children.

[Jardine Announces Second Recall Expansion of Cribs Sold by Babies'R'Us; Cribs Pose Entrapment and Strangulation Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Jardine Enterprises, of Taipei, Taiwan, is voluntarily recalling about 96,000 Jardine Cribs (320,000 units were previously recalled in June 2008 and 56,450 units were recalled in January 2009). The wooden crib slats can break, creating a gap, which can pose an entrapment and strangulation hazard to infants and toddlers.

[Gap Recalls Children's Coats; Toggles Can Break and Detach Posing Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC) and Health Canada (HC), Gap Inc., of San Francisco, Calif., is voluntarily recalling about 19,200 (U.S.) and 3,900 (Canada) babyGap Children's Coats. The coats have toggle fasteners that could break and detach from the coat, posing a choking hazard to young children.

[Popcorn Machines Recalled by DTX International Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), DTX International (d/b/a Great American Popcorn Co.), of Mancelona, Mich., is voluntarily recalling about 220 Popcorn Machines. The heating element of the popcorn machine's warming deck can remain on after being switched off. This poses a burn hazard to users.

[Hair Dryers Recalled by Universalink International Trading Due to Electrocuting Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Universalink International Trading Inc., of La Puente, Calif., is voluntarily recalling about 3,000 Special and Narita Hair Dryers. The hair dryers are not equipped with an immersion protection device to prevent electrocution if the hair dryer falls into water. Immersion protection devices, which prevent electrocution, are required by industry standards for all electric hand-held hair dryers.

[HMI Industries Recalls Floor Cleaners Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), HMI Industries Inc., of Strongsville, Ohio, is voluntarily recalling about 44,000 "Majestic 360" Floor Cleaners. The

recalled cleaners' wiring can overheat, causing electrical arcing and melting. This poses a burn hazard to consumers.

[Dinosaur Play Sets Recalled by DND Imports Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), DND Imports, of Los Angeles, Calif., is voluntarily recalling about 50 Dinosaur Play Sets. The surface paint on the monkey figure contains excessive levels of lead, violating the federal lead paint standard.

[Under Armour Recalls Athletic Cups Due To Injury Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Under Armour Inc, of Baltimore, Maryland, is voluntarily recalling about 211,000 Under Armour Athletic Cups. The cups can break if hit, posing a risk of serious injury hazard to athletes.

[Leg Curl Fitness Machines Recalled by Paramount Fitness Due To Crushing Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Paramount Fitness Corp., of Los Angeles, Calif., is voluntarily recalling about 150 Leg Curl Machines. A consumer's hand can become caught between the cylindrical counter weight and the frame of the fitness machine, posing a crushing hazard that can result in lacerations and finger amputation.

[Women's Chenille Robes Recalled by Blair Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Blair LLC, of Warren, Pa., is voluntarily recalling about 162,000 Full Length Women's Chenille Robes. Some robes fail to meet federal flammability requirements and present a risk of serious burns to consumers if they are exposed to an open flame.

[Toaster Oven/Broilers Recalled by Haier America Due to Burn or Electrical Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Haier America Trading L.L.C., of New York, N.Y., is voluntarily recalling about 106,000 Toaster Oven/Broilers. Electrical connections in the toaster oven/broilers can become loose, posing electrical shock and burn hazards.

[SportsPlay Equipment Recalls Playgrounds Due to Violation of Lead Paint Ban](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), SportsPlay Equipment Inc., of St. Louis, Mo., is voluntarily recalling about 540 Playgrounds. The handrails and posts on the playground contain high levels of lead paint. Lead can be toxic if ingested by young children and can cause adverse health effects.

[Specialized Bicycle Components Recalls Bicycles Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Specialized Bicycle Components Inc., of Morgan Hill, Calif., is voluntarily recalling about 3,000 2004 Roubaix Comp Roubaix Pro bicycles. The cable stop on the bicycle can loosen, which can cause the rider to lose control and fall from the bike.

[Specialized Bicycle Components Recalls Bicycles Due to Serious Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Specialized Bicycle Components Inc., of Morgan Hill, Calif., is voluntarily recalling about 14,000 Specialized 2009 Model Bicycles. The handlebars can break, posing a fall hazard to the rider.

[Fitness Balls Recalled by EB Brands Due to Fall Hazard; New Assembly Instructions Provided](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), EB Brands, of Yonkers, New York, is voluntarily recalling about 3 million Bally Total Fitness, Everlast, Valeo and Body Fit Fitness Balls. An overinflated fitness ball can unexpectedly burst while in use, causing the user to fall to the floor.

[Toy Maracas Recalled by Tupperware U.S. Due to Choking and Suffocation Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Tupperware U.S. Inc., of Orlando, Fla., is voluntarily recalling about 44,000 Shape-O Toy Maracas. The maracas can break and expose small parts, posing a choking hazard to young children. In addition, the handle poses a suffocation hazard to young children.

[Bush Hog Off-Road Utility Vehicles Recalled Due to Loss of Speed Control; Cash Incentive Offered](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Bush Hog LLC, of Selma, Ala., is voluntarily recalling about 850 Bush Hog Off-Road Utility Vehicles. The utility vehicle's throttle cable can lock in freezing temperatures. This can cause the engine not to return to idle when the driver takes his or her foot off the accelerator pedal, posing a risk of loss of vehicle control and injury to the driver and passenger.

[Senseo One-Cup Coffeemakers Recalled by Philips Consumer Lifestyle Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Philips Consumer Lifestyle, of Stamford, Conn., is voluntarily recalling about 155,000 Philips Senseo One-Cup Coffeemakers. An electrical fault and the build-up of calcium from hard or medium water can cause an obstruction in the coffeemaker. If this happens, the boiler can burst, posing a burn hazard to consumers.

[Ross Stores Recalls Folding Patio Chairs Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Ross Stores Inc., of Pleasanton, Calif., is voluntarily recalling about 730 Folding Patio Chairs. The side supports on these chairs can splinter when weight is placed on them, posing a fall hazard to consumers.

[Women's Shoes Recalled by Wal-Mart Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Wal-Mart Stores Inc., of Bentonville, Ark., is voluntarily recalling about 200,000 pairs of Women's Shoes. Heels on the shoes can easily detach, posing a fall hazard to consumers.

["CARS" Children's Shoes Sold Exclusively at Wal-Mart Recalled by Pagoda International Footwear Ltd. Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC) and Health Canada, Pagoda International Footwear Ltd., of Hong Kong, is voluntarily recalling about 73,000 (distributed in the United States) and 18,000 (distributed in Canada) pairs of CARS Fleece Clog Children's Shoes. The shoe has four decorative wheels that can detach, posing a choking hazard to young children.

[GE Recalls Ranges Due to Fire and Burn Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), GE Consumer & Industrial, of Louisville, Ky., is voluntarily recalling about 28,000 GE Profile™ Freestanding Dual Fuel Ranges. The wiring in the rear of the range can overheat, posing a fire and burn hazard to consumers.

[Simplicity Play Yards Recalled by Various Retailers Due to Fall and Entrapment Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Burlington Coat Factory, of Burlington, N.J., Babies R Us, of Wayne, N.J., Target, of Minneapolis, Minn., and Kohl's Department Stores, of Menomonee Falls, Wis., are voluntarily recalling about 25,000 Simplicity Travel Tender Play Yards. One or more rails can collapse unexpectedly, posing a fall or entrapment hazard to young children.

[Pacifiers Recalled by Healthtex Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Healthtex, of Miami, Fla., is voluntarily recalling about 40,000 Zoo Pacifiers. The pacifiers failed to meet federal safety standards. The nipples can separate from the base easily, posing a choking hazard to young children.

[Stanley and Solarwide Industrial Recall Stud Sensors Due to Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Stanley Works, of New Britain, Conn., and Solarwide Industrial Ltd., of Hong Kong, are voluntarily recalling about 78,000 Stanley® Stud Sensors 200 and Stanley® FatMax® Stud Sensors 400. The stud sensor can fail to calibrate properly and detect AC electrical wires behind the wall, posing a shock hazard to the user.

[Polaris Industries Recalls Snowmobiles Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Polaris Industries Inc., of Medina, Minn., is voluntarily recalling about 7,200 Polaris Snowmobiles. The fuel lines on the snowmobiles can make contact with one another, which could result in a fuel leak. This can pose a fire hazard to consumers.

[Honeywell International Recalls Vista Security System Control Panels Due to Failure of Panic Feature](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Honeywell International Inc., of Melville, N.Y., is voluntarily recalling about 7,000 “Vista Residential” Security System Control Panels. Security systems programmed with a wireless silent panic feature can fail to operate properly the first time the panic button is pressed on the remote transmitter. If the panic button is pressed only once, this can unexpectedly leave residents without a triggered alarm during an emergency.

[Atico International USA Recalls Coffeemakers Sold Exclusively At Walgreens Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Atico International USA Inc., of Fort Lauderdale, Fla., is voluntarily recalling about 500,000 Signature Gourmet™ 12-Cup Programmable Coffeemakers and Kitchen Gourmet® 10-Cup Coffeemakers. These coffeemakers can ignite due to an electrical failure, posing a fire hazard.

[Best Buy Announces the Recall of Certain Insignia 26-Inch Flat-Panel LCD Televisions Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Best Buy Co. Inc., of Richfield, Minn., is voluntarily recalling about 13,300 Insignia 26-inch flat-panel LCD model IS-LCDTV26 televisions. The television’s power supply can fail, posing a fire and burn hazard to consumers.

[Best Buy Announces the Recall of Certain Rocketfish Universal Portable Power Sources Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Best Buy Co. Inc., of Richfield, Minn., is voluntarily recalling about 1,400 Rocketfish Model RF-INV80 Universal AC/DC/USB Portable Power Source. While charging the battery, the power source can unexpectedly ignite, posing a fire hazard to consumers.

[SunKids Convertible Cribs Recalled by Suntech Enterprises Due to Entrapment and Suffocation Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Suntech Enterprises Inc., of City of Commerce, Calif., is voluntarily recalling about 1,900 SunKids Convertible Cribs. The sides of the crib are made of mesh that expands, creating a gap between the side and the crib’s mattress if it’s not zipped into place, or a gap between the side and an added mattress. A young child can slip into this gap and become entrapped or suffocate. Also, the crib’s drop side can fail to fully latch posing a fall hazard to young children.

[Faulty Installation Instructions Prompt RadioShack Corp. Recall of Electrical Switches; Shock Hazard to Consumers](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), RadioShack Corp., of Fort Worth, Texas, is voluntarily recalling about 18,000 Illuminated Round Rocker Switches. The wiring diagram on the switch’s package is incorrect. The Neutral and Line notation is reversed, posing a shock hazard to consumers.

[Radio Transmitters for Model Aircrafts Recalled by Horizon Hobby Due to Impact and Laceration Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Horizon Hobby Inc., of Champaign, Ill., is voluntarily recalling about 15,000 Spektrum DX6i Radio Transmitters used with model aircrafts. The defective radio transmitters can cause model airplanes and

helicopters they control to fall from the sky while in flight and crash into bystanders or property. The propellers can also spin unexpectedly injuring a person standing too close or working on the aircraft. This poses impact and laceration hazards to consumers and a risk of property damage.

[Evenflo Recalls Envision™ High Chairs Due to Fall and Choking Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Evenflo Company Inc., of Miamisburg, Ohio, is voluntarily recalling about 643,000 Evenflo Envision™ High Chairs. Recline fasteners and metal screws on both sides of the high chair can loosen and fall out, allowing the seatback to detach or recline unexpectedly. Children can fall backwards or fall out of the high chair and suffer bumps and bruises to the head, abrasions, cuts and bruises. Detached hardware also poses a choking hazard to children.

[Evenflo Expands Recall of Majestic™ High Chairs Due to Fall and Choking Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Evenflo Company Inc., of Miamisburg, Ohio, is voluntarily recalling about 90,000 Evenflo Majestic™ High Chairs (95,000 were recalled in December 2008). Plastic caps and metal screws on both sides of the high chair can loosen and fall out, allowing the seatback to suddenly fall back or detach from the high chair. Children can fall backwards or fall out of the high chair and suffer bumps and bruises to the head, broken bones, abrasions, cuts and bruises. Detached hardware also poses a choking hazard to children.

[Lakeshore Learning Materials Recalls Children's Toy Boxes Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Lakeshore Learning Materials, of Carson, Calif., is voluntarily recalling about 3,600 What's Inside? Soft Toy Boxes. The head of the stuffed butterfly toy can detach from the body, posing a choking hazard to children.

[Brave Products Reannounces Recall of Log Splitters; Additional Incidents Prompt Urgent Warning of Amputation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Brave Products Inc., of Streator, Ill., is voluntarily recalling about 12,000 Log Splitters. The log splitter's hydraulic cylinders can have defective rod retention, causing the seals to leak and the rods to detach. This can result in serious injury to the operator, as the rod can rapidly and unexpectedly extend the splitting wedge.

May 2009

[Home Depot Recalls Patio Umbrellas Due to Risk of Impact Injury](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Home Depot, of Atlanta, Ga., is voluntarily recalling about 60 Offset Patio Umbrellas. The patio umbrella and its pole could tip over and strike consumers if the umbrella's collar or sleeve is not removed prior to closing the umbrella, posing a risk of impact injury to consumers.

[Outdoor Play Sets Sold Exclusively at Toys“R”Us Recalled by Step2® Due to Fall Hazard; Swings Can Break](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Step2 Company LLC, of Streetsboro, Ohio, is voluntarily recalling about 4,300 Step2 Play Up Gym play sets. The triangular hangers that attach the swing's ropes to the upper rail of the play set can break, posing a fall hazard to children.

[Trampolines Recalled by Skywalker Holdings; Enclosure Problems Can Result in Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Skywalker Holdings LLC, of Brigham City, Utah, is voluntarily recalling about 60,000 13-foot Square Trampolines. The straps supporting the top of the trampoline's enclosure to the poles can fail. The enclosure could drop if these straps break, posing a risk that a user could fall from the trampoline.

[Samsung Recalls to Upgrade Certain Cell Phones; Could Fail to Reach Emergency 911 in a No-Service Area](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Samsung Telecommunications America, of Richardson, Texas, is voluntarily recalling about 160,000 Samsung “Jitterbug” Cell Phones. The recalled cell phones that are in a no-service area and display an “out of range, try again later” message could fail to connect to emergency 911.

[Ross Stores Recalls Benches Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Ross Stores Inc., of Pleasanton, Calif., is voluntarily recalling about 225 39” St. Anne Acacia Benches. The bench frame can collapse when weight is placed on it, posing a fall hazard to consumers.

[Bunn-O-Matic Recalls Single Cup Tea/Coffeemakers Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Bunn-O-Matic Corp., of Springfield, Ill., is voluntarily recalling about 35,600 Bunn® Single Cup Pod Brewers. The pod drawer of the pod brewer can open unexpectedly during a brew cycle, posing a burn hazard to consumers.

[Girl’s Hooded Sweatshirts Recalled by Ely and Walker Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Ely and Walker, of Lebanon, Tenn., is voluntarily recalling about 580 Cumberland Outfitters Girl’s Hooded Sweatshirts. The sweatshirts have a drawstring through the hood which can pose a strangulation hazard to children.

[Cannondale Recalls Bicycles; JD Forks Can Lose Alignment, Posing Crash Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Cannondale Bicycle Corp., of Bethel, Conn., is voluntarily recalling about 1,500 Bicycles with JD suspension forks. The recalled bicycle’s fork can lose alignment causing the front wheel to turn unexpectedly. This can cause the rider to lose control of the bicycle and crash.

[Trek Recalls Bicycles; JD Forks Can Lose Alignment, Posing Crash Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Trek Bicycle Corp., of Waterloo, Wisc., is voluntarily recalling about 16,000 Bicycles with JD suspension forks. The recalled bicycle’s fork can lose alignment causing the front wheel to turn unexpectedly. This can cause the rider to lose control of the bicycle and crash.

[Norco Recalls Bicycle Frames Due to Crash Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Norco Performance Bikes, of British Columbia, Canada, is voluntarily recalling about 3,600 Norco Bicycle Frames. The bicycle frame can crack and separate, causing a rider to fall from the bicycle and suffer injuries.

[Digital Clamp Meters Recalled by Fluke Due to Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Fluke Corp., of Everett, Wash., is voluntarily recalling about 52,000 Fluke Digital Clamp Meters. The meters can fail to give an appropriate voltage reading, resulting in the operator falsely believing the electrical power is off, posing a shock, electrocution, or thermal burn hazard.

[HP Recalls Notebook Computer Batteries Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Hewlett-Packard Co., of Palo Alto, Calif., is voluntarily recalling about 70,000 lithium-Ion batteries used in Hewlett-Packard and Compaq notebook computers. The recalled lithium-ion batteries can overheat, posing a fire and burn hazard to consumers.

[Folding Toy Beach Chairs Recalled by Build-A-Bear Workshop Due to Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC) and Health Canada, Build-A-Bear Workshop®, of St. Louis, Mo., is voluntarily recalling about 260,000 chairs (in the United States) and 9,700 in Canada Folding Toy Beach Chair for Stuffed Animals. This toy chair legs can bruise, pinch or cut fingers if caught while folding.

[Eddie Bauer Play Yards with Rocking Bassinets Recalled by Dorel Juvenile Group Due to Suffocation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC) and Health Canada, Dorel Juvenile Group Inc., of Columbus, Ind., is voluntarily recalling about 71,000 (in the United States) and about 5,600 in Canada Eddie Bauer Soothe & Sway Play Yards. The play yard's rocking bassinet attachment can tilt even when secured by straps in the non-rocking mode or can stay tilted without returning to a level sleeping surface while in the rocking mode, causing an infant to roll to the corner or side of the bassinet. The infant can then become wedged in the corner or pressed against the side or bottom of the bassinet, posing a risk of suffocation or positional asphyxiation.

[Gothic Cabinet Craft Recalls Bunk Beds Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Gothic Cabinet Craft Inc., of Maspeth, N. Y., is voluntarily recalling about 1,500 Twin, Twin Extra-Large, and Twin Over Full Bunk Beds. The bunk beds do not have sufficient headboards, footboards, or guardrails and have gaps between parts of the upper bunk that could allow a child's body to pass through but not a child's head. These bunk beds pose a fall, entrapment, and strangulation hazard to children and violate the spacing requirements of the federal bunk bed safety standard.

[Composite Decks Recalled by Louisiana-Pacific; Decks Can Deteriorate and Break, Posing Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Louisiana-Pacific (LP) Corp., of Nashville, Tenn., is voluntarily recalling about 48 million linear feet of Composite Decking. The recalled decking can prematurely deteriorate and unexpectedly break. Consumers can fall through broken decking and suffer serious injuries.

[Engine Block and Battery Heaters Used on Polaris Snowmobiles Recalled Due to Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Polaris Industries Inc., of Medina, Minn., is voluntarily recalling about 530 2009 Widetrak Snowmobiles and Engine Block and Battery Heaters. The insulation of the electrical cord for the engine and battery heaters can fail during cold temperatures, posing an electric shock hazard to consumers.

[Fushin USA Recalls Youth Model ATVs Due to Risk of Injury to Young Riders](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Fushin USA LLC, of Dallas, Texas, is voluntarily recalling about 650 Fushin ATVs. These ATVs lack front brakes, a tire pressure gauge, and padding to cover the sharp edges on the handlebar assembly, which could pose a risk of injury to young riders.

[Browning and Rocky Mountain Elk Foundation Recall Knife Sheaths Due to Defect](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Browning, of Morgan, Utah and Rocky Mountain Elk Foundation, of Missoula, Mont., are voluntarily recalling about 10,000 Skinner Knife Sheaths. The knife can cut through the sheath because there is no blade guard in the sheath. This poses a laceration hazard to consumers.

[Lumetique Recalls Botanika Candles Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Southern California Candle Co. Inc., of Los Angeles, Calif., is voluntarily recalling about 7,000 DayNa Decker 16 ounce Botanika Candles. The glass can break during use, posing a fire hazard.

[Dahon and REI Novara Folding Bicycles Recalled Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Dahon California Inc., of Duarte, Calif. and Recreational Equipment Inc. (REI), of Kent, Wash., are voluntarily recalling about 11,500 2008 model year Dahon and REI Novara Folding Bicycles. The hinge on the handlepost can crack, posing a fall hazard.

[Children's Hooded Jackets with Drawstrings Recalled by Jason Evans Associates Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Jason Evans Assoc. LLC, of Hewlett, N.Y., is voluntarily recalling about 1,300 Children's Hooded Jackets. The jackets have a drawstring through the hood which can pose a strangulation hazard to children.

[Off-Road Motorcycles Recalled by KTM North America Due to Front Fork Failure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), KTM North America Inc., of Amherst, Ohio, is voluntarily recalling about 550 Off-Road Motorcycles. The front fork inner tube on the off-road motorcycles can crack and separate from the fork axle, posing a risk of injury or death to the operator.

[Commercial Freezers Used in Grocery Stores Recalled By Unilever Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Unilever, dba Good Humor Breyers United States, of Trumbull, Conn., is voluntarily recalling about 960 Fricon Upright Freezers. The controller of the freezer is incompatible with the unit and can overheat and melt the relay, posing a fire hazard.

[Richard Abraham Herder KG Recalls Torque Wrenches Due to Risk of Injury](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Richard Abraham Herder KG, of Solingen, Germany, is voluntarily recalling about 670 Torcofix/Torcoflex and Mountz Torque Wrenches. The internal spring mechanism on the wrench can fail or break, allowing bolts or screws to break or become unscrewed, posing a risk of injury to the user or bystander.

[Children's Jewelry Craft Kits Recalled by Action Products International Due to Risk of Lead Exposure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC) and Health Canada, Action Products International Inc., of Ocala, Fla., is voluntarily recalling about 2,900 (in the United States) and 36 (in Canada) Abalone and Venetian Carnevale Necklace Craft Kits. The lobster clasps in both craft kits contain high levels of lead. The Abalone Necklace's pendant also contains high levels of lead. Lead can be toxic if ingested by young children and can cause adverse health effects.

[Wagner Spray Tech Recalls Paint Sprayers Due to Electrical Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Wagner Spray Tech Corp., of Plymouth, Minn., is voluntarily recalling about 35,000 Wagner Paint Sprayers. The on-off switch can be dislodged from the casing, resulting in exposure of electrical connections. This can pose an electrical shock hazard to the consumer.

[Ambler Mountain Works Recalls Children's Knitted Hats Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Ambler Mountain Works, of Canmore, Alberta, Canada, is voluntarily recalling about 370 Erwin Beanie and Poseidon Beanie Children's Knitted Hats. The eyeballs on the Erwin Beanie and the octopus legs on the Poseidon Beanie can come loose, posing a potential choking hazard.

June 2009

[Big Muddy Motor Sports Recalls Generators Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Big Muddy Sports, of Perryville, Mo., is voluntarily recalling about 450 PowerPlus Generators. The 220-volt receptacle can fail to produce power correctly and cause power surges that can damage appliances. This poses a risk of fire and possible injury to consumers.

[DEWALT Recalls Framing Nailers Due to Serious Injury Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), DEWALT Industrial Tool Co., of Towson, Md., is voluntarily recalling about 9,000 DEWALT D51825 and D51850 Framing Nailers. The bump action trigger on the framing nailers could have been

incorrectly assembled during production, which would allow the nailer to eject a fastener unexpectedly or cause the trigger lock-off not to function. This can pose a serious injury hazard to the user or bystander.

[Violation of Federal Mattress Flammability Standard Prompts Recall by Loyal Bedding of Mattress Sets](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Loyal Bedding Inc., of Miami, Fla., is voluntarily recalling about 2,700 Loyal Bedding Mattress Sets (Mattresses and Mattresses with Foundations). The mattresses sets fail to meet the mandatory federal open flame standard for mattresses, posing a fire hazard to consumers.

[Crane Plumbing Recalls Bath Tubs With A Whirlpool Due to Entrapment and Drowning Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Crane Plumbing LLC, of Dallas, Texas, is voluntarily recalling about 5,500 Crane Bath Tubs With A Whirlpool. The drain covers in the tubs can entangle a bather's hair in the openings, causing the bather's head to be held under water, which can result in drowning.

[Applica Consumer Products Inc. Recalls Black & Decker® Spacemaker™ Coffeemakers Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Applica Consumer Products Inc., of Miramar, Fla., is voluntarily recalling about 584,000 Black & Decker® brand Spacemaker™ Coffeemakers. The brew basket can shift out of alignment allowing hot water to overflow. This poses a scalding and burn hazard to consumers.

[Diving Wings With Defective Inner Bladders Recalled by Poseidon Due to Drowning Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Poseidon West, of West Lake Village, Calif., Poseidon Central, of Conroe, Texas, and American Divers Division, of Alexandria Bay, N.Y., are voluntarily recalling about 300 Besea W50 Diving Wings with Poseidon Inner Bladders. The inner bladder located inside the diving wing can break, causing the wing to fail to operate as a floating/buoyancy device. This poses a drowning hazard to divers.

[Loaded Boards Recalls Orangatang Skateboard Wheels; Blow-outs Pose Risk of Injury to Riders](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Loaded Boards Inc., of Beverly Hills, Calif., is voluntarily recalling about 1,200 sets of Orangatang Skateboard Wheels. The recalled skateboard wheel's core can shear and blow-out causing the wheel to separate from the skateboard truck's axle and bearings. This poses a risk of serious injury to riders.

[SmartSpark Energy Systems Recalls Battery Equalizers Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), SmartSpark Energy Systems Inc., of Champaign, Ill., is voluntarily recalling about 800 BattEQ Battery Equalizers. The recalled equalizers can overheat, posing a fire and burn hazard to consumers.

[Body Boards Recalled by JGR Copa Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), JGR Copa LLC, of Hollywood, Fla., is voluntarily recalling about 900 18" Kick Body Boards. The green surface coating of the screened logo "Big Lizard™ body boards" on the underside of the body board contains excessive levels of lead, violating the federal lead paint standard.

[Children's Necklace and Bracelet Sets Recalled by D&D Distributing-Wholesale Due To Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), D&D Distributing-Wholesale Inc., of Tacoma, Wash., is voluntarily recalling about 29,000 "Chelsea's" Necklace and Bracelet Sets. Small parts can detach from the necklace and bracelet when the elastic string break, posing a choking hazard to young children.

[Macy's Recalls Children's Hooded Sweatshirts Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Macy's Merchandising Group Inc., of New York, N.Y., is voluntarily recalling about 33,000 Epic

Threads and Greendog Hooded Sweatshirts. The sweatshirts have a drawstring sewn at the base of the hood which can pose a strangulation hazard to children.

[Campbell Hausfeld Recalls Air Compressors Due to Fire Hazard; Sold Exclusively at Wal-Mart](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Campbell Hausfeld, of Harrison, Ohio, is voluntarily recalling about 16,000 Campbell Hausfeld Air Compressors. The compressor's thermal overload, which shuts the unit off when it overheats, can fail. This can lead to overheating, melting of parts and a risk of fire.

[Laceration Hazard Prompts Recall by Starbucks of Coffee Grinders; Made by Tsann Kuen](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Starbucks Coffee Co., of Seattle, Wash., is voluntarily recalling about 530,000 Starbucks Barista® Blade Grinders and Seattle's Best Coffee® Blade Grinders. The grinder can fail to turn off or can turn on unexpectedly, posing a laceration hazard to consumers.

[Wagner Spray Tech Recalls Heat Guns Due to Fire and Burn Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Wagner Spray Tech Corp., of Minneapolis, Minn., is voluntarily recalling about 300,000 Heat Guns. An electrical component failure inside the heat guns can cause them to continue to produce heat after the power switch is turned off. This can melt the heat gun's plastic exterior, causing a burn if the heat gun is touched and ignite nearby combustibles, posing fire and burn hazards.

[Viking Range Corporation Recalls Built-In Refrigerators Due to Injury Hazard; Doors Can Detach](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Viking Range Co., of Greenwood, Miss., is voluntarily recalling about 45,000 Viking Built-In Side-by-Side Refrigerator/Freezers and Refrigerators with Bottom Freezers. The refrigerator's doors can detach, posing an injury hazard to consumers.

[W.P. Appliances Inc. Recalls Wolfgang Puck Toaster Oven/Toasters](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), W.P. Appliances is voluntarily recalling about 1,500 Wolfgang Puck Toaster Oven/Toasters. The toaster oven can remain "on" after the toast pops up, posing a fire hazard.

[Six Reported Deaths Prompt Urgent Re-announcement of Blair Recall of Women's Chenille Robes](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Blair LLC, of Warren, Pa., is voluntarily re-announcing the recall of about 162,000 full length Chenille Robes. Some robes fail to meet federal flammability requirements and present a risk of serious burns to consumers if they are exposed to an open flame.

[Children's Hooded Sweatshirts with Drawstrings Recalled by Winterbee Due To Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Winterbee Inc. d.b.a. Speedy, of Los Angeles, Calif., is voluntarily recalling about 80,000 Speedy Children's Hooded Zipper Jackets and Kids Hooded Pullover Jackets. The jackets have a drawstring through the hood, which can pose a strangulation hazard to children.

[LaJobi Recalls Babi Italia Pinehurst and Bonavita Hudson Drop Side Cribs; Risk of Entrapment and Suffocation](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), LaJobi Inc., of Cranbury, N.J., is voluntarily recalling about 2,900 Bonavita "Hudson" and Babi Italia "Pinehurst" Drop Side Cribs. The lower spring pins on the footboard and headboard can pop out of the tracks located on the drop side causing the drop side to detach from the crib. When the drop side detaches, it creates a hazardous gap between the drop side and the crib mattress in which infants and toddlers can become entrapped and suffocate or fall from cribs.

[LaJobi Recalls Bonavita “Cabana” Drop Side Cribs Due To Entrapment and Strangulation Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), LaJobi Inc., of Cranbury, N.J., is voluntarily recalling about 2,000 Bonavita “Cabana” Drop Side Cribs. The wooden crib slats can detach or break creating a gap, which can pose an entrapment and strangulation hazard to infants and toddlers.

[Children’s Loungewear Recalled by Warm Biscuit Bedding Due to Violation of Federal Flammability Standards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Warm Biscuit Bedding Co., of New York, N.Y., is voluntarily recalling about 9,500 Children’s Loungewear Garments. The loungewear garments fail to meet children’s sleepwear federal flammability standards which require sleepwear, including loungewear, to be either snug-fitting or flame resistant.

[Outdoor Playset Gliders Recalled by Backyard Play Systems Due to Fall Hazard; Repair Kit Provided](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Backyard Play Systems LLC, of Monroe, Mich., is voluntarily recalling about 1800 Outdoor Playset Gliders. The retaining rings used to secure the gliders to the playset can become loose or detached, posing a fall hazard to children.

[Hair Dryers Recalled by Vintage International Due to Electrocutation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Vintage International Inc., of Hacienda Heights, Calif., is voluntarily recalling about 2,300 National and Sanyo Hand-Held Hair Dryers. The hair dryers are not equipped with an immersion protection device to prevent electrocution if the hair dryer falls into water. Immersion protection devices, which prevent electrocution, are required by industry safety standards for all electric hand-held hair dryers.

[Bicycles Recalled by REI Due to Fork Failure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Recreational Equipment Inc. (REI), of Kent, Wash., is voluntarily recalling about 260 2005 Novara Trionfo Bicycles. The fork can separate from the steerer tube which can cause the rider to lose control, posing a fall hazard.

[Bugaboo Recalls Strollers Due to Risk of Brake Failure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Bugaboo North America Inc., of Hermosa Beach, Calif., is voluntarily recalling about 22,500 Bugaboo Bee Strollers. One or both sides of the brakes can fail, causing a stroller to unexpectedly roll away on an incline. This can pose a risk of injury to the child occupant.

July 2009

[Bass Amplifiers Recalled by Fender Musical Instruments Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Fender Musical Instruments Corp. (FMIC), of Scottsdale, Ariz., is voluntarily recalling about 90 SWR® Natural Blonde™ Acoustic Bass Amplifiers. The recalled amplifier’s wiring can overheat, posing a fire hazard.

[Frigidaire Recalls Clothes Washers Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Frigidaire, of Cleveland, Ohio, is voluntarily recalling about 35,000 Crosley®, Frigidaire®, Kelvinator®, Kenmore®, Wascomat®, and White-Westinghouse® clothes washers. An internal defect in the washer’s drain pump can cause heat to build up, posing a fire hazard to the consumer.

[Sherwin-Williams Recalls Purdy Scrapers Due to Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Sherwin-Williams Co., of Cleveland, Ohio, is voluntarily recalling about 76,000 Purdy 2 ½” 4-Edge Scrapers. The recalled scraper’s body can break away from the handle when struck against a hard object. This poses a laceration hazard to users.

[Little Tikes Recalls Clubhouse Swing Sets Due to Fall Hazard; New Assembly Directions to Be Provided](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Little Tikes, of Hudson, Ohio, is voluntarily recalling about 1,950 Little Tikes Clubhouse Swing Sets. The recalled swing sets did not come with assembly directions for the swing seat harness. The swing seat harness assembly needs to be completed by the consumer. The swing seats can detach if the harness is not assembled properly, which could result in fall and injury during use.

[Boy’s Hooded Sweatshirts with Drawstrings and Warm up Sets Recalled by Burlington Coat Factory Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Burlington Coat Factory, of Burlington, N.J., is voluntarily recalling about 13,300 Boys Hooded Sweatshirts and Warm Up Sets. The sweatshirts and jackets to the warm up sets have drawstrings through the hoods, posing a strangulation hazard to children.

[Bed Steps Recalled by Domestications Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Domestications, of Weehawken, N.J., is voluntarily recalling about 780 Domestications Bed Steps. The bed steps can break during use, posing a fall hazard to consumers.

[Blitz USA Recalls Enviro-Flo™ Plus Fuel Containers Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Blitz USA Inc., of Miami, Okla., is voluntarily recalling about 4,000 Enviro-Flo Plus Fuel Containers (1 and 2 gallon container sizes). The spout’s plunger cap can dislodge which can open the seal of the fuel container and allow gasoline vapors to escape. This could cause liquid gasoline to spill from the top of the container during use and result in a fire hazard.

[BabySwede LLC Recalls Bouncer Chairs Due to Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), BabySwede LLC, of Cleveland, OH, is voluntarily recalling about 6,500 BabyBjörn® Babysitter Balance and BabyBjörn® Babysitter Balance Air bouncer chairs. Small, sharp metal objects found in the padded area of the bouncer chair can protrude, posing a laceration hazard to children.

[Reflections of Magic Mirrors Recalled By Lyne Yi International Due to Impact and Laceration Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Lyne Yi International is voluntarily recalling about 600 “Reflections of Magic” Hanging Mirrors (Importer/Distributed by The Bradford Exchange Ltd., of Niles, Ill.). The metal plate used for hanging the mirror can become detached and cause the mirror to fall, posing an impact or laceration hazard to consumers.

[LeapFrog Recalls Electronic Plush Toys Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), LeapFrog Enterprises Inc., of Emeryville, Calif., is voluntarily recalling about 3,700 My Pal Scout Electronic Plush Toy Dogs. The decals on the paws of the plush toy can be removed and ingested by a child, posing a choking hazard.

[Sevca LLC Recalls Sevylor® Tow Behinds; Quick Hitch Connectors Break, Posing Serious Hazard to Users](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Sevca, LLC of Wichita, KS, is voluntarily recalling about 94,000 Sevylor® Tow Behinds with Quick Hitch Connectors. The Quick Hitch, which connects the towable to the boat, can break and project

pieces of the plastic Quick Hitch back towards the boat. If this occurs, an individual can be struck and seriously injured.

[Violation of Federal Mattress Flammability Standard Prompts Recall of Mattresses by Foamorder.com](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Foamorder.com, of San Francisco, Calif., is voluntarily recalling about 140 Natural Sense Foam Blocks with Cotton Cover (Mattresses). The foam blocks with cotton covers (intended to be used as mattresses) fail to meet the mandatory federal open flame standard for mattresses, posing a fire hazard to consumers.

[Polaris Industries Recalls ATVs Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Polaris Industries Inc., of Medina, Minn., is voluntarily recalling about 4,700 2009 Model Year Polaris All-Terrain Vehicles (ATVs). The valve assembly can fail in freezing temperatures, causing oil to leak into the exhaust system. This could pose a fire and burn hazard to the rider.

[Stamina Products Recalls Elliptical Machines; Provides New Warning and Assembly Instructions](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Stamina Products Inc. of Springfield, Mo., is voluntarily recalling about 11,000 Elliptical Cross Trainers. Stamina modified the warning/assembly instructions in the owner's manuals to emphasize that the elliptical pedal shafts must be securely tightened to the cranks. If not securely tightened, the pedal shafts could become loose from the cranks, which could result in serious injury to the user and/or damage to the product.

[Fiesta Recalls to Repair Gas Grills Due to Fire, Burn Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Fiesta Gas Grills, of Dickson, Tenn., is voluntarily recalling about 88,000 Blue Ember Gas Grills units in the United States (and 25,000 in Canada). The hose of the gas tank can get too close to the firebox and be exposed to heat, posing a fire hazard to consumers.

[Heating System Thermostats Recalled by OJ Electronics Due to Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), OJ Electronics, of Chicago, Ill., is voluntarily recalling about 30,000 208-Volt and 240-Volt Thermostats. The recalled thermostat's floor sensor or its cable can be damaged from cutting, drilling, or nailing. This poses a risk of electric shock to consumers if the power supply is not disconnected.

[Buster Brown Clog Children's Shoes Recalled by Brown Shoe Co. and Pagoda International Footwear Ltd. Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Brown Shoe Co. Inc., of St. Louis, Mo. and its affiliate Pagoda International Footwear Ltd., of Hong Kong., are voluntarily recalling about 1.4 million Buster Brown & Co.'s Clog Children's Shoes (73,000 pair of shoes were previously recalled in April 2009). The shoe has decorative wheels that can detach, posing a choking hazard to young children.

[Elliptical Exercise Gliders Recalled by Thane Due to Fall Hazard; New Instructions to Be Provided](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Thane International Inc., of La Quinta, Calif., are voluntarily recalling about 48,000 Orbitrek Elite and Orbitrek Elite Magnetic Elliptical Exercise Gliders. The written instructions incorrectly identify the proper location of the spring washer. An incorrectly installed spring washer can put undue stress on bolts, causing them to loosen, which poses a fall hazard to consumers.

[LEGO Systems Announces Recall of Remote Controls Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), LEGO Systems Inc., of Enfield, Conn., are voluntarily recalling about 1,600 Power Functions IR Remote Controls. The batteries in the remote controls can overheat, posing a burn hazard to consumers.

[Steam Cleaners Recalled by Thane International Due to Shock and Burn Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Thane International, Inc., of La Quinta, Calif., is voluntarily recalling about 580,000 H2O Mop Steam Cleaners. The power cord can unexpectedly wear down and expose the wiring, posing a shock and burn hazard to consumers.

[Children's Hooded Jackets with Drawstrings Recalled by EMH Associates Due to Entrapment Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), EMH Associates Inc., of New York, N.Y., is voluntarily recalling about 4,400 Hooded jackets. The jackets have a drawstring around the waist which can pose an entrapment hazard to children.

[Leather Shag Rugs Recalled by Chandra Rugs Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Chandra Rugs, of Adairsville, Ga., is voluntarily recalling about 400 Art Collection Leather Shag Rugs. The rugs fail to meet federal flammability standard, posing fire and burn hazards to consumers.

[Butterfly Chairs Recalled by Hobby Lobby Stores Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Hobby Lobby Stores, of Oklahoma City, Okla., is voluntarily recalling about 500 Leather Butterfly Chairs. The chair legs can detach unexpectedly causing the chair to collapse, posing a fall hazard to consumers.

[Evenflo Recalls Telephone Toys Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Evenflo Co. Inc., of Miamisburg, Ohio, is voluntarily recalling about 25,000 Evenflo Switch-A-Roo Telephone Toys. A mirror decal attached to the toy can peel away, posing a potential choking hazard.

[Children's Hooded Sweatshirts with Drawstrings Recalled by Propac Distributing Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Propac Distributing Corp., of Gardena, Calif., is voluntarily recalling about 7,000 Youth Hooded Sweatshirts. The sweatshirts have a drawstring through the hood which can pose a strangulation hazard to children.

[Rossignol Recalls Cross-Country Boots Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC) and Health Canada (HC), Rossignol Ski Co., of Park City, Utah, is voluntarily recalling about 3,000 pairs (in the United States) and 1,000 pairs (in Canada) of Rossignol Cross-Country Boots. The boot's sole could separate from the upper boot during use, posing a fall hazard to consumers.

[Energizer Wallplate Nightlights Recalled Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Energizer, of St. Louis, Mo., is voluntarily recalling about 3,000 Energizer Light On Demand Wallplate Nightlights. The nightlight can overheat, especially if additional devices are plugged into its outlets, posing a fire hazard.

[Children's Hooded Jackets and Pullover Sweatshirts with Drawstrings Recalled by Hard Tail Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Hard Tail, of Santa Monica, Calif., is voluntarily recalling about 130 Hard Tail girl's hooded jackets and pullover sweatshirts. The hooded sweatshirts have a drawstring through the hood which can pose a strangulation hazard to children.

[Children's Hooded Sweatshirts with Drawstrings Recalled by C-Mrk Inc. Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), C-Mrk Inc., of Vernon, Calif., is voluntarily recalling about 725 Boys' Hooded Sweatshirts. The jackets and pullovers have a drawstring through the hood or waist which can pose a strangulation hazard to children.

[Tea Kettles Recalled by Wilton Industries Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Wilton Industries Inc., of Woodridge, Ill., is voluntarily recalling about 142,000 Copco Harmony Tea Kettles. The lid on the tea kettle can come loose during handling, posing a burn hazard to the consumer.

[American Greetings Corp. Recalls Sport Balls Due to Violation of Lead Paint Standard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC) and Health Canada (HC), American Greetings Corp., of Cleveland, Ohio, is voluntarily recalling about 90,000 (in the United States) and 1,900 (in Canada) packages of DesignWare Sport Balls. The surface coating on the basketball contains excessive levels of lead, in violation of the federal lead paint standard.

[Kidde Recalls Dual Sensor Smoke Alarms; Can Fail to Warn of a Fire](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Walter Kidde Portable Equipment Inc., of Mebane, N.C., is voluntarily recalling about 94,000 Kidde Model PI2000 Dual Sensor Smoke Alarms. An electrostatic discharge can damage the unit, causing it not to warn consumers of a fire.

[Bosch Thermotechnology Recalls Boilers Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Bosch Thermotechnology, of Londonderry, N.H., is voluntarily recalling about 90 Gas-Fired Wall-Hung Boilers. An electrical connector can overheat, posing a fire hazard to consumers.

[Kolcraft Recalls 1 Million Play Yards Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Kolcraft Enterprises Inc. of Chicago, Ill., is voluntarily recalling about 1 million Kolcraft, Carter's, Sesame Street, Jeep, Contours, Care Bear and Eric Carle Play Yards. The play yard's side rail can fail to latch properly and when a child pushes against the rail it can unlatch unexpectedly, posing a fall hazard to children.

[Husqvarna Recalls Lawn Tractors; Parking Brake Failure Can Cause Loss of Control](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Husqvarna Consumer Outdoor Products N.A. Inc., of Augusta, Ga., is voluntarily recalling about 8,200 Craftsman Lawn Tractors. The tractor's parking brake can fail posing a loss of control hazard.

[Women's Shoes Recalled by Charles David Due to Fall Hazard; Sold Exclusively at Nordstrom and Nordstrom Rack](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Charles David, of Culver City, Calif., is voluntarily recalling about 3,200 pairs of Women's Sample Shoes. The heel of the recalled shoes can detach, posing a fall hazard to consumers.

[Pacifiers Recalled by Gromex Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Gromex Inc., of Passaic, N.J., is voluntarily recalling about 700 Jaloma Pacifiers. The pacifier mouth guard and the ventilation holes are too small and fail to meet federal safety standards. The pacifier could pose a choking and aspiration hazard to young children.

[BioSensory Recalls Dragonfly II Mosquito Trap and NightWatch Bedbug Monitor Products Due to Laceration or Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), BioSensory, Inc., of Putnam, Conn., is voluntarily recalling about 70 Dragonfly II Mosquito Traps and 1500 NightWatch Bed Bug Monitors. Carbon dioxide (CO₂) pressure sensors inside these products can crack and leak or burst causing the release of CO₂. This could cause cracks with sharp edges that could cut a consumer's hand, or direct CO₂ discharge could cause a frostbite-like burn to a consumer's hand.

[Aqua-Leisure Industries Recalls Inflatable Baby Floats Due to Drowning Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Aqua-Leisure Industries, of Avon, Mass., is voluntarily recalling about 4 million Inflatable Baby Floats. The leg

straps in the seat of the float can tear, causing children to unexpectedly fall into or under the water, posing a risk of drowning.

[Simplicity Drop Side Cribs Recalled by Retailers Due to Risk of Death from Suffocation](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), retailers are voluntarily recalling about 400,000 Simplicity Drop Side Cribs. The crib's plastic hardware can break or deform, causing the drop side to detach. When the drop side detaches, it creates space between the drop side and the crib mattress. Infants and toddlers can roll into this space and become entrapped which can lead to suffocation.

[Intermatic Recalls In-Wall Timers Due to Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Intermatic Inc., of Spring Grove, Ill., is voluntarily recalling about 240,000 Intermatic Model ST01 and EI600 In-wall Electronic Timers. When consumers trying to replace the timer's battery place a metal object through the battery tray slot, the object can reach internal metal contacts, posing a shock hazard to consumers.

[Lamps Recalled by LTD Commodities LLC, ABC Distributing and the Lakeside Collection Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), LTD Commodities LLC; ABC Distributing of Bannockburn, Ill., and Lakeside Collection, all of Bannockburn, Ill., are voluntarily recalling about 25,800 Ionic Salt Lamps. The lamps overheat causing the vinyl coating on the cord to burst and melt, posing a fire hazard to consumers.

[Polaris Recalls Snowmobiles Due to Loss of Control Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Polaris Industries Inc., of Medina, Minn., is voluntarily recalling about 800 2009 Polaris Assault model Snowmobiles. Bolts on the rear suspension can break causing the rail tip to become dislodged and interfere with the snowmobile's track. This can cause the track to lock up and the rider to lose control of the snowmobile, posing a risk of injury.

[Tabletop Rope Cutters Recalled by MarineTech Products Due to Fire and Burn Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), MarineTech Products Inc., of White Bear Lake, Minn., is voluntarily recalling about 450 Tabletop Rope Cutters. The recalled rope cutters can overheat, posing fire and burn hazards.

August 2009

[Baby Jogger Recalls Strollers Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Baby Jogger LLC, of Richmond, Va., is voluntarily recalling about 41,000 Baby Jogger City Mini Strollers. The stroller's restraint buckle could break or unlatch allowing the child or infant to fall out.

[Frigidaire and Kenmore Smoothtop Electric Ranges Recalled Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Frigidaire, a division of Electrolux Home Products Inc., of Augusta, Ga., is voluntarily recalling about 200,000 Frigidaire and Kenmore Elite Smoothtop Electric Ranges. Depending on the model, the surface heating elements can: 1) turn on spontaneously without being switched on; 2) fail to turn off after being switched off; or, 3) heat to different temperatures than selected. This poses a fire and burn hazard to consumers.

[Liquidation Outlet, Inc. Recalls Action Figure Toys Due to Violation of Lead Paint Standard; Sold Exclusively at Dollar Stores](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Liquidation Outlet, Inc., of Lakewood, Wash., is voluntarily recalling about 8,400 Force Soldier, Pirate Expeditions with Parrot, and Pirate Expeditions with Treasure playsets. The action figure toys have surface paints which contain excessive levels of lead, violating the federal lead paint standard.

[Violation of Federal Mattress Flammability Standard Prompts Recall of Sofa-bed Mattresses by IKEA](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), IKEA Home Furnishings, of Conshohocken, Pa., is voluntarily recalling about 500 IKEA KARLSTAD sofa-beds. The mattress and seat cushions intended to be used as a mattress fail to meet the mandatory federal open flame standard for mattresses, posing a fire hazard to consumers.

[Quiksilver Recalls Girls' Hoodies with Waist Drawstrings Due to Entrapment Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Quiksilver, Inc., of Huntington Beach, Calif., is voluntarily recalling about 500 Roxy Girl "Very Nice" Cotton Hoodies. The cotton hoodie has a waist drawstring that could pose an entrapment hazard to children.

[Strangulation Death of a Child Prompts Recall To Repair Window Blinds By Vertical Land](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Vertical Land Inc., of Panama City Beach, Fla., is voluntarily recalling about 15,400 horizontal blinds, 16,400 vertical blinds, 800 Cellular Shades. Horizontal Blinds: The blinds do not have inner cord stop devices to prevent the accessible inner cords from being pulled out. If an inner cord is pulled out, a child can become entangled in the loop and strangle. Vertical Blinds: Strangulations can occur if a child's neck becomes entangled on the free-standing loop formed by the bead chain or by the cord with a weighted device. Cellular Shades: Strangulations can occur if a child's neck becomes entangled on the shade's free-standing looped cord.

[Risk of Strangulation Prompts Recall to Repair Roller Shades by Lutron Shading Solutions](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Lutron Electronics Co. Inc., of Coopersburg, Pa., is voluntarily recalling about 245,000 Roller Shades. Strangulations can occur if the shade's looped bead chain is not attached to the wall or the floor and a child's neck becomes entangled on the free-standing loop.

[Risk of Strangulation Prompts Recall to Repair Victoria Classics Roman Shades; Sold Exclusively by Target Stores](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Victoria Classics of Edison, N.J., is voluntarily recalling about 163,000 Thermal Sailcloth and Matchstick Bamboo Roman Shades. Strangulations can occur when a child places his/her neck between the exposed inner cord and the fabric on the backside of the blind or when a child pulls the cord out and wraps it around his/her neck. Exposed operating cords can knot or tangle creating a strangulation loop.

[Near Strangulation of Children Prompts Recall of Roman Shades; Sold Exclusively at Pottery Barn Kids](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Pottery Barn Kids/Williams-Sonoma, Inc. of San Francisco, Calif., is voluntarily recalling about 85,000 Roman Shades. Strangulations can occur when a child places his/her neck between the exposed inner cord and the fabric on the backside of the blind or when a child pulls the cord out and wraps it around his/her neck.

[Near Strangulation Prompts Recall of Roman Blinds; Sold Exclusively at IKEA](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), IKEA Home Furnishings, of Conshohocken, Pa., is voluntarily recalling about 120,000 MELINA Roman Blinds. Strangulations can occur when a child places his/her neck between the exposed inner cord and the fabric on the backside of the blind or when a child pulls the cord out and wraps it around his/her neck. The Roman blind has a continuous looped bead chain that when not attached to the wall or floor, hangs loosely by the blind, posing a strangulation hazard to children.

[Strangulation Deaths of Children Prompt Recall to Repair of Roll-Up Blinds and Roman Shades by Lewis Hyman Inc.](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Lewis Hyman Inc., of Carson, Calif., is voluntarily recalling about 4.2 million ¼" Oval Roll-up Blinds and 600,000

Woolrich Roman shades. Roll-up Blinds: Strangulations can occur if the lifting loops slide off the side of the blind and a child's neck becomes entangled on the free-standing loop or if a child places his/her neck between the lifting loop and the roll-up blind material. Roman Shades: Strangulations can occur when a child places his/her neck between the exposed inner cord and the fabric on the backside of the blind or when a child pulls the cord out and wraps it around his/her neck.

[CPSC, Goodman Manufacturing Co. Announce Changes to 1998 Recall Program to Replace Dangerous Home Heating Vent Pipes](#)

The CPSC and Goodman Manufacturing Company, of Houston, TX, are urging consumers who have not yet responded to the previously-announced 1998 recall to do so immediately. After October 1, 2009, the remedy consumers receive will change to be identical to modifications recently announced for a related recall.

[Maytag Expands Recall of Refrigerators Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Maytag Corp., of Newton, Iowa, is voluntarily recalling about 46,000 Maytag®, Magic Chef®, Performa by Maytag® and Crosley® brand refrigerators (1.6 million units were previously recalled March 2009). An electrical failure in the relay, the component that turns on the refrigerator's compressor, can cause overheating and pose a serious fire hazard.

[Ameriwood Recalls Entertainment Stands Sold Exclusively at Walmart Stores Due to Tip-Over Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Ameriwood Industries, of Wright City, Mo., is voluntarily recalling about 195 Your Zone Loft Collection Entertainment Stands. Warning labels sold with the entertainment stands indicate incorrect size and weight limits for televisions used with the stands. A television that is too heavy or wide for the entertainment stand can make the unit unstable, posing a tip-over hazard to consumers.

[Pella Recalls Casement Windows Due to Impact Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Pella Corp., of Pella, Iowa, is voluntarily recalling about 6,500 Architect Series® and 850 Series® Casement Windows. The hinge can break, causing the window sash to fall out, posing a risk of injury to persons beneath the window.

[Cloth Books Recalled by Sterling Publishing Co. Inc. Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Sterling Publishing Co. Inc, of New York, New York, is voluntarily recalling about 15,000 eebee's "Have a Ball" Adventures Cloth Books. A string attaching a ball to the book can become entangled in the basketball hoop element, posing a strangulation hazard to young children.

[Weight Watchers Recalls Plush Hungry Figures and Magnets Due to Puncture Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Weight Watchers Intl., of New York, N.Y., is voluntarily recalling about 420,000 (25,000 in Canada) Hungry Figures and Hungry Magnets. Sewing needles have been found in the stuffing of the Hungry Figures, posing a puncture hazard to consumers.

[Pensi Ceiling Fans Recalled by The Modern Fan Co. Due to Fall and Injury Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), The Modern Fan Co. Inc., of Ashland, Oregon, is voluntarily recalling about 1,300 Pensi Fans. The internal coupler that connects the down rod assembly to the motor can break and cause the fan to fall from the ceiling, posing an injury hazard to consumers.

[DVD Players Recalled by Wal-Mart Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Wal-Mart Stores Inc., of Bentonville, Ark., is voluntarily recalling about 1.5 Million Durabrand DVD Players. The DVD players can overheat, posing a fire and burn hazard to consumers.

[Bicycles Recalled by Nirve Sports; Stem Failure Poses Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Nirve Sports Ltd., of Huntington Beach, Calif., is voluntarily recalling about 120 Cannibal Bicycles. The bicycle stem can crack and cause the rider to lose control, posing a risk of serious injury if the rider falls.

[Felt Bicycles Recalls Cyclocross Bicycles Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Felt Bicycles, of Irving, Calif., is voluntarily recalling about 1,500 2007/2008 Felt F1X Cyclocross Bicycles. The bicycle's fork steerer tube can break, causing the rider to lose control and fall, posing a risk of injury.

[Amplifiers Recalled by Krell Industries Recalled Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Krell Industries LLC, of Orange, Conn., is voluntarily recalling about 2,300 Amplifiers. The amplifiers were designed to operate at a temperature warm to the touch. However, a component input device can fail and cause the amplifiers to overheat, posing burn and fire hazards to consumers.

[Ridgid Table Saws Sold Exclusively at Home Depot Recalled by One World Technologies Due to Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), One World Technologies Inc., of Anderson, S.C., is voluntarily recalling about 3,000 Ridgid 10-inch Table Saws. The table saw's arbor shaft can fail when used with a stacked blade set (commonly known as a "stacked dado set"), which is used to cut grooves. The stacked blade set can be ejected from the saw, posing a potential laceration hazard to consumers.

[Burley Design Recalls Child Trailers Due to Risk of Injury](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Burley Design LLC, of Eugene, Ore., is voluntarily recalling about 2,700 2009 d'Lite ST and Solo ST Child Trailers. The axle assembly's internal sleeve can loosen, causing one wheel to separate from the trailer. This poses a risk of injury to the child occupant or bike rider.

[Black & Decker Coffeemakers Recalled By applica Consumer Products Due to Burn Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), applica Consumer Products Inc., of Miramar, Fla., is voluntarily recalling about 9,800 Black & Decker® Thermal Coffeemakers. The coffeemakers can overheat and melt, posing a burn hazard to consumers.

[Remote Switches Recalled by Woodstock International Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Woodstock International, of Bellingham, Wash., is voluntarily recalling about 450 Shop Fox Dust Collection Remote Switches. An incorrectly sized wire inside the remote switch can overheat, posing a fire hazard to consumers.

[Homelite, Husky and Black Max Generators Recalled Due to Fire Hazard; Sold Exclusively at Home Depot and Sam's Club Stores](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Homelite Consumer Products Inc., of Anderson, S.C., is voluntarily recalling about 51,750 Homelite, Husky and Black Max Brand Generators. The fuel gauge can leak excessive amounts of gasoline, posing a fire hazard to consumers.

[Little Tikes™ Recalls Children's Toy Workshop Sets and Trucks Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Little Tikes, of Hudson, Ohio, is voluntarily recalling about 1.6 Million Little Tikes™ Workshops Sets and Trucks. The recalled workshop sets and trucks have oversized, plastic toy nails that can pose a choking hazard to young children.

[Exercise Units Recalled by Nautilus Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Nautilus Inc., of Vancouver, Wash., is voluntarily recalling about 400 Nautilus F3 Chin Dip Stationary Exercise Units. The footpads on the unit can break, posing a fall hazard to consumers.

[Wii™ Battery Recharge Stations Recalled by Griffin International Due to Burn and Fire Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Griffin International Cos., Inc., of Minneapolis, Minn., is voluntarily recalling about 220,000 lone Essentials and React Wii™ 4-Dock Battery Recharge Stations. The battery pack can overheat, posing a burn or fire hazard to the consumer.

[Target Recalls Circo Booster Seats Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Target, of Minneapolis, Minn., is voluntarily recalling about 43,000 Circo Booster Seats. The booster seat restraint buckle can open unexpectedly, allowing a child to fall from the chair and be injured.

[Jump ‘n Jive Doorway Jumpers Recalled by Graco Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Graco Children’s Products Inc., of Atlanta, Ga., is voluntarily recalling about 2,400 Jump ‘n Jive™ Doorway Jumpers. The recalled doorway jumpers include detachable toys that are attached to the jumper straps with strips of hook and loop fabric. The strips of fabric are not permanently attached to the toys and can become detached during use, posing a choking hazard.

[Dorel Juvenile Group Expands Recall of Safety 1st Stair Gates Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Dorel Juvenile Group USA, of Columbus, Ind., is voluntarily recalling about 31,500 (100,000 units were previously recalled in February 2009) Safety 1st SmartLight Stair Gates. The hinges that hold the stair gate in place can break, posing a fall hazard to children if the gate is placed at the top of the stairs.

[Paper Towel Dispensers Recalled By Global Plastics Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Global Plastics Ltd., of City of Industry, Calif., is voluntarily recalling 14,000 Bay West & Hillyard Hybrid Wave N Cut Paper Towel Dispensers. The dispenser’s electric board can overheat posing a fire hazard.

[Spalding In-Ground Basketball Hoops Recalled By Russell Brands Due to Impact Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Russell Brands LLC, of Alexander City, Ala., is voluntarily recalling about 1,700 Spalding In-Ground Basketball Hoops. The bolts at the base can fail, causing the unit to fall. This poses a risk of serious injury to consumers.

[Increasing Injuries Prompt Black & Decker to Reannounce Recall of Trimmers/Edgers Due to Laceration and Burn Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Black & Decker (U.S.) Inc., of Towson, Md., is voluntarily recalling about 200,000 Black & Decker GH1000 Grasshog XP String Trimmer/Edgers. The trimmer/edger’s spool, spool cap and pieces of trimmer string can come loose during use and become airborne projectiles, posing a serious laceration hazard to the user, as well as bystanders. The trimmer/edgers can also overheat, posing a burn hazard to consumers.

[Ross Stores Recalls Plant Stands; Marble Top Can Detach and Fall on Consumers](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Ross Stores Inc., of Pleasanton, Calif., is voluntarily recalling about 1,800 Marble Top Plant Stands. The marble top of the plant stand can detach from the base and fall onto consumers, posing a risk of injury.

[Polaris Recalls Ranger Side-by-Side Vehicles Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Polaris Industries Inc., of Medina, Minn., is voluntarily recalling about 3,800 2009 Polaris Ranger “Crew” and “6x6” Side-by-Side Recreational Vehicles. An electrical short can lead to overheating in the rear tail light wiring harnesses, posing a fire hazard to consumers.

[Baby Hammocks Recalled by Kaplan Early Learning Due to Fall and Strangulation Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Kaplan Early Learning Company, of Lewisville, N.C., is voluntarily recalling about 200 La Siesta Yayita Baby

Hammocks. The hammock can flip over, posing a serious fall hazard and strangulation hazard to infants who become entrapped in the seat's restraint straps while upside down.

[Baby Hammocks Recalled by Nova Natural Toys & Crafts Due to Fall and Strangulation Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Nova Natural Toys & Crafts LLC, of Williston, Vt., is voluntarily recalling about 265 Yayita Baby Hammocks. The hammock can flip over, posing a serious fall hazard and strangulation hazard to infants who become entrapped in the seat's restraint straps while upside down.

September 2009

[Compact Tractors Recalled by John Deere Due to Injury Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Deere & Company, of Moline, Ill., is voluntarily recalling about 90 John Deere Compact Utility Tractors. An incorrectly sized differential was installed in the tractor transaxle affecting the engagement of the differential lock and causing the tractor to turn to the left when braking. This causes the vehicle to veer left when the brake is applied, posing a risk of collision and injury to the operator and bystanders.

[Lamplight Farms Recalls Replacement Torch Fuel Containers Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Lamplight Farms Inc., of Menomonee Falls, Wis., is voluntarily recalling about 720,000 Flame Guards on Clear-Vu® Torch Fuel Containers. The flame guards on the recalled replacement torch fuel containers can malfunction and cause the containers to melt while the torch is in use, posing a fire hazard to consumers.

[IMI Cornelius Recalls Juice Dispensers Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), IMI Cornelius, of Osseo, Minn., is voluntarily recalling about 14,000 Quest Commercial Juice Dispensers. Fraying of wiring within the wiring harness can cause the juice dispenser's transformer to overheat, posing a fire hazard.

[Big Lots Stores, Inc. Recalls to Repair Bunk Beds Due to Collapse and Fall Hazards](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Big Lots Stores, Inc., of Columbus, Ohio, is voluntarily recalling about 20,000 Wooden Bunk Beds. The bunk beds' mattress support slats and side support railings can break, posing a risk of the bunk bed collapsing and a fall hazard to consumers.

[Grand Trunk Recalls Parachute Hammocks Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Travel Hammock Inc., dba Grand Trunk, of Skokie, Ill., is voluntarily recalling about 2,500 Single and Double "Parachute" Hammocks. The hammock's supporting hooks can fail, causing occupants to fall and suffer injuries.

[Gas Boilers Recalled by Bosch Thermotechnology Corp. Due to Carbon Monoxide Poisoning Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Bosch Thermotechnology Corp., of Londonderry, N.H., is voluntarily recalling about 85 Gas Boilers. A problem with the boiler's ignition due to insufficient output voltage from the boiler's transformer can damage the boiler's venting. This can result in leaking flue gases, posing a risk of carbon monoxide poisoning to consumers.

[Clarks® Children's Shoes Recalled by C & J Clark America Due to Choking Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), C & J Clark America Inc., d/b/a the Clarks Companies N.A., of Newton, Mass., is voluntarily recalling about 2,000 Children's Shoes. Molded rubber pieces on the sole of the recalled shoes can detach, posing a choking hazard to infants and young children.

[Furnaces Recalled by Northwest Manufacturing Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Northwest Manufacturing Inc., of Red Lake Falls, Minn., is voluntarily recalling about 600 WoodMaster AFS 900 Outdoor Furnaces. The temperature gauge can fail and cause fire in the fuel storage hopper, posing a fire and burn hazard to consumers.

[Garlic Press/Slicers Recalled by Trudeau Corporation Due to Laceration Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Trudeau Corporation, of Canada, is voluntarily recalling about 22,000 Trudeau Garlic Duo Slicers. The garlic duo's slicer blades can break during use, posing a laceration hazard to users.

[Bicycle Chains and Chain Connector Links Recalled by SRAM Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), SRAM LLC, of Chicago, Ill., is voluntarily recalling about 24,000 10 Speed SRAM Bicycle Chains with PowerLock connector links. The recalled PowerLock connector links, used on bicycle chains, are brittle and can crack, allowing the chain to separate from the bicycle and posing a fall hazard to the rider.

[Bandsaws Recalled by Grizzly Industrial Due to Shock Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Grizzly Industrial, of Bellingham, Wash., is voluntarily recalling about 500 Bandsaws. Some of the recalled bandsaws do not have a grounding wire installed, which poses an electric shock hazard to consumers.

[O'Neill Children's Hooded Sweatshirts with Drawstrings Recalled by La Jolla Sport Due to Strangulation Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Jolla Sport USA Inc., of Irvine, Calif., is voluntarily recalling about 2,300 Children's Hooded Fleece Sweatshirts. The recalled sweatshirts have a drawstring through the hood, which can pose a strangulation hazard to children. In February 1996, CPSC issued guidelines to help prevent children from strangling or getting entangled on the neck and waist drawstrings in upper garments, such as jackets or sweatshirts.

[Children's Animal Masks and Pendants Recalled by Team Work Trading Due to Risk of Lead Exposure](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Team Work Trading, of Los Angeles, Calif., is voluntarily recalling about 1,400 Children's Animal Masks and Pendants. The recalled children's animal masks and pendants contain high levels of lead. Lead is toxic if ingested by young children and can cause adverse health effects.

[OfficeMax Recalls Office Chairs Due to Fall Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), OfficeMax Inc., of Naperville, Ill., is voluntarily recalling about 216,000 Office Max Task Chairs. The back and the base post of the chair can break while in use, posing a fall hazard to consumers.

[Wal-Mart Announces Recall Expansion of Durabrand DVD Players Due to Fire Hazard](#)

In cooperation with the U.S. Consumer Product Safety Commission (CPSC), Wal-Mart Stores Inc., of Bentonville, Ark., is voluntarily recalling about 4.2 million Durabrand DVD Players (1.5 million were previously recalled). The DVD player's circuit board can overheat, posing a fire and burn hazard to consumers.

2) Letters of Advice to Importers or Manufacturers

Imported products are screened at the port by either CPSC or in coordination with U.S. Customs and Border Protection (CBP). For all products regulated by CPSC, the Commission issues a Letter of Advice when there is a violation of a mandatory standard. It advises the company of the violation and the nature of the necessary corrective action (to correct future production, to stop sale and correct future production or to recall, stop sale and correct future production). This section lists the Letters of Advice sent to Importers and Manufacturers in 2009 where the Commission has received a response from the company confirming the violation, the Commission has decided that the company has completed voluntary correction agreed upon for the company to remedy the hazard, or the CBP has seized the product at the port. This list presents both the violation and action to be implemented by the company listed. Many imported products were seized at the ports by CPSC and CBP.

| Product (Model) | Violation | Citation | Action | Company Name, Location |
|--|---|-------------------|--------------------------------------|--|
| October 2008 | | | | |
| MINI VOLCANO FOUNTAIN (1336A) | Pyrotechnic Materials Overload | 16 CFR 1500.17 | Stop Sale & CFP | FIREWORKS COUNTRY, W18862 HIGHWAY 29, WITTENBERG, WI 54499 |

3) Commission Determinations and Judicial Actions

When companies fail to report as required under section 15 of the CPSA, CPSC can seek civil penalties. The Commission has the authority to compromise any civil penalty or file suit in federal court seeking a civil penalty. In 2009, CPSC negotiated out of court settlements in which 38 companies voluntarily agreed to pay \$9.8 million in civil penalties to the U.S. Treasury. Both the number of firms and the dollar amount are the largest in CPSC history. This total is expected to increase in the future because the CPSIA allows CPSC to impose significantly higher penalties.

Civil Penalty Settlements Accepted by the Commission

| Firm | Fine | Act | Product |

Congress has given the Commission significant enforcement authority including legal action under section 12, to declare a product an imminently hazardous consumer product, or section 15(c) or 15(d) of the CPSA to protect the public from products that present a substantial product hazard and order a recall or other corrective action as appropriate. The act the Commission enforces also provides for the pursuit of criminal cases for the worst or repeat offenders. Enforcement and litigation activities of the Commission are listed in several tables below.

Commission Determined Further Action - Section 15 of the CPSA

There were no instances in 2009 where the Commission took action under section 15(c) or 15(d) of the CPSA. All product recalls in 2009 were initiated through voluntary compliance.

Commission Determined Imminent Hazards - Section 12 of the CPSA

There were no instances in 2009 where the Commission took action under section 12 of the CPSA. All product recalls in 2009 were initiated through voluntary compliance.

Completed or Pending Judicial Actions: Litigation and Settlements

The next section summarizes federal court cases, categorized by type, to which the Commission was a party during 2009. Federal court cases included subpoena enforcement, civil penalty criminal cases, and cases with the Commission as defendant.

Federal Court Cases

Administrative Inspection Warrant

| Party | Summary | Issue/ Statute | Product |
|--|--|---|---|
| <i>In the Matter of Establishment Inspection of GS Sportswear and Sportswear Connection, 1113 Venice Blvd, Los Angeles, California 90015, CV-09-7068-DDP(SHX)(C.D. California)</i> | The firms refused to allow the CPSC to enter and conduct a complete inspection of their establishment and records pursuant to CPSC's authority under 15 U.S.C. § 2065. On September 29, 2009 on behalf of CPSC, DOJ filed an Ex Parte Application for Administrative Inspection Warrant. | CPSC's inspection authority pursuant to section 16 of the CPSA, 15 U.S.C. §2065 | Children's upper outerwear with drawstrings at the neck |

Subpoena Enforcement Cases

| Party | Summary | Issue/ Statute | Product |
|--|---|--|-----------------|
| <i>U.S. v. Techtronic Industries North America, Inc., 8:08-cv-02694-RWT (D. Md.)</i> | On October 10, 2008, on behalf of CPSC, DOJ filed Petition to enforce administrative subpoena which had been issued by the Commission on January 29, 2008. Petition was granted and on December 29, 2008 an order was issued. Pursuant to the Judge's order, the Government provided the detailed information and description of the subjects to Respondents by January 9, 2009. Depositions were conducted on January 28 and 29, 2009. | Subpoena enforcement action in Federal Court to compel compliance with CPSC subpoena issued to manufacturer of hazardous cordless drills | Cordless drills |

Civil Penalty Cases

| Party | Summary | Issue/ Statute | Product |
|--|--|---|-----------------|
| <i>U.S. v. Wagner Spray Tech Corporation and Techtronic Industries Company, LTD, 08-cv-06478ADM/JJK (D. Mn.)</i> | Complaint for civil penalties filed December 24, 2008 for failure to furnish information required by section 15 of the CPSA, 15 U.S.C. § 2064(b), in violation of section 19, 15 U.S.C. § 2068(a)(4) and subjecting the Defendant to civil penalties under section 20 of the CPSA, 15 U.S.C. § 2069(a)(1). The government filed an amended complaint on June 24, 2009 adding Techtronic Industries Company, LTD. as a defendant. Draft stipulated judgment and order to settle case for \$800,000 sent to defendants on July 14, 2009. On July 23, 2009, the Court entered a Stipulated Judgment ordering the defendants to pay an \$800,000 civil penalty, pursuant to 15 U.S.C. §2069(a)(1). | Civil Penalty for failure to report under section 15(b) of the CPSA | Cordless drills |

Criminal Cases

| Party | Penalty | Reason(s) for Penalty | Product |
|--|---|---|--------------------|
| U.S. v. John DeGuardia (E.D. N.Y.) No 08-CR-191 | \$425,000 Forfeiture Order | Conspiracy to engage in the business of dealing in explosive material, and importing explosive material. | Fireworks |
| U.S. v. Michael Mascatello (E.D. N.Y.) No 08-CR-406 | \$1,500 fine; 2 years probation, 75 hours community service. | Improper storage of explosive material. | Fireworks |
| U.S. v. Joyce Seventi , Case No. 2:09-CR-00490(SDW-1) | Pled guilty in U.S. District Court in Newark, New Jersey on September 15, 2009. | Conspiracy in violation of 18 U.S.C. § 371. | Cigarette Lighters |
| U.S. v. Sam Droganes (E.D. Kentucky) | Pled guilty on July 31, 2009. | Violating 18 U.S.C. §842 for distributing explosives without a license. | Fireworks |
| U.S. v. John Cea (E.D. N.Y.) No. 08-CR-191* | 24 months in prison; fine of \$6,000; and forfeiture order of \$80,000. | Conspiracy to engage in the business of dealing in explosive materials, involving sales of over 1,000 pounds of explosives. | Fireworks |
| U.S. v. Vincent Cea (E.D. N.Y.) No. 08-CR-191* | 36 months imprisonment; \$3,000 fine; forfeiture order of \$80,000. | Conspiracy to engage in the business of dealing in explosive materials, involving sales of over 1,000 pounds of explosives. | Fireworks |

*- Press release announcing this outcome can be found at “CPSC Announces Drop in Fireworks-Related Injuries; Consumers Still Urged To Celebrate Safe This July 4th”

PUBLIC OUTREACH

The Commission warns the public about product related hazards through print, electronic, radio and broadcast media; and its Hotline, Web site, and other outreach activities. Also, the Commission meets with stakeholders to discuss matters related to the mission of the CPSC. This section presents many of the activities used to present safety information to consumers and industry in 2009 through:

- Consumer outreach;
- Dissemination of technical information; and
- Cooperation between Commission officials and stakeholders.

1) **Consumer Outreach:** CPSC alerts the public through recall alerts, print news releases, video and radio news releases, public service announcements, publications, national and local television appearances, the Hotline, listservs, the Internet (www.cpsc.gov, www.recalls.gov, www.atvsafety.gov), the CPSIA Web page (www.cpsc.gov/about/cpsia/cpsia.html), and other outreach activities. Furthermore, the Commission has launched CPSC 2.0 to keep the public informed, with the opportunity to participate in the safety discussion on issues that affect you directly, through Social Media efforts on YouTube, Twitter, Flickr, and official Blog site, OnSafety.

The *Neighborhood Safety Network (NSN)* is a grassroots outreach program that provides timely lifesaving information to about 5,600 organizations and individuals who, in turn, share CPSC's safety posters and news alerts with underserved consumers who might otherwise never hear or receive the information from CPSC.

The "Drive to One Million" campaign was started in 2007. The goal is to have at least one million consumers sign up to receive, free of charge, potentially life-saving information electronically through CPSC's e-mail notification system including Spanish translations. Consumers can receive notice of recall information as it is released by signing up at www.cpsc.gov/cpsclist.aspx.

CPSC's Web site has grown rapidly from 13.7 million visits 4 years ago to about 40 million visits in 2009. This increase is due, in part, to the successful introduction of new technology that allows instantaneous release of information. CPSC now posts recalls and press releases in a format that allows TV stations and other media to obtain the information from CPSC's Web site and, in seconds, have the information posted on their Web sites.

The Hotline receives consumer complaints and provides information on product hazards and recalls to the public. The Clearinghouse provides injury data to staff and the public and provides manufacturers with consumer complaints, reported incidents, and investigations involving their products.

In December 2008, the Virginia Graeme Baker Pool and Spa Safety Act became effective. CPSC will be awarding a contract to implement a national information and education program targeting pool operators and owners, pool industry stakeholders, including state and local officials, and the general public through national and local media. It will focus efforts on providing messages for general pool safety with an emphasis on drowning prevention and the hidden dangers of drain entrapment.

- 2) **Dissemination of Technical Information:** As part of CPSC’s research activities and other support work, the Commission develops many technical reports and presentations to present findings and share ideas. These documents are very useful to other researchers and industry. The reports listed here (on pages 119 and 120) were developed in 2009 and are located on CPSC’s Web site.

- 3) **Cooperation between Commission Officials and External Stakeholders:** In the course of the year, the Commissioners and staff at the CPSC held meetings with consumers, industry and the public on matters related to the mission of the CPSC. A list of meetings of “substantial interest” for 2009 is provided in this report. CPSC’s Meetings Policy defines “substantial interest” as concerning “any issue that is likely to be the subject of a regulatory or policy decision by the Commission.” The Meetings Policy requires CPSC staff and Commissioners to: (1) announce meetings in advance on the Public Calendar, (2) hold meetings that are open to the public unless certain specified exceptions apply, and (3) submit meeting summaries to the Office of the Secretary. For copies of the Public Calendar visit: www.cpsc.gov/calmenu.html.

1) **Consumer Outreach**

(For more detail, visit the electronic version on the CPSC Web site at www.cpsc.gov/cpscpub/pubs/reports/2009rpt.pdf and click on the link)

Informed the public about the Consumer Product Safety Improvement Act (CPSIA) through:

Summarizing CPSIA: In 2009, staff prepared: summaries of 19 sections of CPSIA, a timeline of the rulemakings required in CPSIA, and responses to 88 frequently asked questions to explain the various CPSIA provisions.

Developing guidance: Staff developed two guidance documents, a Web page for small businesses, and produced a document for retailers and resellers of children's products. Staff also prepared, and the Commission approved the issuance of, draft guidance on which products are subject to the requirements in section 108 of CPSIA.

- Guide to CPSIA for Small Businesses, Resellers, Crafters, and Charities www.cpsc.gov/about/cpsia/smbus/cpsiasbguide.pdf
- Guidance for Small Manufacturers, Importers, and Crafters of Children's Products www.cpsc.gov/about/cpsia/smbus/manufacturers.html
- Small Business Web page www.cpsc.gov/about/cpsia/smbus/cpsiasbguide.html
- Guidance for Retailers and Resellers of Children's Products, including Thrift Stores, Consignment Shops and Charities www.cpsc.gov/about/cpsia/smbus/retailers.html
- Phthalates guidance www.cpsc.gov/businfo/frnotices/fr09/draftphthalatesguidance.pdf

Furthermore, staff wrote six general counsel advisory opinions, guidance documents for General Certification as to Conformity and Statement of Commission Enforcement Policy on section 101 Lead Limits (effective February 10, 2009); and three stays of enforcement for two products under the lead rule and for accreditation requirements for certain children's products.

Producing Public or Web-cast meetings: Staff held 12 public meetings to discuss the requirements of CPSIA with stakeholders. All meeting links are available on CPSC's Web site www.cpsc.gov.

Alerted the public to imported consumer product hazards through:

Consumer outreach: In 2009, there were 530 million views of CPSC safety messages through television (TV) appearances and video news releases (VNRs) related to import safety campaigns and recalls for products such as toys, window blinds, and cribs.

Public information efforts on imports: In July, the Chairman conducted a national morning show interview during which she discussed two Chinese made products – cribs and floats – that posed entrapment and drowning hazards to children, respectively. The Chairman discussed the steps CPSC was taking to ensure that products such as cribs and baby floats are made safer.

In August, CPSC provided the national press with a statement regarding the Chairman's visit to the Port of Hong Kong, during which she discussed the positive impact that effective screening and enforcement overseas can have on the work of CPSC port inspectors in the U.S.

Outreach on emerging hazard with imported drywall: CPSC developed an online *Drywall Information Center* (www.DrywallResponse.gov), which provides the latest information on technical developments, news about the investigation, monthly updates, and a way for homeowners to report incidents to CPSC. Additionally, CPSC established an e-mail distribution (listserv) to disseminate noteworthy developments directly to interested parties.

Alerted the public to fire-related hazards through:

Consumer outreach: There were 117 million views of CPSC safety messages related to fire hazards in 2009 through TV appearances, interviews, VNRs, and Web publications. Topics that generated the most coverage included the Maytag recall of refrigerators, the fireworks safety press conference, and holiday decorating safety.

Public information efforts:

Fireworks - CPSC launched the fireworks safety campaign on June 30, 2009, with a national press release, a video news release, and a national news conference on the National Mall in front of the U.S. Capitol featuring the CPSC Chairman; Assistant Attorney General for the Civil Division of the Department of Justice; Assistant Commissioner, Office of Trade for Customs and Border Protection within the Department of Homeland Security; and a representative from the Bureau of Alcohol, Tobacco, Firearms and Explosives. The video news release reached over 38 million viewers. The Chairman and CPSC staff conducted major media interviews including: CNN, ABC News, CBS News, FOX News, AP-TV, WAMU and WTOP radio, and Univision. CPSC staff also notified local and national media.

Halloween - In October, CPSC staff issued safety tips for a safe “trick or treat.” Staff distributed to local and national media the news release that reminded parents and caregivers to keep safety in mind when selecting Halloween costumes, decorations, and treats. ABC’s Good Morning America and other television news programs reported on Halloween safety tips issued by CPSC.

Holiday Hazards - In December, CPSC issued a news release announcing the “Do’s and Don’ts” of holiday decorating. The news release included tips on selecting a fresh tree and preventing fires related to holiday decorations, which cost society millions of dollars in property damage. Staff distributed the safety message to safety partners in the Neighborhood Safety Network (NSN). National print and television media, including the CBS Early Show, the Washington Post, and New York Times picked up the safety message from the news release.

Home Heating - CPSC released a home heating safety podcast highlighting the safe use of space heaters, cooking equipment, the installation of smoke and CO alarms, and the recommendation for a professional inspection of all fuel-burning appliances. Later in the winter season, CPSC released a press release warning of deadly fire and carbon monoxide hazards with home heating and urged precautions with space heaters, fireplaces, stoves, and ovens.

Smoke Alarms - In two national news press releases (October 2008 and March 2009), CPSC featured the need for consumers to have working smoke alarms. An audio podcast on home heating safety in December 2008 and several articles published in *The Safety Review*, the Commission’s newsletter (October 2008, January 2009, and February 2009), highlighted smoke alarms.

Alerted the public to carbon monoxide hazards through:

Consumer outreach: In 2009, there were 4 million views of CPSC carbon monoxide (CO) safety messages by consumers through TV appearances, VNRs and the Commission's e-publications.

Public information efforts:

CO Alarms - Coinciding with daylight savings time in March 2009, staff issued a press release designed to increase carbon monoxide awareness that prominently featured the need for consumers to have working CO alarms. Staff provided information on CO alarms in conjunction with generator safety and other pertinent safety information relevant to storm recovery efforts. Additionally, there was an article in the January 2009 issue of *The Safety Review*, the Commission's newsletter, featuring CO alarms and a December 2008 audio podcast.

Home Heating - In 2009, as winter arrived marking the beginning of the home heating season, CPSC released a home heating safety podcast highlighting the need for annual routine professional maintenance of fuel burning appliances, including gas appliances to guard against fires and carbon monoxide poisoning. In the podcast, and also in a press release later in the winter season CPSC highlighted the importance of installing smoke and CO alarms, making sure they had fresh batteries, and recommended an annual professional inspection of all fuel-burning appliances.

Portable Gas Generators - In 2009, CPSC issued a press release coinciding with Daylight Saving Time reminding consumers never to use a generator inside their home in addition to advising them to change smoke and CO alarm batteries.

Natural Disaster Preparedness - In 2009, CPSC addressed CO poisoning hazards through the dissemination of print news releases. Also, in anticipation of potentially harsh weather conditions, staff translated CO warning door hanger cards into Spanish to achieve a wider reach to Hispanic communities.

Alerted the public to children's and other hazards through:

Consumer outreach: In 2009, 550 million viewers were reached with CPSC safety messages related to children's and other hazards including pool safety, toy safety, and CPSIA, through TV appearances, VNRs, and e-publications.

Public information efforts:

Drive to One Million - In 2009, messages encouraging consumers to sign up for the "Drive to One Million" campaign were incorporated in all safety materials which were disseminated through mass media, the CPSC Web site, social media, and numerous national events and conferences at which CPSC staff participated. Staff used public and trade events to enlist subscribers by allowing them to sign up on the spot electronically. About 23,000 new subscribers signed up for recall alerts in 2009 bringing the total to over 280,000. Also, CPSC conducted outreach to large employers in the Mid-Atlantic states with positive responses from: Capitol One, General Dynamics, Marriott Corporation, Pepco, the American Red Cross, and Sprint. These employers have agreed to post messages about the recall alert subscription in company employee e-mail listservs and newsletters. In addition, CPSC field staff shared information about

recall alerts during visits to state and local contacts and while participating in state and local events.

All Terrain Vehicle (ATV) Safety - In 2009, staff conducted ATV outreach by utilizing grassroots communications, such as the Rapid Response program. The media has been receptive to this initiative, which has resulted in numerous interviews with local TV and radio stations as well as newspapers and trade magazines. The ATV Safety Web site had nearly 221,000 visits in 2009.

Baby Safety Month - In 2009, CPSC highlighted baby safety in a variety of ways throughout the year as well as during Baby Safety Month in September. Several national press releases were issued on major baby safety topics including the recall of over five million drop side cribs, baby safety gear, toys, drawstrings, window coverings, and furniture tip-over hazards. Also, CPSC drew attention to baby safety hazards by producing and distributing video news releases through the recalling firms, reaching tens of millions of viewers. In addition, CPSC partnered with Kids In Danger and Safe Kids Worldwide, both non-profit organizations, to disseminate baby safety information through the use of the Neighborhood Safety Network (NSN) poster - *Safe Sleep for Babies*. Moreover, staff updated and disseminated specific publications to emphasize baby safety including “Childproofing Your Home,” and “Baby Safety Checklist.” The Chairman and public affairs staff conducted numerous interviews on baby safety topics through a full spectrum of media: on national television morning shows, such as The Today Show, CBS Early Show, and ABC Good Morning America; through local television networks and evening news broadcasts; with multiple radio stations; print media, including parenting magazines and newspapers; and in on-line publications.

Bicycle/Helmet Safety - In 2009, CPSC released bicycle safety and bicycle helmet safety information to the public through national press releases, press conferences, NSN posters, a podcast, and a nationally distributed radio Public Service Announcement (PSA). CPSC highlighted bicycle helmet safety during two press conferences, Holiday Toy Safety in November 2008 and CPSC Back to School Safety in September 2009. Staff distributed information on helmet and bicycle safety tips through two NSN posters. CPSC’s partner agency – National Highway Traffic Safety Administration – further facilitated distribution of the NSN posters. Staff distributed a helmet safety radio PSA nationally to 107 radio stations, reaching 90 of the top 100 markets, with audience figures reaching almost 10 million listeners.

In-Home Drowning Prevention - In 2009, staff disseminated a press release to all major media contacts warning parents of the hazards bathtubs, bath seats, buckets, and other products present to young children. Staff also produced a video news release (VNR) in English and Spanish using footage that explicitly showed the dangers associated with young children around water containers in and around the home. Staff posted the VNR on CPSC’s social media page, *On Safety*, and on You Tube.

Poison Prevention - During Poison Prevention Week, CPSC warned consumers that 9 out of 10 unintentional poisonings occur in the home. To further promote the poison prevention message, CPSC staff created a podcast with recorded safety tips, participated in the Poison Prevention Week Council’s media event at the National Press Club in Washington, DC, and issued a safety message to the Neighborhood Safety Network (NSN). Staff conducted interviews with Reuters Health and Despierta America, a Spanish-language news program on Univision, to bring attention to this matter.

Product Tip-Over - In September 2009, in partnership with Nationwide Children's Hospital of Columbus, Ohio, CPSC launched a multi-media campaign to alert parents to the dangers of televisions, heavy furniture, and freestanding ovens tipping over and crushing young children. The campaign included a powerful PSA featuring the mother of a victim, a doctor from Nationwide Children's Hospital, and a dramatic demonstration of a tipover incident. Also, CPSC staff produced a VNR, a podcast, a poster and a safety alert. Staff featured the campaign on CPSC's new social media site, allowing consumers to view the PSA on You Tube. Media coverage included an interview on Despierta America on Univision, reaching over 800,000 viewers.

Safety Publication Update - In 2009, staff updated the *Baby Safety Checklist* and *Childproofing Your Home*, both in English and Spanish. Staff also developed additional materials for water safety, drowning prevention, and furniture tipover safety during the year. Staff developed a process to review CPSC publications annually. Staff identifies publication candidates for revision; identifies the technical and communication staff with the appropriate expertise; develops a schedule; and works as a team to update the language, photos, and graphics in the publications.

Smart Holiday Shopping / Toy Safety - CPSC launched its annual holiday toy safety press release and press conference in November 2008. CPSC was accompanied by representatives from U.S. Customs and Border Protection and Safe Kids Worldwide at an event in Washington, DC. CPSC reminded parents to be diligent when making holiday shopping choices and provided toy safety tips on selecting gifts, a list of the top five toy hazards, and disseminated a Holiday Toy Safety NSN poster. Messages emphasized CPSC's Web site, www.cpsc.gov, and www.recalls.gov and encouraged consumers to sign-up to get direct e-mail notifications. Also, CPSC staff conducted local television, radio, on-line, and print media interviews to distribute toy safety information.

Resale Round-Up - In 2009, CPSC launched an outreach campaign to educate thrift and resale storeowners and employees as well as individual resellers of used products both online and at yard sales. CPSC created and distributed the *CPSC Handbook for Resale Stores and Product Resellers*, NSN posters in English and Spanish, an 8-minute instructional video for resale stores, and handbooks with recalled nursery products and toys. CPSC partnered with the Salvation Army, Goodwill, National Association of Retail & Thrift Shops, and Safe Kids Worldwide to help disseminate the literature and videos and to host in-store resale store seminars. CPSC staff and eight states conducted in-store resale safety seminars to help the stores comply with the new law; and 206 resale and consignment stores participated. The seminars will continue into 2010.

Informed the public about the Virginia Graeme Baker Pool and Spa Safety Act (PSSA) through:

Consumer outreach: In 2009, CPSC staff participated in numerous print, TV and radio interviews where more than 80 million TV viewers were reached. In addition, CPSC staff co-hosted a pool and spa safety media event with members of Congress, the family of a victim of an entrapment incident, and the American Red Cross. Several National TV interviews, including a Today Show segment featuring the Chairman, were posted on www.poolsafety.gov to help visitors understand the issues surrounding the new safety law. Wal-Mart aired CPSC's "Quickly and Quietly" PSA in hundreds of stores, in July and August of 2009, on their in store TV channel. An article in the May 2009 issue of *The Safety Review* (the Commission's newsletter) informed readers about the dangers of entrapment and the need for new drain covers and other devices at

public pools. This newsletter is posted on the CPSC's Web site and e-mailed to the Commission's listserv (300,000 recipients).

Conducted a public information and education campaign: In May 2009, staff created a new Web site, www.poolsafety.gov, which serves as the main location for information about the Pool & Spa Safety Act. The site has separate sections of information geared towards different audiences: pool owners and operators, the pool and spa industry, state and local officials, the public, and the media. Also, staff provided the media with safety messages coordinated with reports of drowning incidents, through CPSC's Rapid Response system. Rapid Response provides the media with timely educational materials about drowning prevention for use in follow-up stories when incidents are still in the public's mind. Staff updated the Neighborhood Safety Network page on drowning prevention to include new publications and new data on drowning.

Conducted drain entrapment hazards information and education efforts: In 2009, CPSC staff spoke before three groups of state and local health officials; participated in six industry Webinars, conference calls, and other electronic activities with pool and spa community stakeholders; and developed presentations for industry events and online viewing (a PowerPoint presentation detailing the VGB Act and an update of another presentation). Also, staff prepared and disseminated, to the national media, a press release on the release of two epidemiology reports on entrapment incidents and children's drowning. Staff updated posters on pool safety and created a new brochure, in English and Spanish, for groups and organizations concerned with children's safety, drowning, and entrapment prevention. Staff shared hard copies of these with stakeholders and posted the publications on the Web sites www.cpsc.gov and www.poolsafety.gov. Staff responded to e-mail and telephone messages for information from pool and spa owners, operators, technicians and service representatives, manufacturers of pool products, and many others. Also, staff created a new listserv which includes many state and local officials and other pool and spa stakeholders. Subscribers can join the listserv from the www.poolsafety.gov Web site.

2) Dissemination of Technical Information

(For more detail, visit the electronic version on the CPSC Web site at www.cpsc.gov/cpscpub/pubs/reports/2009rpt.pdf and click on the link)

The following list provides links to technical reports and information prepared by CPSC staff and disseminated by the Commission in 2009.

[Non-Fire Carbon Monoxide Deaths Associated with the Use of Consumer Products: 2006 Estimates](#), Hazard Analysis Division, Directorate for Epidemiology, September 2009 (31 pages)

[2004 Electrocutions Associated with Consumer Products, April 2009](#), Hazard Analysis Division, Directorate for Epidemiology, May 11, 2009 (22 pages)

3) Cooperation Between Commission Officials and External Stakeholders

This section provides a list of meetings with consumers, industry and the public on matters related to the mission of the CPSC of “substantial interest” for 2009.

| Date(s) | Summary Reason | Industry/Interested Representatives of | Staff Involved |
|-------------------------|---|--|---|
| 10/1/2008 | Roman Shades, review potential alternative design solutions, and develop recommendations regarding the voluntary standard | Roman Shade task group of Window Covering Manufacturers Association (WCMA) | Directorate for Engineering Sciences |
| 10/7/2008 | The drain cover requirement in the Virginia Graeme Baker Pool & Spa Safety Act | International Association of Amusement Parks & Attractions and Williams & Jensen | Office of the Executive Director and other CPSC staff |
| 10/9/2008 - 10/11/2008 | ASTM F24 Committee meetings on Amusement Rides and Devices | ASTM | Directorate for Engineering Sciences |
| 10/15/2008 - 10/17/2008 | ISO TC 92/SC 1, Fire Initiation and Growth, and related Working Group meetings | European Committee for Standardization | Directorate for Engineering Sciences |
| 10/20/2008 | Stab-lok circuit breakers and associated safety hazards | Jesse Aronstein, Ph.D. | Commissioner Thomas Moore's staff |
| 10/20/2008 | Notice of Proposed Rulemaking (NPR) on Labeling Requirements for Toy and Game Advertising | Conference call with interested stakeholders | Office of General Counsel and CPSC staff |
| 10/20/2008 | The new requirements of the Consumer Product Safety Improvement Act (CPSIA) | Mattel | Commissioner Nancy A. Nord and staff |
| 10/20/2008 - 10/22/2008 | NFPA 72 Report on Comments (ROC) SIG-HOU Meeting hosted by the National Fire Protection Association (NFPA) | NFPA | Directorate for Engineering Sciences |
| 10/20/2008 | The Consumer Product Safety Improvement Act (CPSIA) | Coalition for Safe Ceramicware | Directorate for Health Sciences and other CPSC staff |
| 10/21/2008 | The implementation of the Consumer Product Safety Improvement Act (CPSIA) of 2008 | National Association of Manufacturers, Mintz-Levin, Keller and Heckman, and Eckert Seamans | Commissioner Thomas Moore's staff |
| 10/21/2008 | A proprietary electronic certification proposal | Toy Industry Association and Enablon | Office of General Counsel and CPSC staff |
| 10/22/2008 | Topics of mutual interest | Underwriters Laboratories (UL) staff | Directorate for Engineering Sciences |

| Date(s) | Summary Reason | Industry/Interested Representatives of | Staff Involved |
|-------------------------|--|--|--|
| 10/22/2008 | ANSI-ASC A14.1 Ladder Committee meetings | American Ladder Institute | Directorate for Engineering Sciences |
| 10/27/2008 | Consumer Product Safety Improvement Act (CPSIA) | Fashion Jewelry Trade Association | Directorate for Health Sciences and other CPSC staff |
| 10/27/2008 - 10/30/2008 | ASTM F15 Subcommittee meetings on Juvenile Products | ASTM | Directorate for Engineering Sciences and other CPSC staff |
| 10/29/2008 - 10/30/2008 | ASTM F15.45, Candle Products Fire Safety Task Group meeting | ASTM | Directorate for Engineering Sciences |
| 10/29/2008 - 10/30/2008 | Lead and the Consumer Safety Improvement Act (CPSIA) of 2008 | CDC's Advisory Committee on Childhood Lead Poisoning Prevention (ACCLPP) | Directorate for Health Sciences |
| 10/31/2008 | Speech on the new requirements of the Consumer Product Safety Improvement Act (CPSIA) | National Association of Manufacturers | Commissioner Nancy A. Nord |
| 11/5/2008 | The new requirements of the Consumer Product Safety Improvement Act (CPSIA) | Goldberg Segalla and Mattel | Commissioner Nancy A. Nord and staff |
| 11/7/2008 | Certification of products under Section 102 of the Consumer Product Safety Improvement Act (CPSIA) | Art & Creative Materials Institute, Inc | Office of General Counsel staff |
| 11/13/2008 | ABA Section of Litigation Products Liability Committee, Women in Products Liability Conference on The Impact of the CPSIA on Handling a Product Recall | ABA | Office of General Counsel staff |
| 11/13/2008 | New requirements for child resistant portable gasoline containers | Portable Fuel Container Manufacturer's Association | Office of General Counsel, Office of Compliance and Field Operations, Directorate for Engineering Sciences |
| 11/13/2008 | The role of location on the effectiveness of smoke alarms | Victoria University, Melbourne, Australia | Directorate for Engineering Sciences |
| 11/14/2008 | Requirements of the Consumer Product Safety Improvement Act | Bicycle Products Suppliers Association (BPSA) | Office of Compliance and Field Operations and Directorate for Engineering Sciences |

Public Outreach

| Date(s) | Summary Reason | Industry/Interested Representatives of | Staff Involved |
|----------------------------|--|---|---|
| 11/18/2008 - 11/19/2008 | International Consumer Product Health and Safety Organization's (ICPHSO) 4th European Meeting and Training Symposium | ICPHSO | Commissioner Nancy A. Nord, Office of Compliance and Field Operations and Office of International Programs |
| 12/8/2008 | Residential portable hot tubs and other pool safety issues | Association of Pool and Spa Professionals | Office of the Executive Director and other CPSC staff |
| 12/8/2008 | The "8/24" Retro drain cover | San Antonio Gary Equipment Company, Inc | Office of General Counsel, Office of Compliance and Field Operations, Directorate for Engineering Sciences and CPSC staff |
| 12/9/2008 | Battery toy safety in voluntary standards for Portable Cells and Batteries | ANSI C18/NEMA Battery Committee Meeting | Directorate for Engineering Sciences |
| 12/10/2008 | Issues related to all-terrain vehicle and recreational off-highway vehicle communication | Recreational Off-Highway Vehicle Association | Office of Public Affairs |
| 12/12/2008 | ROHVA's standards development activity and other ROHVA initiatives | Recreational Off Highway Vehicle Association (ROHVA) | CPSC staff |
| 12/16/2008 | CPSIA Requirements | National Customs Brokers and Freight Forwarders Association | Office of Compliance and Field Operations and Office of the General Counsel staff |
| 1/13/2009 | Proprietary certification system log in | Toy Industry Association | Office of Hazard Identification and Reduction |
| 1/22/2009 | To show the CPSC technical staff a prototype fall harness that he has invented | DownEzy Safety Systems, L.L.C | Directorate for Engineering Sciences |
| 1/22/2009 | Lead content of apparel | American Apparel & Footwear Association and Retail Industry Leaders Association | Directorate for Health Sciences and other CPSC staff |
| 1/22/2009 | Lead content of books | Association of American Publishers | Directorate for Health Sciences and other CPSC staff |
| 1/27/2009 | Laser Induced Breakdown Spectroscopy (LIBS) commercial analytical instrumentation | AppliedSpectra | Directorate for Laboratory Sciences |
| 2/4/2009 | CPSIA impact on donated goods | Goodwill Industries International, Inc. | Commissioner Thomas Moore and staff |

Public Outreach

| Date(s) | Summary Reason | Industry/Interested Representatives of | Staff Involved |
|-----------------------|--|--|---|
| 2/4/2009 | Child Resistant Packaging Seminar | Great Lakes Marketing | Office of Compliance and Field Operations, Directorate for Engineering Sciences and staff |
| 2/4/2009 | Consumer Product Safety Improvement Act (CPSIA) and the impact on small business | Home School Legal Defense Association (HSLDA) | Commissioner Thomas Moore and staff |
| 2/5/2009 | Various issues regarding the CPSIA and its potential impact on members of the Gift and Home Trade Association | Gift and Home Trade Association | Office of Hazard Identification and Reduction and other CPSC staff |

INTERGOVERNMENTAL COORDINATION

The Commission works with many agencies over the course of a year. This section describes the significant coordination CPSC has had with other governmental organizations. Specifically, this section provides information on: 1) major state supported safety initiatives (Virginia Graeme Baker Pool and Spa Safety Act and All-Terrain Vehicles); 2) the Commission's efforts coordinating with state and local programs; and 3) significant communication with other governmental agencies and offices, including any notification under section 218 of the CPSIA.⁷ In 2009, no state or local official has filed a written notice to the Commission under section 218 of the CPSIA.

1) Major State Supported Safety Initiatives

Virginia Graeme Baker Pool and Spa Safety Act: In 2009, the CPSC, through the Centers for Disease Control and Prevention (CDC) / National Center for Injury Control and Prevention (NCIPC), entered into an Interagency Agreement to implement sections 1405 and 1406 of the Virginia Graeme Baker Pool and Spa Safety Act (VGB Act). The VGB Act establishes a grant program for which states that have a statute requiring pools and spas to meet specific anti-entrapment and barrier requirements are eligible to apply.

All-Terrain Vehicles (ATVs): As noted on CPSC's Web site, www.atvsafety.gov, 44 states have passed ATV safety laws, with each statute tailored to meet the needs of its particular region and constituency. These laws include requirements for various safety practices of ATV riding, such as helmet use, training, licensing, and/or age restrictions.

2) State and Local Programs

Section 29(a) of the Consumer Product Safety Act requires that the Commission establish a program to promote federal-state cooperation for the purpose of carrying out the Act. The goal of the program is to reduce consumer product related deaths and injuries by leveraging CPSC resources through cost-effective cooperation with state and local governments. In 2009, activities included the following:

- Assigning compliance and enforcement activities to the states. The table on the next page provides the number of CPSC assignments to state officials made during the year,
- Supporting states through technical assistance and participation in conferences,
- Monitoring industry's compliance to CPSC mandatory laws,
- Engaging in outreach and dissemination of information through multiple venues such as journal, print and electronic media; presentations and sharing product safety research,
- Hosting the annual training meeting for state designees,
- Working to meet or exceed annual performance goals. In 2009, state partners conducted product safety activities, including recall checks and inspections, and completed 96 percent within 90 days or less of assignment.

⁷ [Section 218 of the CPSIA amends the CPSA, Prohibited Acts, allowing] the attorney general of a state, or other authorized state officer, alleging a [specified] violation ... of the Act, ... on behalf of the residents of the state, ... to obtain appropriate injunctive relief. [The Act requires] a state [to] provide written notice to the Commission [prior] to initiate[ing] civil action by filing a complaint, ... at least 30 days before [unless] ... immediate action is necessary. The Commission may intervene in such civil action.

**Distribution of CPSC Assignments to State Officials
Completed in 2009**

| <u>Type of Assignments</u> | <u># of Assignments</u> |
|----------------------------|-------------------------|
| State Inspections | 223 |
| State Recall Checks | 727 |
| Total | 950 |

3) Significant Communication with Other Governmental Agencies and Offices

The Commission receives many requests for information and requests for coordination and notification of action relating to its jurisdiction. This correspondence is tracked through the Office of the Secretary. The list below presents the most substantial communications, including any/all notifications under section 218 (none for 2009) of CPSIA.

**Significant Communication Including Notification of Action
Required Under Section 218 (none for 2009)**

| <u>Organization</u> | <u>City</u> | <u>State</u> | <u>Significant Communication</u> |
|--|----------------|--------------|---|
| Mayor | St. Peters | MO | Requests that the President Issue an Executive Order Suspending for One Year the Requirements of the Virginia Graeme-Baker Pool and Spa Safety Act |
